## What does your participation in the Cooperative Purchasing Program through NDESC mean?

Your participation in the Cooperative Purchasing Program has helped members across the state save about \$1 million from over \$19 million in sales on high quality products and services in the past year from our contracted vendors!

How did you help? The discounts you receive from vendors are a direct result of member participation - your participation. Each purchase that you make from our contracted vendors adds to the volume that is used to determine these discounts. This is truly a MEMBER DRIVEN program.

If you have any questions about Cooperative Purchasing or would like any information on how we can help you streamline your purchasing process, contact Kelsey Felstul at 866-337-2005 or [kfelstul@lcsc.org](mailto:kfelstul@lcsc.org).

**You will receive your next eConnect in August.**

**Have a great summer! If you have any questions during the summer, don't hesitate to give us a call at 866-337-2005.**
