4474	Enterprise Storage	StarTech.com 2 Port PCI Express FireWire Card - PCIe 1394a FireWire Adapter	The PCI Express Firewire card lets you add 2 FireWire 400 ports to your desktop PC allowing you to connect IEEE 1394A FireWire devices such as digital cameras external hard drives DV camcorders printers. This PCI Express firewire adapter reduces performance bottlenecks by offering support for data transfer rates up to 400Mbps to each port. For broad compatibility the PCIe firewire adapter supports Windows and macOS 10.10-10.13 and includes full profile and half height installation brackets	PEX1394AZV2					4474

S116	NetComm Products	Cisco - SFP (mini-GBIC) transceiver module - GigE	SFP (mini-GBIC) transceiver module - GigE - 1000Base-EX LC/PC single-mode - up to 24.9 miles - 1310 nm - for Catalyst ES9300 Embedded Series	GLC-EX-SMD					S116						
S117	NetComm Products	Cisco Rugged SFP - SFP (mini-GBIC) transceiver module - GigE	Rugged SFP - SFP (mini-GBIC) transceiver module - GigE - 1000Base-LX, 1000Base-LH - LC single-mode - 1310 nm - for Cisco 3270, 3270 Rugged Integrated Services Router Card, Catalyst ES9300 Embedded Series	GLC-LX-SM-RGD					S117						
S118	NetComm Products	Cisco GLC-SX-MM-D SFP (mini-GBIC) Transceiver Module	SFP (mini-GBIC) transceiver module - GigE - 1000Base-SX LC/PC multi-mode - up to 0.8 miles - 850 nm - 100% compatibility with Cisco GLC-T - guaranteed - StarTech.com offers Lifetime Warranty on all SFP modules - Maximum transfer distance of 100 m (328 ft) - SFP (mini-GBIC) meets or exceeds OEM specifications - SFP transceiver module complies with MSA industry standards - 1000BASE-T copper transceiver has low power consumption: Less than 1.3 W - Hot-swappable with other copper modules - Copper connector - DOM: No - MTBF: 4655371 hours - Max. Data Transfer Rate: 1000 Mbps - 10 Pack	GLC-SX-MMD					S118						
S119	NetComm Products	StarTech.com Cisco GLC-T Comp. SFP Module - 10 Pack - 1000Base T SFP	StarTech.com Cisco GLC-T Comp. SFP Module - 10 Pack - 1000Base T SFP	GLCT10PKST					S119						
S120	NetComm Products	Cisco - SFP (mini-GBIC) transceiver module - GigE	The Cisco SFP mini GBIC transceiver module has an extended temperature range, so it's suitable for specific industrial applications - Its hot-swappable design enables simple installation - 1000Base-T copper construction works with traditional RJ-45 Ethernet ports on network equipment - This device supports CAT5 copper cables for distances up to 100 meters - Cisco offers a standard 5-year	GLC-TE					S120						
S121	NetComm Products	Cisco - SFP (mini-GBIC) transceiver module - GigE	SFP (mini-GBIC) transceiver module - GigE - 1000Base-T RJ-45 - for Catalyst ES9300, Integrated Services Router 11XX, Nexus 7700 F3-Series, 93XX, 93XX	GLC-TE					S121						
S122	NetComm Products	Legrand Cisco GLC-T Compatible 1000Base-T Copper SFP (mini-GBIC) Transceiver	SFP (mini-GBIC) transceiver module (equivalent to: Cisco GLC-T) - GigE - 1000Base-T - RJ-45 - up to 328 ft	GLC-T-LEG					S122						
S123	NetComm Products	Cisco - SFP (mini-GBIC) transceiver module - GigE	SFP (mini-GBIC) transceiver module - GigE - 1000Base-T - RJ-45 - refurbished - for Catalyst 2970G, 3560, 3560E, 3560X	GLC-T-RF					S123						
S124	NetComm Products	Cisco SFP (Mini-GBIC) Transceiver Module - GigE	The Cisco SFP mini GBIC transceiver module GigE enhances data transfer in your network - Its small form-factor pluggable (SFP) design adapts to both copper networking and fiber optic standards - Its 10Gbps transmission rate boosts workflow and network throughput - The product has diagnostic tools that monitor real-time parameters - This item comes with a standard Cisco 5-year warranty	GLC-T-RGD					S124						
S125	NetComm Products	Fortinet GPI-130 - PoE injector - 30 Watt	GPI-130 - PoE injector - AC 100-240 V - 30 Watt - output connectors: 1	GPI-130					S125						
S126	NetComm Products	PANORAMA MINI GPS MAGNETIC ANTENNA	GPS Antenna - Color: Black - Mounting: Magnetic Mount LNA Gain: 26 dB - Frequency Range: 1575 MHz - Cable Length: 6m RGL74 - Connector: SMA Plug (Male)	GPSME-GSP					S126						
S127	NetComm Products	NETGEAR SPT GIG SWITCH	5-port 10/100/1000BASE-T Gigabit Ethernet unmanaged switch	GS105NA					S127						
S128	NetComm Products	NETGEAR 5-Port Gigabit Smart Managed Plus Switch, PD Powered	Switch - managed - 2 x 10/100/1000 (PoE+) + 3 x 10/100/1000 - desktop - PoE+ (19 W)	GS105PE-10000S					S128						
S129	NetComm Products	NETGEAR PROSAFE BP GB DESKTOP SWITCH	Switch - unmanaged - 8 x 10/100/1000 - desktop, wall-mountable	GS108-400NAS					S129

S130	NetComm Products	NETGEAR BPT GBE PoE+ UNMGD SWITCH	PLUG AND PLAY-Simple set up with no software or configuration needed, POWER-OVER-ETHERNET-8 Gigabit PoE+ ports with 60w PoE power budget, FLEXIBLE MOUNTING-Rack/Desktop or Wall-Mount to be used in any environment, FUTURE-PROOF POWER-Upgradeable PoE budget with interchangeable power supplies, SMALL AND SILENT-Small and sturdy metal case and fanless quiet operation, ProSAFE Lifetime Protection-Lifetime Limited Hardware warranty,Next Business Day Replacement and 24/7 chat with a NETGEAR expert	GS10BLP-100NAS					S130						
S131	NetComm Products	NETGEAR 8-Port Gigabit Smart Managed Plus Switch, 53w 44PoE (GS10BPEv3)	Switch - managed - 4 x 10/100/1000 (PoE) + 4 x 10/100/1000 - desktop, wall-mountable - PoE (53 W)	GS10BPE-300NAS					S131						
S132	NetComm Products	NETGEAR 8-Port Gigabit Ethernet Unmanaged Switch, 120W PoE/PoE+	PLUG AND PLAY-Simple set up with no software or configuration needed, POWER-OVER-ETHERNET-8 Gigabit PoE+ ports (802.3af and 802.3at)/30w per port/120w total PoE power budget, FLEXIBLE MOUNTING-Rack,Desktop or Wall-Mount to be used in any environment, FLEXIBLE POWER-Interchangeable External Power Supply (60W, 90W, 120W) that allows to increase or decrease your PoE Budget, SMALL AND SILENT-Small,sturdy metal case/fanless quiet operation	GS10BPP-100NAS					S132						
S133	NetComm Products	NETGEAR 8-Port Gigabit Ethernet Smart Managed Pro Switch	8-Port Gigabit Ethernet Smart Managed Pro Switch with 1 PO port to be able to receive power from PoE switch - Centralized network configuration (policies) across Insight Managed Switches,Access Points,and ReadyNAS storage for VLAN,ACL,QoS,LAG,etc. - Fanless switch for perfectly silent desktop operation or wall mounting - Advanced features include Layer 3 static routing with 15 routes - Easy-to-use Web Browser-based management GUI - Limited LIFETIME Warranty	GS10BT-300NAS					S133						
S134	NetComm Products	Cisco Meraki Go 24-port PoE Network Switch	Network Switch - No. of Ports: 24 - Switching Capacity: 56 Gbps - Interface: 24x 10/100/1000BASE-T Ethernet RJ45,2x 1G SFP Uplink,RJ45 Management Port - Power: 60W - Switching Capacity: 56 Gbps - Interface: 8x 10/100/1000BASE-T Ethernet RJ45,2x 1G SFP Uplink - Power: 67W - Kensington Lock	GS110-24P-HW-US					S134						
S135	NetComm Products	Cisco Meraki Go 8-port Network Switch	Network Switch - No. of Ports: 8 - Switching Capacity: 20 Gbps - Interface: 8x 10/100/1000BASE-T Ethernet RJ45,2x 1G SFP Uplink - Power: 67W - Kensington Lock	GS110-8-HW-US					S135						
S136	NetComm Products	Cisco Meraki Go 8-port PoE Network Switch	Network Switch - No. of Ports: 8 - Switching Capacity: 20 Gbps - Interface: 8x 10/100/1000BASE-T Ethernet RJ45,2x 1G SFP Uplink - Power: 67W	GS110-8P-HW-US					S136						
S137	NetComm Products	NETGEAR BPT GIGABIT PoE+ ENET MGD	8-Port Gigabit PoE+ Ethernet Smart Managed Pro Switch with 2 SFP fiber ports for aggregation to the network core - Centralized network configuration (policies) across Insight Managed Switches,Access Points,and ReadyNAS storage for VLAN,ACL,QoS,LAG,etc. - Fanless switch for perfectly silent desktop operation or wall mounting - Advanced features include Layer 3 static routing with 15 routes - Easy-to-use Web Browser-based management GUI - Limited LIFETIME Warranty	GS110TP-300NAS					S137						
S138	NetComm Products	NETGEAR 8-Port Gig PoE+ Ethernet Smart Pro Switch, 2 Copper port	120W PoE budget available across 8 Gigabit PoE+ ports (802.3at 30W/port) - 2 dedicated Gigabit Ethernet Copper uplinks - Layer 3 static routing with 32 routes - Remote/Cloud management activation through the Web GUI - Fanless switch for perfectly silent desktop operation or wall mounting - NETGEAR PoE+Net with an additional NETGEAR external power adapter (purchased required) - Advanced per port PoE controls for remote power management of PoE connected devices - Limited LIFETIME Warranty	GS110TPP-100NAS					S138						
S139	NetComm Products	NETGEAR 16-Port PoE/PoE+ Gigabit Ethernet Unmanaged Switch	PLUG AND PLAY-Simple set up with no software or configuration needed - POWER-OVER-ETHERNET-6 Gigabit PoE+ ports with 76w PoE power budget - FLEXIBLE MOUNTING-Rack - Desktop or Wall-Mount to be used in any environment - FLEXIBLE POWER-Flexible PoE budget with interchangeable power supplies - SMALL AND SILENT-Small - sturdy metal case and fanless quiet operation - ProSAFE Lifetime Protection Lifetime-Limited Hardware warranty - Next Business Day Replacement - and 24/7 chat with a NETGEAR expert	GS116LP-100NAS					S139						
S140	NetComm Products	NETGEAR 16-Port Gigabit Ethernet Unmanaged Switch, Desktop	16-port 10/100/1000BASE-T Gigabit Ethernet unmanaged switch	GS116NA					S140						
S141	NetComm Products	NETGEAR 8-Port Gigabit Ethernet Unmanaged Switch, Plug-and-Play	Switch - unmanaged - 8 x 10/100/1000 - desktop	GS208-100PAS					S141						
S142	NetComm Products	NETGEAR SPT GIGABIT UNMGD SWITCH	4 x 10/100/1000 Mbps gigabit ethernet ports,up to 4x faster than Fast Ethernet for maximum performance - Plug-and-play automatic connectivity to your router,modem or wifi mesh of 4 additional wired connections - Fanless design for quiet operation - Adapts to your needs and configuration in any environment - Maximum throughput at wire speed with 100Gbps non-blocking switching architecture - LED to indicate activity on each port and energy-efficient technology for power	GS305-300PAS					S142						
