OnToCollege
with John Baylor

Check out what some of our 400+ school partners have to say about OTC

“OnToCollege is life changing for our students. You’ve got to do this. You have to find a way, financially and with human resource power, to get this implemented.”

Todd Holthaus, Superintendent, Hills-Beaver Creek High School, MN

“Prior to OnToCollege, we were the 300th ranked in school in MN in ACT scores. This year we were the 67th ranked school. Those numbers don’t lie!”

Patrick Moriarty, Principal, Springfield High School, MN

“Implementing OnToCollege with our entire junior class was one of the best decisions we made in order to prepare our students for the statewide adoption of the ACT. We slightly adjusted our school day in order to allow time for daily prep lessons. The data speaks for itself. Our students improved upon their predicted ACT score by an average of 2.5 points. We could not be happier with this program and will continue to use it every year to put our students in the best possible position for success.”

David Moody, Principal, Westfield High School, WI

“In 2017, after two years with OnToCollege, we broke our school record for ACT scores. Five years ago, we were below the state average, and last year our scores tied for 4th in the state of Wyoming and we were #1 in Math and #2 in English!”

Jeff Makelky, Principal, Big Piney High School, WY

“I have been in education for 31 years now and this is the best program I’ve ever seen for increasing a student’s ACT score. I know because the research on my students shows the increase. One rarely hears students bragging and promoting an academic program but they do OnToCollege with John Baylor. Our district is consistently rated in the bottom ten for being financially ‘well-off’ yet we spend the money on this program because it is that beneficial to the students.”

Roger Ried, Principal at Southside High School, AR