S143	NetComm Products	NETGEAR 5-port Gigabit Ethernet Smart Managed Plus Switch	5-port Smart Managed Plus Switch (802.3at) for maximum power savings - Automatic connectivity to your router or modem for 4 additional wired connections - Easy Plug-and-play installation and management - Sturdy metal and fanless design for reliability and installation in any environment - Segments voice,data,and video traffic using VLANs and prioritize video and voice with the QoS settings - Ability to build a more reliable network with Loop Prevention	GS305E-100NAS					S143						
S144	NetComm Products	NETGEAR SPT POE GB ENET UNMGD SWITCH	Cost-effective 5-port PoE Gigabit switch, 4-port PoE with 55.5W PoE Budget, Ideal for small installations of 4 PoE devices, Plug-and-play,Simple set up, Quiet operation,energy efficient and sturdy metal case	GS305P-100NAS					S144						
S145	NetComm Products	NETGEAR 5-Port Gigabit Ethernet PoE+ Unmanaged Switch, 83W	5-port PoE+ Gigabit switch (83W total budget) - 4 PoE+ ports with up to 30W per port - Auto-switching Gigabit Ethernet connectivity - Plug-and-play technology - Fanless design for noiseless operation	GS305PP-100NAS					S145						
S146	NetComm Products	NETGEAR BPT GBE SMART UNMGD SWITCH	8-port gigabit ethernet unmanaged switch and vlogs and Play for automatic connectivity - 7 10/100/1000 Mbps Gigabit Ethernet ports and Pre-configured QoS 802.1p - Manageable desktop or wall-mount design for easy installation - Adaptable to your needs and configuration in any environment - Get all the connectivity you need to your devices without congestion with 10Gbps non-blocking switching architecture - LED to indicate activity on each port and energy-efficient technology for power	GS308-300PAS					S146						
S147	NetComm Products	NETGEAR 8-Port Gigabit Ethernet Smart Managed Plus Switch	-The Netgear 8-port gigabit Ethernet smart-managed plus switch has eight ports that deliver 2000 Mbps for enhanced efficiency - The user-friendly software with GUI interface provides easy web management for traffic separation (VLAN) and traffic priority (QoS) - The energy-efficient switch saves power - The fanless design ensures quiet operation in noise-sensitive work environments - It includes a Netgear 3-year limited warranty	GS308E-100NAS					S147

S148	NetComm Products	NETGEAR 8PT GBE SWITCH 4PT POE	Switch - unmanaged - 4 x 10/100/1000 (PoE) + 4 x 10/100/1000 - desktop, wall-mountable - PoE (S3 WJ) - DC power	GS308P-100NAS					S148						
S149	NetComm Products	NETGEAR 8-Port Gigabit Ethernet Unmanaged PoE+ Switch 83W	4 PoE+ ports with 83W total power budget - FlexPoE expands power budget to 123W (power supply sold separately) - PoE power auto-balance and allocation - Plug-and-play technology - Fanless design for noiseless operation	GS308PP-100NAS					S149						
S150	NetComm Products	NETGEAR S350 8-port Gigabit PoE+ Smart Managed Pro Switch, 2 SFP	8-port PoE+ Gigabit Ethernet switch - 55W PoE Budget - 2x SFP - Layer 2 Networking - ACL and DHCP snooping to protect business network - Web-browser based management interface - Fan-less switch for perfectly silent operation	GS310TP-100NAS					S150						
S151	NetComm Products	NETGEAR 16-Port Gigabit Ethernet Unmanaged Switch, Desktop	16 auto-sensing Gigabit Ethernet ports - Unmanaged switch (plug-and-play) auto connect to router and modem using any port - LEDs for Power/Port Speed/Link and Activity - Auto MDI/MDI-X (Autosense) - Durable and rugged metal case with fanless design for silent operation - Ideal for small office and home networks - Wall-mountable (kit included)	GS316-100NAS					S151						
S152	NetComm Products	NETGEAR 16-Port Gigabit Ethernet Unmanaged PoE+ Switch 183W	16 PoE+ ports with 183W total power budget - FlexPoE technology allows for changing PoE budget at any time - PoE power auto-balance and allocation - Plug-and-play technology - Fanless design for noiseless operation	GS316PP-100NAS					S152						
S153	NetComm Products	NETGEAR 24-port Gigabit Ethernet Unmanaged PoE+ Switch with 190W PoE Budget	16 PoE+ ports with 190W total power budget to power wireless AP/IP Camera/TP Phones and much more - PLUG-AND-PLAY: Simple set up with no software to install or configuration needed - VERSATILE MOUNTING OPTIONS: Supports desktop or rackmount placement and includes all the necessary mounting hardware in the box - PoE POWER AUTO-BALANCE AND ALLOCATION: NETGEAR's unique PoE technology automatically balances the PoE power at the 24 ports	GS324P-100NAS					S153						
S154	NetComm Products	NETGEAR S350 24p Gigabit PoE+ Smart Managed Pro Switch with 2 SFP	24 PoE+ ports with 190W total power budget - 2x SFP - Layer 2 Networking - ACL, DHCP, VLAN, ACL, QoS, IGMP Snooping, rate limiting, LACP Link aggregation, STP and SNMP - Setup, configure and monitor with easy-to-use web-browser based interface - 5-year Hardware warranty, Next Business Day Replacement and 90 days 24/7 phone and chat support with a NETGEAR expert - Setup and configure from easy-to-use web-browser based interface - POWER-OVER-ETHERNET - 24 Gigabit PoE+ ports (802.3af and 802.3at) providing up to 30w per port with 190w total PoE power budget - FEATURE-RICH AND SECURE - Advanced Smart features include Layer 3 static routing with 32 routes (IPv4 and IPv6) for interVLAN routing, Private VLANs and MVR - COMPREHENSIVE LAYER2 NETWORKING - VLAN, QoS, IGMP Snooping, Rate limiting, LACP Link aggregation, STP, SNMP and ACL - PROSAFE LIFETIME WARRANTY	GS324TP-100NAS					S154						
S155	NetComm Products	NETGEAR 48-Port Gigabit Unmanaged Switch, Fanless, Plug-and-Play	48 PoE+ ports with 384W total power budget - Auto MDI/MDIX feature eliminates the need for crossover cables - Unmanaged plug-and-play switch with LED indicators provides ease of use - It's either desk- or rack-mountable for versatile use - This switch is covered by a Netgear limited 1-year warranty	GS348-100NAS					S155						
S156	NetComm Products	NETGEAR 8-Port Gigabit Smart Managed Pro Switch, PoE+/75w, SFP	8 Gigabit PoE+ ports (802.3af), 75W PoE budget available across all ports, 2 Gigabit SFP fiber ports Easy-Mount options for multiple mounting options, Fanless design for desktop operation or rack mounting, L3 Static routing w/ 32 routes, Web browser based management GUI	GS510TP-100NAS					S156						
S157	NetComm Products	NETGEAR 24-Port Gigabit Smart Managed Pro Switch, 24xPoE+, 380W	24 Gigabit PoE+ ports with 380W total power budget - 2 x 1G SFP ports - Management software with easy-to-use GUI interface offers secure setup/access and SNMP (MMS 300) management - Includes NETGEAR Insight to remotely manage your setup and configure from easy-to-use web-browser based interface - POWER-OVER-ETHERNET - 24 Gigabit PoE+ ports (802.3af and 802.3at) providing up to 30w per port with 190w total PoE power budget - FEATURE-RICH AND SECURE - Advanced Smart features include Layer 3 static routing with 32 routes (IPv4 and IPv6) for interVLAN routing, Private VLANs and MVR - COMPREHENSIVE LAYER2 NETWORKING - VLAN, QoS, IGMP Snooping, Rate limiting, LACP Link aggregation, STP, SNMP and ACL - PROSAFE LIFETIME WARRANTY	GS724TP-100NAS					S157						
S158	NetComm Products	NETGEAR 24 Port GBE PoE+ Smart Mngd Pro Switch, 4 SFP, 190W (GS728TPv2)	24 PoE+ ports with 190W total power budget - 4 SFP - Layer 2 Networking - ACL, DHCP, VLAN, ACL, QoS, IGMP Snooping, rate limiting, LACP Link aggregation, STP and SNMP - Setup, configure and monitor with easy-to-use web-browser based interface - POWER-OVER-ETHERNET - 24 Gigabit PoE+ ports (802.3af and 802.3at) providing up to 30w per port with 190w total PoE power budget - FEATURE-RICH AND SECURE - Advanced Smart features include Layer 3 static routing with 32 routes (IPv4 and IPv6) for interVLAN routing, Private VLANs and MVR - COMPREHENSIVE LAYER2 NETWORKING - VLAN, QoS, IGMP Snooping, Rate limiting, LACP Link aggregation, STP, SNMP and ACL - PROSAFE LIFETIME WARRANTY	GS728TP-200NAS					S158						
S159	NetComm Products	NETGEAR 24 Port GBE PoE+ Smart Mngd Pro Switch, 4 SFP, 380W (GS728TPv2)	24 PoE+ ports with 380W total power budget - 4 SFP - Layer 2 Networking - ACL, DHCP, VLAN, ACL, QoS, IGMP Snooping, rate limiting, LACP Link aggregation, STP and SNMP - Setup, configure and monitor with easy-to-use web-browser based interface - POWER-OVER-ETHERNET - 24 Gigabit PoE+ ports (802.3af and 802.3at) providing up to 30w per port with 380w total PoE power budget - FEATURE-RICH AND SECURE - Advanced Smart features include Layer 3 static routing with 32 routes (IPv4 and IPv6) for interVLAN routing, Private VLANs and MVR - COMPREHENSIVE LAYER2 NETWORKING - VLAN, QoS, IGMP Snooping, Rate limiting, LACP Link aggregation, STP, SNMP and ACL - PROSAFE LIFETIME WARRANTY	GS728TP-200NAS					S159						
S160	NetComm Products	NETGEAR 48 Port GBE PoE+ Smart Managed Pro Switch, 4 SFP, 380W (GS752TPv2)	48 PoE+ ports with 380W total power budget - 4 SFP - Layer 2 Networking - ACL, DHCP, VLAN, ACL, QoS, IGMP Snooping, rate limiting, LACP Link aggregation, STP and SNMP - Setup, configure and monitor with easy-to-use web-browser based interface - POWER-OVER-ETHERNET - 48 Gigabit PoE+ ports (802.3af and 802.3at) providing up to 30w per port with 380w total PoE power budget - FEATURE-RICH AND SECURE - Advanced Smart features include Layer 3 static routing with 32 routes (IPv4 and IPv6) for interVLAN routing, Private VLANs and MVR - COMPREHENSIVE LAYER2 NETWORKING - VLAN, QoS, IGMP Snooping, Rate limiting, LACP Link aggregation, STP, SNMP and ACL - PROSAFE LIFETIME WARRANTY	GS752TP-200NAS					S160						
S161	NetComm Products	NETGEAR M4300-52G-POE+ MGD SWITCH	Switch - L3 - managed - 2 x 10/100/1000/10000 + 2 x 10 Gigabit SFP + 48 x 10/100/1000 (PoE+) - rack-mountable - PoE+ (860W)	GSM4352PB-100NES					S161

5194	NetComm Products	ARUBA 1G SFP LC SX 500M MMF XCVR	SFP (mini-GBIC) transceiver module - GigE - 1000Base-SX LC multi-mode - up to 1640 ft. - for HPE 250X; HPE Aruba 2930M 24, 2930M 40, 8320, MACsec Advanced Module	J485BD					5194						
5195	NetComm Products	AXIOM 1000BASE-SX SFP	SFP (mini-GBIC) transceiver module (equivalent to: Aruba J485BD) - GigE - 1000Base-SX - LC multi-mode - up to 1800 ft. - 850 nm - for HPE 250X; HPE Aruba 2930M 24, 2930M 40, 8320, MACsec Advanced Module	J485BD-AX					5195						
5196	NetComm Products	CGI J4859C TRANSCEIVER	HP J4859C Compatible 1000Base-LX SMF SFP mini-GBIC Transceiver TAA - SFP (mini-GBIC) transceiver module (equivalent to: HP J4859C) - GigE - 1000Base-LX - LC single-mode - up to 6.2 miles - 1310 nm - TAA Compliant - for HPE 1700, 2610, 93XX, Switch XL 10/100/1000; HPE Aruba 2530, 2930F 24, 2930F 48, 5406	J4859C-LEG					5196						
5197	NetComm Products	ARUBA 1G SFP LC LX 10KM SMF XCVR	This mini-GBIC transceiver module helps system administrators configure Ethernet networks - It has a compact form factor, suitable for smaller server rooms - This network adapter is hot-pluggable, so it's easy to replace or remove while maintaining network availability. It allows companies to set up reliable and high-speed Ethernet networks - The device offers a 1000Base-LX throughput over a 6.2-mile cable run	J4859D					5197						
5198	NetComm Products	Axiom Aruba J4859D Compatible - SFP (mini-GBIC) transceiver module - GigE	SFP (mini-GBIC) transceiver module (equivalent to: Aruba J4859D) - GigE - 1000Base-LX - LC single-mode - up to 6.2 miles - 1310 nm - for HPE 250X; HPE Aruba 2930M 24, 2930M 40, 8320, MACsec Advanced Module	J4859D-AX					5198						
5199	NetComm Products	HPE Aruba Cn5e - SFP (mini-GBIC) transceiver module - GigE	SFP (mini-GBIC) transceiver module - GigE - 1000Base-T - RJ-45 - up to 328 ft. - for OfficeConnect 1920S 24G; HPE Aruba 2930F 24G, 2930F 48G, 2930M 24, 8320	J8177D					5199						
5200	NetComm Products	Axiom HP J9150A Compatible - SFP+ transceiver module - 10 GigE	HP J9150A Compatible - SFP+ transceiver module (equivalent to: HP J9150A) - 10 GigE - 10GBase-SR	J9150A-AX					5200						
5201	NetComm Products	StarTech.com HP J9150A Compatible SFP+ Module	100% compatibility with HP J9150A guaranteed - StarTech.com Lifetime Warranty on all SFP modules - Maximum transfer distance of 300 m (984 ft.) - SFP+ (Mini-GBIC) meets or exceeds OEM specifications - SFP+ transceiver module complies with MSA industry standards - 10GBase-SR Fiber transceiver has low power consumption: < 1.3W - Hot-swappable with other fiber optic modules - Multi Mode connector with Digital Diagnostic Monitoring (DDM) - MTBF: 498,745,585 hours	J9150A-ST					5201						
5202	NetComm Products	ARUBA 10G SFP+ LC SR 300M MMF XCVR	The HPE Aruba SFP transceiver comes in a compact build to allow high installation density - Its hot-plug and hot-swap capabilities reduce downtime - This module comes with a 10 GbE data link protocol for increased throughput - It's compatible with a broad range of devices for increased versatility - HPE provides a limited lifetime warranty on this transceiver module	J9150D					5202						
5203	NetComm Products	StarTech.com HP J9150D Compatible SFP+ Module	100% compatibility with HP J9150D guaranteed - StarTech.com Lifetime Warranty on all SFP modules - Maximum transfer distance of 300 m (984 ft.) - SFP+ (Mini-GBIC) meets or exceeds OEM specifications - SFP+ transceiver module complies with MSA industry standards - 10GBase-SR Fiber transceiver has low power consumption: < 1.3W - Hot-swappable with other fiber optic modules - Multi Mode connector with Digital Diagnostic Monitoring (DDM) - MTBF: 498,745,585 hours	J9150D-ST					5203

5207	NetComm Products	Axiom J9151E-AX - SFP+ transceiver module - 10 GbE	100% compatibility with HP J9151E guaranteed - StarTech.com Lifetime Warranty on all SFP+ modules - Maximum transfer distance of 10 km (6.2 mi) - SFP+ (Mini GBIC) meets or exceeds OEM specifications - SFP+ transceiver module complies with MSA industry standards - 10GBase-LR Fiber transceiver has low power consumption: < 1.3W - Hot-swappable with other fiber optic modules - Single Mode connector with Digital Diagnostic Monitoring (DDM) - MTBF: 1386624697 hours	J9151E-AX					5207						
5208	NetComm Products	STARTECH 10GBASE SFP+ TRANSCEIVER MOD	SFP+ transceiver module - 10 GbE - 10GBase-LRM - SFP+ / LC multi-mode - up to 722 ft - for HPE Aruba 2530, 2920, 2930M 24, 3800, 3810M 24, 3810M 40, 3810M 48, MAMCec Advanced Module	J9151E-ST					5208						
5209	NetComm Products	ARUBA 10G SFP+ LC LRM 220M MMF XCVR	SFP+ transceiver module - 10 GbE - 10GBase-ER - SFP+ / LC single-mode - up to 24.9 miles - for HPE Aruba 2530, 2540 48, 2930M 24, 2930M 40, 2930M 48, 3800, 8300, MAMCec Advanced Module	J9152D					5209						
5210	NetComm Products	HPE Aruba - SFP+ transceiver module - 10 GbE	Stacking cable - 1.6 ft - for HPE Aruba 2920-24G, 2920-24G-PoE+, 2920-48G, 2920-48G-PoE+, 2930M 24	J9153D					5210						
5211	NetComm Products	HPE stacking cable - 1.6 ft	Stacking cable - 3.3 ft - for HPE Aruba 2920-24G, 2920-24G-PoE+, 2920-48G, 2920-48G-PoE+, 2930M 24	J9734A					5211						
5212	NetComm Products	HPE stacking cable - 3.3 ft	Stacking cable - 10 ft - for HPE Aruba 2920-24G, 2920-24G-PoE+, 2920-48G, 2920-48G-PoE+, 2930M 24	J9735A					5212						
5213	NetComm Products	HPE stacking cable - 10 ft	The HPE Aruba 2530 48G PoE+ switch includes layer 2 proficiencies to enhance traffic prioritization and secure access - It has 48 ports with a throughput of 77.3Mbps to support quick file transfer - The optional PoE+ accommodates for VoIP phones, security cameras and WLAN access points - Its ZTP function provides quick device deployment in offices with limited technical resources - Supports cloud-based management tools that provide consistent user experience	J9736A					5213						
5214	NetComm Products	HPE Aruba 2530-48G-PoE+ - Switch - 48 Ports - Managed - Rack-Mountable	Quick connect and zero configuration with the HPE Aruba 2530 24G PoE+ switch, which has a throughput of 41.6 Mbps - It offers a switching capacity of 56 Gbps - It includes DOS and DHCP protection - It features a 24-port design with a USB port for management - This model includes Aruba's limited lifetime warranty on advanced	J9772AAABA					5214						
5215	NetComm Products	ARUBA 2530 24G POE+	HPE Aruba 2530-24G-PoE+ - Switch - managed - 24 x 10/100/1000 PoE+ + 4 x Gigabit SFP - desktop, rack-mountable, wall-mountable - PoE+ (195 W)	J9773AAABA					5215						
5216	NetComm Products	HPE Aruba 2530-24G-PoE+ - switch - 24 ports - managed - rack-mountable	-This HPE Aruba 2530 8G PoE+ switch has eight gigabit ports for your network devices and two combo Ethernet SFP ports - An ARM9 processor, 128MB of flash memory and 256MB of RAM provide fast performance - The device supports PoE+ with a budget of up to 67 watts - It provides a 20 Gbps switching capacity and a throughput of up to 14.8 Mbps for fast connectivity - It's rack-mountable and wall-mountable for an organized office - It comes with an HPE limited lifetime warranty	J9773AAAC3					5216						
5217	NetComm Products	ARUBA 2530 8G POE+	Switch - managed - 48 x 10/100/1000 + 4 x Gigabit SFP - desktop, rack-mountable, wall-mountable	J9774AAABA					5217						
5218	NetComm Products	HPE Aruba 2530-48G - switch - 48 ports - managed - rack-mountable	HPE Aruba 2530-8G - Switch - managed - 8 x 10/100/1000 + 2 x combo Gigabit SFP - desktop, rack-mountable, wall-mountable	J9775AAABA					5218						
5219	NetComm Products	ARUBA 2530 8G	HPE Aruba 2530-48-PoE+ - Switch - managed - 48 x 10/100 + 2 x Gigabit SFP + 2 x 10/100/1000 - desktop, rack-mountable, wall-mountable - PoE+	J9777AAABA					5219						
5220	NetComm Products	HPE Aruba 2530-48-PoE+ - switch - 48 ports - managed - rack-mountable	HPE Aruba 2530-24-PoE+ - Switch - managed - 24 x 10/100 (PoE+) + 2 x Gigabit SFP + 2 x 10/100/1000 - desktop, rack-mountable, wall-mountable - PoE+ (195 W)	J9778AAABA					5220						
5221	NetComm Products	HPE Aruba 2530-24-PoE+ - switch - 24 ports - managed - rack-mountable	HPE Aruba 2530-8-PoE+ - Switch - managed - 8 x 10/100 + 2 x Gigabit SFP + 2 x 10/100/1000 - desktop, rack-mountable, wall-mountable - PoE+	J9779AAABA					5221

5367	NetComm Products	Cisco Meraki camera dome mounting arm	Camera dome mounting arm - wall mountable - for Cisco Meraki Varifocal MV72 Outdoor HD Dome Camera With 256GB Storage	MA-MNT-MV-10					5367						
5368	NetComm Products	Cisco Meraki camera dome mounting arm	Camera dome mounting arm - wall mountable - for Cisco Meraki Varifocal MV72 Outdoor HD Dome Camera With 256GB Storage	MA-MNT-MV-10					5368						
5369	NetComm Products	Meraki Conduit back box for the MA-MNT-MV-10 Wall Arm Mount		MA-MNT-MV-11					5369						
5370	NetComm Products	Cisco Meraki camera dome mount	Camera dome mount - pole mountable - for Cisco Meraki Varifocal MV72 Outdoor HD Dome Camera With 256GB Storage	MA-MNT-MV-20					5370						
5371	NetComm Products	CISCO MERAKI SFP+ 10GB LRM MOD	- This Cisco SFP+ transceiver module supports 10 gigabit data transfer speeds for fast connectivity - It supports transmission over 220m on multimode fiber - Support for digital optical monitoring enables easy troubleshooting - The device is hot-swappable for easy installation - This module works with select Meraki switches and security appliances	MA-SFP-10GB-LRM					5371						
5372	NetComm Products	Cisco Meraki - SFP+ transceiver module - 10 GbE	SFP+ transceiver module - 10 GbE - 10GBase-SR - up to 1310 ft - for Cisco Meraki MX100, MX400, MX600, MX80, Cloud Managed Ethernet Aggregation Switch M5420	MA-SFP-10GB-SR					5372						
5373	NetComm Products	Cisco Meraki - SFP (mini-GBIC) transceiver module - GbE	SFP (mini-GBIC) transceiver module - GbE - 1000Base-SX up to 722 ft - 850 nm - for Cisco Meraki MX100, MX400, MX600, MX80, Cloud Managed Ethernet Aggregation Switch M5420	MA-SFP-1GB-SX					5373						
5374	NetComm Products	StarTech.com Cisco Meraki MA-SFP-1GB-TX Comp. Module- Cisco 1000BASE-TX SFP	100% compatibility with Cisco Meraki MA-SFP-1GB-TX guaranteed - StarTech.com offers Lifetime Warranty on all SFP modules - Maximum transfer distance of 100 m (328 ft) - SFP (mini-GBIC) meets or exceeds OEM specifications - SFP transceiver module complies with MSA industry standards -10/100/1000 BASE-TX copper transceiver has low power consumption: Less than 1.3 W - Not swappable with other copper modules - Copper connector - DDM: No - MTBF: 4655371 hours - Max. Data Transfer Rate: 1000 Mbps	MASFP1GBTXST					5374						
5375	NetComm Products	TP-Link MC200CM - fiber media converter - GbE	MC200CM - Fiber media converter - GbE - 1000Base-SX, 1000Base-T - RJ-45 / SC multi-mode - up to 1800 ft - 850 nm - for P/N: TL-MC1400	MC200CM					5375						
5376	NetComm Products	CRADLEPOINT MC400 SINGLE MODEM CAT 6	MC400 - Wireless cellular modem - 4G LTE Advanced - USB - 300 Mbps	MC400LP6					5376						
5377	NetComm Products	StarTech.com 10/100 MM Fiber Copper Fast Ethernet Media Converter ST 2 km	- Convert and extend a 10/100 Mbps Ethernet connection up to 2 km over Multi Mode ST fiber - Fiber Converter - Ethernet Media Converter - Fibre Converter 10/100 Media Converter - UTP to Fiber - ST to ST - 2 km - Convert and extend different networks over a single fiber cable connection up to 550m/1804 ft - Gigabit Ethernet fiber media converter with SFP transceiver - Compact design - Copper ethernet to fiber media converter - Supports 10/100/1000 Mbps networks - Gigabit media converter for cost-effective network extension - 850nm LC multimode Gigabit fiber connection - 550m range on fiber optic interface - With auto MDIX - Metal housing - Link Fault Pass (LFP)	MCM110ST2					5377						
5378	NetComm Products	StarTech.com Gigabit Ethernet Fiber Media Converter - 850nm MM LC - 550m	Convert and extend different networks over a Gigabit fiber cable connection using the SFP of your choice - Gigabit Ethernet fiber media converter with open SFP slot - Supports 10/100/1000 Mbps Ethernet networks - Gigabit media converter for cost-effective network extension - Copper ethernet to fiber media converter with auto MDIX - Compatible with virtually any MSA-compliant transceiver - Durable metal housing - Link Fault Pass (LFP) supported - 9K Jumbo Frame supported	MCM1110MMLC					5378						
5379	NetComm Products	StarTech.com Gigabit Ethernet Fiber Media Converter with Open SFP Slot	Convert and extend different networks over a Gigabit fiber cable connection using the SFP of your choice - Gigabit Ethernet fiber media converter with open SFP slot - Supports 10/100/1000 Mbps Ethernet networks - Gigabit media converter for cost-effective network extension - Copper ethernet to fiber media converter with auto MDIX - Compatible with virtually any MSA-compliant transceiver - Durable metal housing - Link Fault Pass (LFP) supported - 9K Jumbo Frame supported	MCM1110SFP					5379						
5380	NetComm Products	Cisco Meraki MG21E - wireless cellular modem - 4G LTE	MG21E - Wireless cellular modem - 4G LTE - 300 Mbps - GbE	MG21E-HW-NA					5380						
5381	NetComm Products	Cisco MGBLH1 Gigabit LH Mini-GBIC SFP Transceiver	Faster networking in a miniGBIC format - An easy installation - A maximum fiber optic cable distance of 500 meters	MGBLH1					5381						
5382	NetComm Products	Mist AP43 - wireless access point - with 2 x 5-year Cloud Subscription	AP43 - Wireless access point - with 2 x 5-year Cloud Subscription (specify SUB-MAN, SUB-ENG, SUB-AST, SUB-VNA) - 5dBi, 802.11ac Wave 2 - Bluetooth, Wi-Fi (e.g., 2.4 GHz, 5 GHz)	MIST-AP43-25-5Y					5382

5427	NetComm Products	FLUKE FIBER OPTIC CLEAN KIT	Networks Enhanced Fiber Optic Cleaning Kit - Fiber-optic cleaning kit - for FiberInspector Pro	NFC-KIT-CASE-E					5427						
5428	NetComm Products	Tripp Lite 24-Port Gigabit Ethernet Switch Rackmount Unmanaged Metal 1U	Unmanaged 24-Port Gigabit Ethernet switch - network connection for multiple devices - Unmanaged switch/ Desktop Ethernet Switch/ Network Switch - Ideal for home or small offices - workgroups and creative production environments - 24 auto-negotiable 10/100/1000Mbps - Dual mini-GbIC SFP ports - Supports auto MDI/MDIX cross-over function - consumes very little input power 20W max - 2 Gbps switching capacity per port with full	NG24					5428						
5429	NetComm Products	Tripp Lite 8-Port Gigabit Ethernet Switch L2 Managed w/ PoE 10/100/1000Mbps	Porty manager or port network manager secure view network switch with dual SFP slots 10/100 - gigabit Ethernet switched managed/ gigabit switch/ managed switch/ poe switch/ dedicated switch/ power over Ethernet switch/ network switch - IP-MAC-Port-Binding ACL and Storm Control - Port Security/DHCP Snooping 802.1x/L2 - Web-Smart management interface SNMP and RMON features - Enterprise-level security and layer 2 management - Cost-effective form factor for small and	NGS8C2POE					5429						
5430	NetComm Products	Cisco Fourth-Generation Multi-flex Trunk Voice/Channelized Data T1/E1 Modul	Fourth-Generation Multi-flex Trunk Voice/Channelized Data T1/E1 Module - Expansion module - T1/E1 x 2 - T1/E1 - for Cisco 4451-X Integrated Services Router 4331, 4331, 4351, 4431	NIM-2CE1T1-PRI					5430						
5431	NetComm Products	Subscription for Cisco Enterprise Network Plus - subscription license (3 years) +	NS438 EnterpriseGuard Plus - Subscription license (3 years) + Enhanced Support	NS438CSEA					5431						
5432	NetComm Products	UBIQUITI NANOSTATION AC 5GHz	NanoStation ac NS-SAC - Wireless access point - AirMax ac - AirMax ac	NS-SAC-US					5432						
5433	NetComm Products	Ubiquiti NanoStation M2 Wireless Access Point	The compact nanoStation M2 M2 comes with a pole mount kit and a power injector - It has an 11dBi dual-polarity gain antenna for reliable performance - Its U.S.-style plug supports 100V and 240V AC and 24V DC outlets - The device has an Atheros 400MHz processor, 32MB of SDRAM and 8MB of flash memory - One of its two Ethernet ports supports PoE for video IP	NSM2(US)					5433						
5434	NetComm Products	Ubiquiti NanoStation M5 - wireless bridge	NanoStation M5 - Wireless bridge - AirMax - AirMax - 5 GHz	NSM5(US)					5434						
5435	NetComm Products	Fluke Networks OptiFiber Pro OTDR OFP2-100-QJ - network tester kit	Networks OptiFiber Pro OTDR OFP2-100-QJ - Network tester kit	OFP2-100-QJ					5435						
5436	NetComm Products	OWC Thunderbolt 3 10G Ethernet Adapter - network adapter	Network adapter - Thunderbolt 3 - 10Gb Ethernet x 1	OWCTB3ADP10GBE					5436						
5437	NetComm Products	HPE E550-T4 - network adapter	Network adapter - OCP 3.0 - Gigabit Ethernet x 4 - for ProLiant DL325 Gen10 Plus, DL385 Gen10 Plus, DL385 Gen10 Plus Entry	P08449-B21					5437						
5438	NetComm Products	HPE DL41134LCU - network adapter - PCIe 3.0 x8 - 10 Gigabit SFP+ x 4	DL41134LCU network adapter - PCIe 3.0 x8 - 10 Gigabit SFP+ x 4 - for Nimble Storage dMC Medium Solution with HPE ProLiant DL325 Gen10, ProLiant DL325	P10094-B21					5438						
5439	NetComm Products	HPE E121 10Gb 2P 548SFP+ ADAPTER	Ethernet Adapter - Connectivity: 10GbE - No of Ports: 2 - interface: 548SFP+	P11338-B21					5439						
5440	NetComm Products	Chief PACBXX Series PACB11 - shelf	PACBXX Series PACB11 - Shelf for video conference camera - black - above the screen, below the screen - for P/N: L1PE1U-CH	PACB11					5440						
5441	NetComm Products	Palo PA-220 - Security Appliance	PA 220 security appliance, which supports gigabit Ethernet connections - Its firewall throughput ranges around 500 Mbps and 150 Mbps for threat prevention processes - Fanless design and the SSD provide quiet operation - Multiple warranty options for this product	PAN-PA-220					5441						
5442	NetComm Products	PALO ALTO PA-220 LAB UNIT	-Ensure the efficient use of SD-WANs while providing network security with the Palo PA 220 lab unit security appliance - It provides firewall throughput of 500 Mbps- The PA 220 security device classifies users and devices and performs cyber threat checks - The USB Type-A port is practical for transferring firewall applications - Choose from four warranty options for this product	PAN-PA-220-LAB					5442						
5443	NetComm Products	Palo Alto Networks PA-3220 - Security Appliance	-The Palo Alto Networks PA 3220 helps secure and manage network traffic - Its machine learning functionality blocks file-based attacks - This NGFW uses MFA to protect sensitive enterprise data - It comes in a 2U rackmount layout that helps save installation space - The appliance has the Palo Alto Networks standard hardware warranty, which is 1 year	PAN-PA-3220					5443						
5444	NetComm Products	Palo fan tray	Palo - Fan tray - for Palo Alto Networks PA-5220, PA-5250, PA-5260, PA-5280	PAN-PA-5200-FANTRAY					5444						
5445	NetComm Products	Palo Pa-850 - security appliance		PAN-PA-850					5445						
5446	NetComm Products	Axiom Palo Alto PAN-SFP-CG Compatible - SFP (mini-GbIC) transceiver module	Palo Alto PAN-SFP-CG Compatible - SFP (mini-GbIC) transceiver module (equivalent to: Palo Alto Networks PAN-SFP-CG) - GbE - 1000Base-T - RJ-45 - up to 328 ft	PAN-SFP-CG-AX					5446						
5447	NetComm Products	AXIOM 10GBASE-SR SFP+ TRANSCEIVER	SFP+ transceiver module (equivalent to: Palo Alto Networks PAN SFP-PLUS-SR) - 10 GbE - 10GBase-SR - LC multi-mode - up to 984 ft - 850 nm	PAN-SFP-PLUS-SR-AX					5447						
5448	NetComm Products	Alvar PTZ330N 30x Optical Zoom Professional PTZ Camera	PTZ Camera - Optical Zoom: 12x - Digital Zoom: 12x - Image Sensor: 1/2.8" 1080p 60fps Exmor CMOS - Advanced Motion Control - One-Touch Face Targeting with SmartFrame	PAPTZ330N					5448						
5449	NetComm Products	Alvar DL30 - conference camera - turret	DL30 - Conference camera - PTZ - turret - indoor - color - 2 MP - 1920 x 1080 - 1080p - motorized - 800 TVL - audio LAN 10/100 - USB 3.1 Gen 1 - MJPEG, H.264, H.265, H.266, VVC - DC 12 V / PoE Plus	PAVPTDL30					5449						
5450	NetComm Products	UBIQUITI AIRMAX POWERBEAM 5GHz AC	-The Ubiquiti PowerBeam AC PBE SAC Gen 2 bridge includes a pole mount kit - It boosts your point-to-point wireless connectivity - Its InnerFeed® technology improves noise immunity - The aROS eases wireless and routing control - The two-mount system enables flexible adjustments	PBE-SAC-GEN2-US					5450						
5451	NetComm Products	ASUS PCE-AC51 - network adapter - PCIe	PCE-AC51 - Network adapter - PCIe low profile - 802.11ac	PCE-AC51					5451						
5452	NetComm Products	ENTERASYS POWER INJECTOR 10/OUTPUT COM	PoE injector - output connectors: 1	PD-3501G-ENT					5452

5493	NetComm Products	HPE Aruba Line Module - expansion module	Expansion module - 5GBase-T x 48 + 50 Gigabit SFP56 x 4 for HPE Aruba 6405 Switch Bundle, 6410 Switch Bundle	RDX41A					5493						
5494	NetComm Products	RFSA NAVITEK NT PRO NETWORK TESTER	NavITEK NT Pro - Network tester kit	R1S1006					5494						
5495	NetComm Products	HPE Aruba AP-MNT-MP10-E Campus Type E - mounting bracket	Mounting bracket (pack of 10) - for HPE Aruba AP-504, AP-505, AP-514, AP-515, AP-534, AP-535, AP-555	R1C72A					5495						
5496	NetComm Products	Sophos SD-RED 20 - Rev 1 - remote control device	SD-RED 20 - Rev 1 - remote control device - 4 ports - GigE	R20ZTCHMR					5496						
5497	NetComm Products	ARUBA AP-505 (US) UNIFIED AP	HPE Aruba AP-505 (US) - Campus - wireless access point - Bluetooth 5.0, 802.11ac - Bluetooth, Wi-Fi - Dual Band - in-ceiling	R2H29A					5497						
5498	NetComm Products	ARUBA AP-MNT-B AP MNT BRKT INDIV B	-This HPE Aruba AP-MNT-B campus AP mount bracket kit comes with fasteners and a guide for quick installation - Its tough metal build makes it durable - This kit is compatible with many APs for optimal versatility - It elevates wireless access points to boost a WLAN range - This kit works with Aruba 530 Series APs	R3116A					5498						
5499	NetComm Products	ARUBA AP-MNT-D AP MNT BRKT INDIV D	-The Aruba R3118A bracket is compatible with the Aruba 530 Series campus access point - It features a solid surface, making it a durable accessory - Use this mounting bracket for a neat and clutter-free data room - This mounting hardware helps install an access point on walls or racks, saving valuable floor space in small server centers - It promotes optimal air circulation to protect a wireless access point against damage	R3118A					5499						
5500	NetComm Products	HPE Aruba AP-MNT-E - Network Device Mounting Kit	-This HPE Aruba AP-MNT-E mounting kit comes with a guide and fasteners for speedy installation - Its solid metal construction enhances durability - This kit is compatible with a wider range of Aruba 500 Series APs for versatility - It raises an AP to an elevated location to improve the WLAN range	R3119A					5500						
5501	NetComm Products	HPE Aruba User Experience Insight Sensor - G-Series - wireless network mana	HPE Aruba User Experience Insight sensor - G-Series - wireless network management device - GigE, Bluetooth 5.0 LE - Wi-Fi 5, Bluetooth - 2.4 GHz, 5 GHz - wall	R3R67A					5501						
5502	NetComm Products	HPE Aruba AP-577 (US) - wireless access point	HPE Aruba AP-577 (US) - Wireless access point - Bluetooth 5.0, 802.11ac - Bluetooth, Wi-Fi - Dual Band - Faster WiFi - Now up to 1000 Mbps (800 + 700) - Upgrade your WiFi to support new AC devices - Works with all N150 - N300 - N600 and AC devices - NETGEAR genie app - Easily manage your home network	R4H23A					5502						
5503	NetComm Products	NETGEAR AC1000 Dual Band WiFi Router	NETGEAR AC1000 Dual Band WiFi Router	R6080-100NAS					5503						
5504	NetComm Products	Sophos SD-RED 60 - Rev 1 - remote control device	SD-RED 60 - Rev 1 - remote control device - 4 ports - GigE	R60ZTCHUS					5504						
5505	NetComm Products	NETGEAR AC1750 Smart WiFi Router	Compatible with Amazon Echo/Alexa Control your home network using voice commands - AC1750 WiFi-450+1300 Mbps speeds & high-power external antennas - Dual band Reduces interference for better connections to more WiFi devices - Advanced QoS-Optimized for HD streaming & gaming - Beamforming- improves range & performance w/ high powered amplifiers & antennas - NETGEAR Armor-built-in anti-virus & data theft protection for all of your smartphones and computers Included trial covers unlimited devices	R6400-100NAS					5505						
5506	NetComm Products	HPE AP-270-MNT-H3 AP-270 Series Outdoor AP Hanging or Dual-Tilt Install Mou	AP-270-MNT-H3 Series Outdoor AP Hanging or Dual-Tilt Install Mount Kit - Wireless access point mounting kit - outdoor - for HPE Aruba AP-318, AP-365, AP-367, AP-374, AP-375, AP-375EX, AP-377, AP-377EX, AP-387, AP-518, AP-565, AP-567, AP-574, AP-575, AP-	R6W11A					5506						
5507	NetComm Products	NETGEAR AC1900 Nighthawk Smart WiFi Router (R7000-100PAS)	AC1900 WiFi/800+1733 Mbps speeds, X4 Architecture for more high-fidelity streams, 160MHz MU-MIMO and Quad-Stream technology, Powered by 1.7GHz dual core processor, Network storage-ready with twin USB 3.0 and eSATA, Four high-gain external antennas and Beamforming- for maximum range, Advanced features for lag-free gaming, Manage your home network with NETGEAR genie	R7000-100PAS					5507						
5508	NetComm Products	NETGEAR ORBI HOME TRI-BAND MESH WIFI	Orbi WiFi System RBK852 - Wi-Fi system (router, extender) - up to 5,000 sq. ft. - mesh - GigE - 2.5 GigE - 802.11a/b/g/n/ac - 802.11a/b/g/n/ac/ae - Tri-Band - Covers up to 5,000 sq. ft. with high performance WiFi - 12 streams of WiFi 6 and speeds up to 6Gbps - Ideal for 4K/8K UHD streaming and lag-free gaming - 12 Gigabit Ethernet ports and a 2.5Gbps internet port - Setup in minutes with the Orbi app or web browser - Compatible with Gigabit and multi-Gigabit internet speed	RBK852-100NAS					5508						
5509	NetComm Products	NETGEAR Orbi Tri-band Mesh WiFi 6 System - 6Gbps, 7,500 sqft	NETGEAR Orbi Tri-band Mesh WiFi 6 System - 6Gbps, 7,500 sqft	RBK853-100NAS					5509

SS36	NetComm Products	STARTECH 10GB FIBER SFP+ - SM LC	100% compatibility with Cisco SFP-10G-BX-D-60 guaranteed - StarTech.com offers Lifetime Warranty on all SFP modules - Maximum transfer distance of 10 km (6.2 mi)- SFP+ (Mini-GBC) meets or exceeds OEM specifications - SFP+ transceiver module complies with MSA industry standards - 10GBase-LR fiber transceiver has low power consumption: Less than 1.3 W - Hot-swappable with other fiber optic modules - Single mode connector - DDM: Yes - MTBF: 2104865 hours - Max. Data Transfer	SFP10GHRST					SS36						
SS37	NetComm Products	Cisco - SFP+ transceiver module - 10 GbE	SFP+ transceiver module - 10 GbE - 10GBase-SR - LC/PC multi-mode - up to 984 ft - 850 nm - for Catalyst ES5900, Switch Module 3012, Switch Module 3110; Nexus 5010, 93180, 9318, 9312	SFP-10G-SR					SS37						
SS38	NetComm Products	Cisco SFP-10G-SR+ SFP+ Transceiver Module	-The Cisco SFP-10G-SR-SFP+ transceiver module is compatible with almost all Cisco networking hardware - It allows 10 gigabit Ethernet connectivity for high-speed network applications - It works with many networking devices to allow deployment in diverse network environments - The unit complies with safety standards and protocols - It includes a Cisco 90-day warranty	SFP-10G-SR					SS38						
SS39	NetComm Products	Arista 10GBase-SR SFP+ Short Reach Transceiver	Ethernet Transceiver - Connector Type: SFP+	SFP-10G-SR-P					SS39						
SS40	NetComm Products	Cisco - SFP+ transceiver module - 10 GbE	SFP+ transceiver module - 10 GbE - 10GBase-SR - LC/PC multi-mode - up to 1310 ft - 850 nm	SFP-10G-SR-S					SS40						
SS41	NetComm Products	Cisco - SFP+ transceiver module - 10 GbE	SFP+ transceiver module - 10 GbE - 10GBase-SR - LC/PC multi-mode - up to 1310 ft - 850 nm	SFP-10G-SR-S					SS41

7306	Power, Cooling & Racks	CyberPower Office Rackmount LCD Series OR700LCDRM1U	UPS, External, 700 VA power capacity, 3 min battery run time (up to), 400 Watt power provided, AC 120 V, 3 year warranty	OR700LCDRM1U					7306						
7307	Power, Cooling & Racks	HPE 96W SMART STOR BATT 145MM CABLE	96W Smart Storage - Battery lithium ion - for Nimble Storage dHCI Large Solution with HPE ProLiant DL380 Gen10; ProLiant DL380 Gen10	P01366-B21					7307						
7308	Power, Cooling & Racks	HPE 96W Smart Storage - battery - Li-ion	96W Smart Storage - Battery lithium ion - for Nimble Storage dHCI Large Solution with HPE ProLiant DL380 Gen10; ProLiant DL380 Gen10	P01366-B21-NB					7308						
7309	Power, Cooling & Racks	APC P11U2 - surge protector	P11U2 - Surge protector - AC 104-126 V - output connectors: 11	P11U2					7309						
7310	Power, Cooling & Racks	HPE SFF Easy Install rack rail kit - 2U	SFF Easy Install - Rack rail kit - 2U - for ProLiant DL385 Gen10 Plus (2.5"), DL385 Gen10 Plus Entry (2.5")	P22018-B21					7310						
7311	Power, Cooling & Racks	HAIVISION 5VDC EXTERNAL PWR SUPPLY		P-280-P5-B					7311						
7312	Power, Cooling & Racks	TOTAL MICRO 4-CELL 44WHR BATT P450	-Notebook Battery - Capacity: 4-Cell 44WHr - Technology: Li-Ion - Compatible With: HP ProBook 450 G3,455 G3,470 G3 - Meets or exceeds OEM specifications - Total Micro One Year Limited Warranty - E9v R04, R05294-001, R04044-CL	P3G15AA-TM					7312						
7313	Power, Cooling & Racks	APC SurgeArrest Essential Power-Saving Timer - surge protector	SurgeArrest Essential Power-Saving Timer - Surge protector - AC 120 V - output connectors: 6 - white - for P/N: AR106SH4, AR106SH6, AR109SH4, AR109SH6, AR112SH4, AR112SH6	P6GC					7313						
7314	Power, Cooling & Racks	APC SurgeArrest Essential - surge protector	SurgeArrest Essential - Surge protector - AC 120 V - output connectors: 6 - beige	P6W					7314						
7315	Power, Cooling & Racks	APC HOME OFFICE SURGEARREST 8OUT	SurgeArrest PB02 - Surge protector - AC 104-126 V - output connectors: 8	PBU2					7315						
7316	Power, Cooling & Racks	Replacements Premium Power Products AC0402507RE - power adapter - 40 Watt	Premium Power Products AC0402507RE - Power adapter AC 100-240 V - 40 Watt - for Samsung Chromebook 3 XE500C13K	PA-1250-98-ER					7316						
7317	Power, Cooling & Racks	Lind PA1580-1642 - car power adapter - 120 Watt	PA1580-1642 - Car power adapter - 120 Watt - for Panasonic Toughbook 51, 74	PA1580-1642					7317						
7318	Power, Cooling & Racks	Lind Auto DC Power Adapter for Panasonic Toughbooks	Car Power Adapter, 11-16V	PA1580-1745					7318						
7319	Power, Cooling & Racks	Lind PA1580-1887 - car power adapter - 120 Watt	PA1580-1887 - Car power adapter - 120 Watt - for Panasonic Toughbook 52, 74	PA1580-1887					7319						
7320	Power, Cooling & Racks	Brother PA-BB-002 - printer battery	Printer battery - for P-Touch PT-P900W, PT-P950NW	PAB8002					7320						
7321	Power, Cooling & Racks	Brother PA-BT-002 - printer battery - Li-Ion	PA-BT-002 - Printer battery lithium ion - for PocketJet P1-722, P1-723, P1-763, P1-763Mf, P1-773	PA-BT-002					7321						
7322	Power, Cooling & Racks	Brother PA-BT-4000LI - printer battery - Li-Ion - 1800 mAh	Printer battery - 1 x lithium ion 1800 mAh - for Brother TD-2120, TD-2130; P-Touch PT-P900, PT-P950; RuggedJet R1-4000, R1-4000	PA-BT-4000LI					7322						
7323	Power, Cooling & Racks	Palo Alto Networks PA-820B50 4 Post Rack Mount Kit	Rack mounting kit (4 post) - for Palo PA-820, PA-850	PAN-PA-3RU-RACK4					7323						
7324	Power, Cooling & Racks	Palo Alto Networks DU Rack Mount	Rack Mount Kit - Rack Unit: 1U	PAN-PA-220-RACK-					7324						
7325	Power, Cooling & Racks	Duracell PROCELL D Standard Alkaline Battery	D, Alkaline, 15000 mAh, 12 Pack	PC1300					7325						
7326	Power, Cooling & Racks	Duracell Procell AA Batteries 24-Pack	AA, Alkaline, 24 Pack	PC1500BKD					7326						
7327	Power, Cooling & Racks	Duracell Procell Alkaline AA - 2100mAh 1.5V Battery - 144/Car/ton	Battery - Battery Size: AA - Battery Capacity: 2100 mAh - Battery Type: Alkaline - Output Voltage: 1.5 VDC	PC1500BKDCT					7327						
7328	Power, Cooling & Racks	Duracell Procell Alkaline Batteries 12-Pack	Procell, Alkaline, 9V, 12 pack	PC1604BKD					7328						
7329	Power, Cooling & Racks	Vertiv Liebert GXTS Output Pod 1 for 5-10kVA Mixed Voltage Online UPS	Power Output Distribution - Input Connection: L1-N-300 - Output Connection: 1 x L14-30R, 1 x L6-30R, 4 x 5-15/20R 1 Slot - For Vertiv Liebert 5-10kVA Mixed Voltage Online	PDS-001					7329						
7330	Power, Cooling & Racks	TRIPP PDU BASIC 120V 15A 5-15R 5-15P	Basic rack-mountable PDU delivers 120V single-phase AC power to multiple loads - PDU/ Power Distribution Unit/ Horizontal PDU/ PDU Strip/ Basic PDU/ rack pdu/ pdu/ datacenter pdu/ data center pdu/ network pdu/ networking pdu - NEMA 5-15P input with 15R cord - 13 outlets (NEMA 5-15R) 120V 15A 1.8kW - Switchless design prevents accidental shutdown - 15A circuit breaker - Installs in rack on wall or under counter - Mounts horizontally in 1U of 19 in. 2- and 4-post racks	PDU1215					7330

7347	Power, Cooling & Racks	Tripp Lite PDU Metered 120V 20A 5-15/20R 12 Outlet 1U 6ft Cord	-Single-Phase Metered Rackmount PDU w/ 12 Outlets and 6ft cord - PDU/ Power Distribution Unit/ Horizontal PDU/ PDU Strip/ rack pdu/ pdu/ metered pdu/ data center pdu/ network pdu - Metered 1.9kW single phase 20A 120V PDU - NEMA L5-20P input 6 ft. and 12 NEMA 5-15/20R outlets - 1U horizontal rackmount format installs in one rack space - Reversible mounting ears for front/rear facing rack installation - Built-in 2 digit visual meter continuously reports PDU load level in amps	PDUHM20-6					7347						
7348	Power, Cooling & Racks	Tripp Lite PDU Switched 120V 20A 5-15/20R 16 Outlet 1URM	-1.9kW single-phase switched PDU 120V 1U horizontal w/ 16 outlets and 12ft cord - PDU/ Power Distribution Unit/ PDU Strip/ Switched PDU/ rack pdu/ pdu/ datacenter pdu/ network pdu/ Horizontal PDU - Reports voltage frequency and load level via Ethernet interface - 16 NEMA 5-15/20R switched outlets; NEMA L5-20P input with 5-20P plug 12ft cord - Temperature humidity and contact closure monitoring options - TAA-Compliant - 3-wire single-phase switched PDU - 2.3kW PDU distributes monitors and manages AC power in an IT environment - 8 individually controllable NEMA 5-15/20R outlets with 12 ft. AC power cord and 5-20P adapter - 1U horizontal rackmount - Built-in Java-free LX Platform interface for remote access 24/7 - Compliant with the Federal Trade Agreements Act (TAA) for GSA Schedule purchases - Rack-Mount PDU/ Power Distribution Unit/ Horizontal PDU/ Switched PDU/ rack pdu/ data center	PDUHM20NET					7348						
7349	Power, Cooling & Racks	Tripp Lite PDU Switched 1.9kW 120V 8-15/20R L5-20P LX Interface 1URM TAA	-Single-Phase Metered Rackmount PDU w/ 20 outlets and 12ft cord - Single phase 5.8kW 30A/20R/240V 2U horizontal rackmount PDU - Two built-in meters report output current in amps for each load bank - Attached 12ft cord with NEMA L6-30P input plug; 18 total outlets (16 C13/2 C19) - Cord retention brackets keep vital equipment plugs connected - PDU/ Power Distribution Unit/ PDU Strip/ rack pdu/ pdu/ metered pdu/ data center	PDUHM20NET2LX					7349						
7350	Power, Cooling & Racks	Tripp Lite PDU Metered 208V/240V L5 C13 2 C19 Horizontal 2U	-Single-Phase Metered Vertical PDU w/ 20 Outlets and 10ft cord - PDU/ Power Distribution Unit/ vertical PDU/ PDU Strip/ rack pdu/ pdu/ metered pdu/ data center pdu/ network pdu - 5/5.8kW Single phase 208/240V 30A 0U vertical rackmount PDU - Pair of digital current meter report output current in amps - Attached 10ft input cable with NEMA L6-30P plug; 30 total (6 C19/24 C13) outlets in 2 separately breakered load banks - Ready for immediate toolless 0U installation	PDUHM30HV					7350						
7351	Power, Cooling & Racks	Tripp Lite PDU Monitored 3.3-3.7kW 20 C13 4 C19 208/230V 20A LX Platform 0U	-3.3-3.7kW vertical PDU distributes and monitors single-phase power in an IT or industrial environment. - Built-in Java-free network interface helps you remotely monitor load levels to prevent overloads that cause downtime. - 24 outlets—20 C13 4 C19—w plug-lock insert sleeves. - Digital ammeter for on-site load monitoring in real time. - power distribution unit/ monitored pdu/ pdu c13/ 20a pdu/ c19 pdu/ pdu networking/ 20a power strip/ rackmount power strip - 2 Year Tripp Lite Warranty	PDUHMV20HVLX					7351						
7352	Power, Cooling & Racks	TRIPP PDU MTRD 208-240V 30A C13 C19	-Single-Phase Metered Vertical PDU w/ 30 Outlets and 10ft cord - PDU/ Power Distribution Unit/ vertical PDU/ PDU Strip/ rack pdu/ pdu/ metered pdu/ data center pdu/ network pdu - 5/5.8kW Single phase 208/240V 30A 0U vertical rackmount PDU - Pair of digital current meter report output current in amps - Attached 10ft input cable with NEMA L6-30P plug; 30 total (6 C19/24 C13) outlets in 2 separately breakered load banks - Ready for immediate toolless 0U installation	PDUHMV30HV					7352						
7353	Power, Cooling & Racks	Tripp Lite PDU Basic 100V - 240V 16A 12 C13; 2 C19 C20 1URM / 0URM	-Basic PDU delivers 100-240V single-phase AC power to multiple loads - PDU/ Power Distribution Unit/ Horizontal PDU/ PDU Strip/ Basic PDU/ rack pdu/ pdu/ datacenter pdu/ data center pdu/ network pdu/ networking pdu - 14 Outlets (12 C13; 2 C19) 100-240V 16A 1.6/3.8kW - C20 input with 10ft cord and 5 adapter - Switchless design prevents accidental shutdown - Reversible all-metal housing - 16A circuit breaker - Supports 1U horizontal or 0U vertical mounting in 19 in. racks	PDUHV					7353						
7354	Power, Cooling & Racks	APC ESS SURGEARREST 60UT 10FT CORD	-Protect up to six critical electronics from power surges with the APC Essential Surgearrest PE610 surge protector - EMI and RFI filtering reduces the chance of damage and data loss - indicator lights identify faults in the surge protector unit and wall circuitry - Quickly reboot with a resettable circuit breaker - Move easily around a room with a 10-foot cord	PE610					7354						
7355	Power, Cooling & Racks	APC ESS SURGEARREST 60UT 15FT CORD	Essential Surgearrest PE615 - Surge protector - AC 120 V - output connectors: 6 - 15 ft - gray, black	PE615					7355						
7356	Power, Cooling & Racks	APC ESSENTIAL SURGEARREST 6 OUTLET	Essential Surgearrest PE63 - Surge protector - AC 104-126 V - 1200 Watt - output connectors: 6 - 35.8 in - gray, black - for P/N: AR106SH4, AR106SH6, AR109SH4, AR109SH6, AR112SH4, AR112SH6	PE63					7356						
7357	Power, Cooling & Racks	APC Essential Surgearrest PE63DP - Dual Pack - surge protector - 1200	Dual Pack - surge protector - AC 120 V - 1200 Watt - output connectors: 6 - 35.8 in - gray, black	PE63DP					7357						
7358	Power, Cooling & Racks	APC Essential Surgearrest PE66 - surge protector	Essential Surgearrest PE66 - Surge protector - AC 120 V - output connectors: 6 - 6 ft - gray, black - for P/N: AR106SH4, AR106SH6, AR109SH4, AR109SH6, AR112SH4, AR112SH6	PE66					7358						
7359	Power, Cooling & Racks	APC Essential Surgearrest PE66W - surge protector	Essential Surgearrest PE66W - Surge protector - AC 120 V - output connectors: 6 - 6 ft - white, green - for P/N: AR106SH4, AR106SH6, AR109SH4, AR109SH6, AR112SH4, AR112SH6	PE66W					7359						
7360	Power, Cooling & Racks	APC Essential Surgearrest PE66WG - surge protector	Essential Surgearrest PE66WG - Surge protector - AC 120 V - output connectors: 6 - 6 ft - gray, white	PE66WG					7360						
7361	Power, Cooling & Racks	APC Essential Surgearrest PE76 - surge protector	Essential Surgearrest PE76 - Surge protector - AC 120 V - output connectors: 7 - 6 ft - gray, black - for P/N: AR106SH4, AR106SH6, AR109SH4, AR109SH6, AR112SH4, AR112SH6	PE76					7361						
7362	Power, Cooling & Racks	Vertiv Geist Env. Sensor PFS-100 US, Power Failure Sensor - US, 100ft	Connects to a Vertiv Geist Environmental Monitor or PDU via Dry Contact/ O-SV input or A2D - Receive alerts via email, SMS, or SNMP traps for abnormal environmental conditions from the connected Rack PDU - Monitors line voltage to ensure an alert is sent if utility power fails and critical equipment is running on the UPS - Status LEDs on the sensor enclosure provide visual indication that power is detected	PFS-100 US					7362						
7363	Power, Cooling & Racks	APC Home/Office SurgeArrest PH12U2W - surge protector	Home/Office SurgeArrest PH12U2W - Surge protector - AC 120 V - output connectors: 12 - 6 ft - white	PH12U2W					7363						
7364	Power, Cooling & Racks	APC Home/Office SurgeArrest PH8 - surge protector	Home/Office SurgeArrest PH8 - Surge protector - AC 120 V - output connectors: 8 - 6 ft - black	PH8					7364						
7365	Power, Cooling & Racks	APC Home/Office SurgeArrest PH8U2 - surge protector	Home/Office SurgeArrest PH8U2 - Surge protector - AC 120 V - output connectors: 8 - 6 ft - black	PH8U2					7365						
7366	Power, Cooling & Racks	APC Home/Office SurgeArrest PH8W - surge protector	Home/Office SurgeArrest PH8W - Surge protector - AC 120 V - output connectors: 8 - 6 ft - white	PH8W					7366						
7367	Power, Cooling & Racks	Tripp Lite 1000W Compact Power Inverter Mobile Portable 2 Outlet 1 USB Port	-Converts 12V DC power from your vehicle's battery into 120V AC power to operate electronics while on the road or at a remote site - Provides portable power for mobile applications including phones and laptops - Ideal for areas w/o regular power outlets such as campsites or construction sites - Dual 5-15R outlets deliver continuous output of 1000W for powering device - 2A USB charging port keeps smartphones tablets and laptops at full capacity - electrical power inverter/ power converter	PINV1000					7367

7493	Power, Cooling & Racks	Tripp Lite UPS Replacement Battery Cartridge Kit for select SmartOnline UPS	-Premium UPS replacement battery cartridges revive UPS systems suffering from expired or weak internal batteries - Compatible w/ SU5000RT4U/ SU6000RT4U/ SU8000RT4U and more - Pre-assembled and wired battery kit offers simple installation - Rugged leakproof construction and maintenance free - Wide range of operating temperatures - uninterruptible power supply battery pack/ UPS battery pack/ UPS battery lead acid/ 8-battery string replacement battery cartridges - 18 Month Tripp Lite Warranty	RBC9-192					7493						
7494	Power, Cooling & Racks	TRIPP UPS REPLACEMENT BATT 36V	-Premium UPS replacement battery cartridges revive UPS systems suffering from expired or weak internal batteries - Compatible with SMART1500RM2U/ SMX1500RM2U/ SMART1500RMXL2U and other models recommending this replacement battery cartridge - Pre-assembled and wired battery kit offers simple installation - Rugged leakproof construction and maintenance free - Wide range of operating temperatures - uninterruptible power supply battery pack/ UPS battery pack - 18 Month Tripp Lite Warranty	RBC93-2U					7494						
7495	Power, Cooling & Racks	TRIPP UPS REPLACEMENT BATT 48VDC	-Premium UPS replacement battery cartridges revive UPS systems suffering from expired/weak internal batteries - Compatible w/ SMART1500RMXL2U/ SMART2200RMXL2U/ SMART3000RM2U/ SU1500RTXL2U/ SU2200RTXL2U and other UPS systems referencing this RBC - Pre-assembled and wired battery kit offers simple installation - Rugged leakproof construction and maintenance free - Wide range of operating temps - uninterruptible power supply battery pack/ UPS battery pack - 18 Month Tripp Lite Warranty	RBC94-2U					7495						
7496	Power, Cooling & Racks	BT1 - UPS battery - lead acid	UPS battery lead acid	RBC94-2U-BT1					7496						
7497	Power, Cooling & Racks	Tripp Lite 72VDC Replacement Battery Cartridge Select Online UPS 2U	-Premium UPS replacement battery cartridges revive UPS systems suffering from expired or weak internal batteries - Compatible with SU3000RTXL2U and SU12000RTXL2U and other models recommending this replacement battery cartridge - Pre-assembled and wired battery kit offers simple installation - Rugged leakproof construction and maintenance free - Wide range of operating temperatures - uninterruptible power supply battery pack/ UPS battery pack/ 72 V DC Battery - 18 Month Tripp Lite Warranty	RBC96-2U					7497						
7498	Power, Cooling & Racks	TRIPP UPS REPLACEMENT BATT F/SU3000	-Premium UPS replacement battery cartridges breathe new life into UPS systems suffering from expired/weak internal batteries - Compatible w/ SU3000RTXL3U/ SU3000RTX3U/ SU3000XL and other models recommending this replacement battery cartridge - Pre-assembled and wired battery kit offers simple installation - Has a wide operating temperature range - Rugged leakproof construction - lead acid UPS battery/ uninterruptible power supply battery/ battery replacement - 18 Month Tripp Lite Warranty	RBC96-3U					7498						
7499	Power, Cooling & Racks	Cisco 19" Rack-mounting Bracket	Rack mounting kit - 19" - for Catalyst 2960-8TC, 2960-8TC S, 2960C-8TC, 3560-12PC, 3560-12PC-S	RCKMNT-19-CMPC7					7499						
7500	Power, Cooling & Racks	Cisco rack mounting kit	Rack mounting kit - for Catalyst 2960-8TC, 2960-8TC, 2960S, 2970G, 3550, 3550 24, 3560, 3560G, 3560V2,	RCKMNT-1RU					7500						
7501	Power, Cooling & Racks	Vertiv Geist Env. Sensor RDPS, Remote Door Position Sensor	Connects to a Vertiv Geist Environmental Monitor or rPDU via Dry Contact/ 0-5V input or A2D - Receive alerts via email, SMS, or SNMP traps for abnormal environmental conditions from the connected Rack PDU - A cost-effective method to monitor access doors or cabinets that should remain closed - Sensors can be wired in series to reduce the number of inputs required	RDPS					7501						
7502	Power, Cooling & Racks	Vertiv Liebert IntelliSlot RDU101 - Network Card Remote Monitoring USB Port	The network card provides web access to the installed device via popular web browsers - It enables Vertiv software tools and services such as Trellis Enterprise, Trellis Power Insight and LIFE Services - It supports environmental monitoring via Liebert SN Sensors for temperature, humidity, leak detection, doors and contact closures - The network card allows remote firmware updates via a web browser - It sends alarm notifications via SNMP, email and text messaging	RDU101					7502						
7503	Power, Cooling & Racks	Hubbell REBOX Commercial Cabinet	Hubbell 62.719x24.21Wx1017D Commercial Cabinet- Light Gray	RE4X					7503						
7504	Power, Cooling & Racks	MID ATLANTIC RFR SERIES FURNITURE	Furniture Rack - Rack Space: 16 - Cable Pass Thru Slot: 3.74" - Thickness: Tempered Glass Front Door: 0.125" - Dimensions: Usable: 20.63 x 28.25 x 23.30"	RFR-162BR					7504						
7505	Power, Cooling & Racks	StarTech.com 12U 19" Wall Mount Network Cabinet - 24" Deep Server Room Rack	-12U 19" wall mount network cabinet allows easy access to equipment w/ 180° hinged design and lockable access to the front rear and sides - Includes 1U shelf 10" hook-and-loop fastener and keys for doors/panels - 200lb weight cap 32" rack w/ 24" equipment mounting depth and top cable holes - Pre-assembled enclosure includes 50 cage nuts/screws for easy device installation - Design for cooling of equipment w/ mesh panels/doors and 4 optional 120mm fans -	RK1232WALHM					7505						
7506	Power, Cooling & Racks	StarTech.com 12U 19" Wall Mount Network Cabinet - 16" Deep Hinged w/ Shelf	-12U 19" wall mount network cabinet allows easy access to equipment w/ 180° hinged design and lockable and removable front rear/side panels - Includes 1U shelf 3m hook-and-loop fastener and 4 keys for doors/panels - 200 lb. weight cap 21" deep enclosure w/ 16" equipment mounting depth and top cable holes - Pre-assembled IT data rack includes 50 cage nuts/screws enabling easy installation of server room devices - Designed for cooling equipment with mesh panels/doors and 4 optional 120mm fans	RK12WALHM					7506						
7507	Power, Cooling & Racks	StarTech.com 15U 19" Wall Mount Network Cabinet - 16" Deep Hinged w/ Shelf	-15U wall mount network cabinet allows easy access to equipment w/ 180° hinged design and lockable and removable front rear/side panels - Includes 1U shelf 3m hook-and-loop fastener and 4 keys for doors/panels - 200 lb. weight cap 21" deep enclosure w/ 16" equipment mounting depth and top cable holes - Pre-assembled IT data rack includes 50 cage nuts/screws for easy installation of server room devices - Designed for cooling equipment with mesh panels/doors and support for 4 optional 120mm fans	RK1520WALHM					7507						
7508	Power, Cooling & Racks	STARTECH 19IN EQUIP RCK 2U	-Mount a server, network or telecommunications device vertically with this 2U wall-mountable rack - Wall Mount Rack - Wallmount Rack - Vertical Wall Mount Rack - Vertical Wall Mount Bracket - 2U Wall Mount Rack - 2U 19in Steel Vertical Wall Mount Equipment Rack Bracket	RK219WALLV					7508

7967	Printing & Document Scanning	Xerox Black Toner Cartridges for Phaser 7100 - Pack of 2	Pack Quantity: 2 - Color: Black - Original - Toner Cartridge - Page Yield: 5000 pages - Compatible for Xerox Phaser 7100DN - Xerox Phaser 7100DN	106R02605					7967						
7968	Printing & Document Scanning	Xerox WorkCentre 6655 - High Capacity - black - original - toner cartridge	WorkCentre 6655 - High Capacity - black - original - toner cartridge - for WorkCentre 6655	106R02747					7968						
7969	Printing & Document Scanning	Xerox WorkCentre 6027 - cyan - original - toner cartridge	WorkCentre 6027 - Cyan - original - toner cartridge - for Phaser 6020V, BI, 6027/Ni, 6027V, Ni; WorkCentre 6025V, BI, 6027/Ni, 6027V, Ni	106R02756					7969						
7970	Printing & Document Scanning	Xerox WorkCentre 6027 - magenta - original - toner cartridge	WorkCentre 6027 - Magenta - original - toner cartridge - for Phaser 6020V, BI, 6027/Ni, 6027V, Ni; WorkCentre 6025V, BI, 6027/Ni, 6027V, Ni	106R02757					7970						
7971	Printing & Document Scanning	Xerox WorkCentre 6027 - yellow - original - toner cartridge	WorkCentre 6027 - Yellow - original - toner cartridge - for Phaser 6020V, BI, 6027/Ni, 6027V, Ni; WorkCentre 6025V, BI, 6027/Ni, 6027V, Ni	106R02758					7971						
7972	Printing & Document Scanning	Xerox WorkCentre 6027 - black - original - toner cartridge	WorkCentre 6027 - Black - original - toner cartridge - for Phaser 6020V, BI, 6027/Ni, 6027V, Ni; WorkCentre 6025V, BI, 6027/Ni, 6027V, Ni	106R02759					7972						
7973	Printing & Document Scanning	Xerox WorkCentre 3215 - black - original - toner cartridge	WorkCentre 3215 - Black - original - toner cartridge - for Phaser 3260; WorkCentre 3215, 3225	106R02775					7973						
7974	Printing & Document Scanning	Xerox WorkCentre 6515 - cyan - original - toner cartridge	WorkCentre 6515 - Cyan - original - toner cartridge - for Phaser 6510; WorkCentre 6510, 6515	106R03473					7974						
7975	Printing & Document Scanning	Xerox WorkCentre 6515 - magenta - original - toner cartridge	WorkCentre 6515 - Magenta - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03474					7975						
7976	Printing & Document Scanning	Xerox WorkCentre 6515 - yellow - original - toner cartridge	WorkCentre 6515 - Yellow - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03475					7976						
7977	Printing & Document Scanning	Xerox WorkCentre 6515 - black - original - toner cartridge	WorkCentre 6515 - Black - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03476					7977						
7978	Printing & Document Scanning	XEROX HI CAPACITY TONER CART CYAN	WorkCentre 6515 - High Capacity - cyan - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03477					7978						
7979	Printing & Document Scanning	XEROX HI CAPACITY TONER CART MAGENTA	WorkCentre 6515 - High Capacity - magenta - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03478					7979						
7980	Printing & Document Scanning	XEROX HI CAPACITY TONER CART YELLOW	WorkCentre 6515 - High Capacity - yellow - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03479					7980						
7981	Printing & Document Scanning	XEROX HI CAPACITY TONER CART BLACK	WorkCentre 6515 - High Capacity - black - original - toner cartridge - for Phaser 6510; WorkCentre 6515	106R03480					7981						
7982	Printing & Document Scanning	Xerox VersaLink C400 - black - toner cartridge	Black - toner cartridge - for VersaLink C400, C405	106R03500					7982						
7983	Printing & Document Scanning	Xerox VersaLink C400 - yellow - toner cartridge	VersaLink C400 - Yellow - toner cartridge - for VersaLink C400, C405	106R03501					7983						
7984	Printing & Document Scanning	Xerox VersaLink C400 - cyan - toner cartridge	Cyan - toner cartridge - for VersaLink C400, C405	106R03502					7984						
7985	Printing & Document Scanning	Xerox VersaLink C400 - magenta - original - toner cartridge	VersaLink C400 - Magenta - original - toner cartridge - for VersaLink C400, C405	106R03503					7985						
7986	Printing & Document Scanning	Xerox VersaLink C400 - High Capacity - black - original - toner cartridge	VersaLink C400 - High Capacity - black - original - toner cartridge - for VersaLink C400, C405	106R03512					7986						
7987	Printing & Document Scanning	Xerox VersaLink C400 - High Capacity - yellow - original - toner cartridge	VersaLink C400 - High Capacity - yellow - original - toner cartridge - for VersaLink C400, C405	106R03513					7987						
7988	Printing & Document Scanning	Xerox VersaLink C400 - High Capacity - cyan - original - toner cartridge	VersaLink C400 - High Capacity - cyan - original - toner cartridge - for VersaLink C400, C405	106R03514					7988						
7989	Printing & Document Scanning	Xerox VersaLink C400 - High Capacity - magenta - original - toner cartridge	VersaLink C400 - High Capacity - magenta - original - toner cartridge - for VersaLink C400, C405	106R03515					7989						
7990	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - black - original - toner cartridge	VersaLink C400 - Extra High Capacity - black - original - toner cartridge - for VersaLink C400, C405	106R03524					7990						
7991	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - yellow - original - toner cartridge	VersaLink C400 - Extra High Capacity - yellow - original - toner cartridge - for VersaLink C400, C405	106R03525					7991						
7992	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - cyan - original - toner cartridge	VersaLink C400 - Extra High Capacity - cyan - original - toner cartridge - for VersaLink C400, C405	106R03526					7992						
7993	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - magenta - original - toner cartridge	VersaLink C400 - Extra High Capacity - magenta - original - toner cartridge - for VersaLink C400, C405	106R03527					7993						
7994	Printing & Document Scanning	Xerox VersaLink B400 - High Capacity - black - original - toner cartridge	VersaLink B400 - High Capacity - black - original - toner cartridge - for VersaLink B400, B405	106R03582					7994						
7995	Printing & Document Scanning	Xerox WorkCentre 3300 Series - black - original - toner cartridge	Black - original - toner cartridge - for Phaser 3330; WorkCentre 3335, 3345	106R03620					7995						
7996	Printing & Document Scanning	Xerox WorkCentre 3300 Series - High Capacity - black - original - toner cartridge	High Capacity - black - original - toner cartridge - for Phaser 3330; WorkCentre 3335, 3345	106R03622					7996						
7997	Printing & Document Scanning	Xerox WorkCentre 3300 Series - Extra High Capacity - black - original - toner cartridge	Extra High Capacity - black - original - toner cartridge - for Phaser 3330; WorkCentre 3335, 3345	106R03624					7997						
7998	Printing & Document Scanning	Xerox WorkCentre 6510 - Extra High Capacity - cyan - original - toner cartridge	WorkCentre 6510 - Extra High Capacity - cyan - original - toner cartridge - for Phaser 6510; WorkCentre 6510, 6515	106R03690					7998						
7999	Printing & Document Scanning	Xerox WorkCentre 6510 - Extra High Capacity - magenta - original - toner cartridge	WorkCentre 6510 - Extra High Capacity - magenta - original - toner cartridge - for Phaser 6510; WorkCentre 6510, 6515	106R03691					7999						
8000	Printing & Document Scanning	Xerox WorkCentre 6510 - Extra High Capacity - yellow - original - toner cartridge	WorkCentre 6510 - Extra High Capacity - yellow - original - toner cartridge - for Phaser 6510; WorkCentre 6510, 6515	106R03692					8000						
8001	Printing & Document Scanning	Xerox VersaLink C500 - High Capacity - cyan - original - toner cartridge	High Capacity - cyan - original - toner cartridge - for VersaLink C500, C505	106R03863					8001						
8002	Printing & Document Scanning	Xerox VersaLink C500 - High Capacity - magenta - original - toner cartridge	High Capacity - magenta - original - toner cartridge - for VersaLink C500, C505	106R03864					8002						
8003	Printing & Document Scanning	Xerox VersaLink C500 - High Capacity - yellow - original - toner cartridge	High Capacity - yellow - original - toner cartridge - for VersaLink C500, C505	106R03865					8003						
8004	Printing & Document Scanning	Xerox VersaLink C500 - High Capacity - black - original - toner cartridge	High Capacity - black - original - toner cartridge - for VersaLink C500, C505	106R03869					8004						
8005	Printing & Document Scanning	Xerox VersaLink C600 - cyan - original - toner cartridge	Cyan - original - toner cartridge - for VersaLink C600, C605	106R03896					8005						
8006	Printing & Document Scanning	Xerox VersaLink C605 - magenta - original - toner cartridge	Magenta - original - toner cartridge - for VersaLink C600, C605	106R03897					8006						
8007	Printing & Document Scanning	Xerox VersaLink C605 - yellow - original - toner cartridge	Yellow - toner cartridge - for VersaLink C600, C605	106R03898					8007						
8008	Printing & Document Scanning	Xerox VersaLink C605 - Extra High Capacity - cyan - original - toner cartridge	Extra High Capacity - cyan - original - toner cartridge - for VersaLink C605	106R03928					8008						
8009	Printing & Document Scanning	Xerox VersaLink C605 - Extra High Capacity - magenta - original - toner cartridge	Extra High Capacity - magenta - original - toner cartridge - for VersaLink C605	106R03929					8009

8010	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - yellow - original - toner	Extra High Capacity - yellow - original - toner cartridge - for VersaLink C605	106R03930					8010						
8011	Printing & Document Scanning	Xerox VersaLink C400 - Extra High Capacity - black - original - toner	Extra High Capacity - black - original - toner cartridge - for VersaLink C605	106R03931					8011						
8012	Printing & Document Scanning	Xerox High-Capacity Toner Cartridge for C9000 Series Printers - Black	High-Capacity Toner Cartridge - Color: Black - for Xerox C9000 Series Multifunction Printers	106R04077					8012						
8013	Printing & Document Scanning	Xerox 8215 - black - original - toner cartridge	Black - original - toner cartridge - for Xerox 8205V/N, 8210/DNI, 8210V/DNI, 8215V/DNI	106R04346					8013						
8014	Printing & Document Scanning	Xerox 8215 - High Capacity - black - original - toner cartridge	High Capacity - black - original - toner cartridge - for Xerox 8205V/N, 8210/DNI, 8210V/DNI, 8215V/DNI	106R04347					8014						
8015	Printing & Document Scanning	Primoris Extended Life Text - 6 - black - print ribbon	Extended Life Text - 6 - black - print ribbon - for Line Matrix P5210	107675-007					8015						
8016	Printing & Document Scanning	RICOH MICR TONER, 2 BOTTLES, 72K PA	2 - MICR toner refill - for Ricoh SP 8300DN; Rosetta SP 8200DN MICR	10820000					8016						
8017	Printing & Document Scanning	Ricoh Toner Bottle for SP 8400DN MICR Printer	Toner Bottle - For SP 8400DN MICR Printer	10840000					8017						
8018	Printing & Document Scanning	Xerox VersaLink C400 - printer imaging kit	VersaLink C400 - Printer imaging kit - for Phaser 6600; VersaLink C400, C405; WorkCentre 6605, 6655	108R01121					8018						
8019	Printing & Document Scanning	Xerox Phaser 7100 Colour - original - printer imaging unit	Phaser 7100 Colour - Original - printer imaging unit - for Phaser 7100/NM, 7100DN, 7100N, 7100V, DN, 7100V, NC	108R01148					8019						
8020	Printing & Document Scanning	Xerox VersaLink C605 - cyan - drum cartridge	Cyan - drum cartridge - for VersaLink C600, C605	108R01485					8020						
8021	Printing & Document Scanning	Xerox VersaLink C605 - magenta - drum cartridge	Magenta - drum cartridge - for VersaLink C600, C605	108R01486					8021						
8022	Printing & Document Scanning	Xerox VersaLink C605 - yellow - drum cartridge	Yellow - drum cartridge - for VersaLink C600, C605	108R01487					8022						
8023	Printing & Document Scanning	Canon 24" x 100" High Resolution Coated Bond Paper	24" x 100"	1099V649					8023						
8024	Printing & Document Scanning	Kyocera ECOSYS P2040dw 42ppm 1200dpi Duplex Monochrome Laser Printer	Monochrome Laser Printer - Duplex - Print Speed: 42ppm - Resolution: 1200dpi - Double Sided Print,Copy,Color Scan	1102R2YU50					8024						
8025	Printing & Document Scanning	Kyocera Ecosys M2540DW Mono Laser Multifunction Printer	Printer - Speed: 42 ppm - Max Monthly Duty Cycle: 50,000 Pages - 600 x 600 dpi	110254U50					8025						
8026	Printing & Document Scanning	Kyocera ECOSYS P6235cdn - printer - color - laser	ECOSYS P6235cdn - Printer - color - Duplex - laser - A4 - 1200 x 1200 dpi - up to 37 ppm (mono) / up to 37 ppm (color) - capacity: 600 sheets - USB 2.0, Gb LAN, USB host	1102TWU5U1					8026						
8027	Printing & Document Scanning	Makrolab Grip Surface - build plate tape	Grip Surface - Build plate tape (pack of 3) - for Replicator v, + Essentials Pack	112047-00					8027						
8028	Printing & Document Scanning	XEROX 6180 TONER CYAN	Phaser 6180MFP - Cyan - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00719					8028						
8029	Printing & Document Scanning	XEROX 6180 TONER MAGENTA	Phaser 6180MFP - Magenta - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00720					8029						
8030	Printing & Document Scanning	XEROX 6180 TONER YELLOW	Phaser 6180MFP - Yellow - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00721					8030						
8031	Printing & Document Scanning	XEROX 6180 TONER BLK	Phaser 6180MFP - Black - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00722					8031						
8032	Printing & Document Scanning	Xerox Phaser 6180MFP - High Capacity - cyan - original - toner cartridge	Phaser 6180MFP - High Capacity - cyan - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00723					8032						
8033	Printing & Document Scanning	Xerox Phaser 6180MFP - High Capacity - magenta - original - toner cartridge	Phaser 6180MFP - High Capacity - magenta - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00724					8033						
8034	Printing & Document Scanning	Xerox Phaser 6180MFP - High Capacity - black - original - toner cartridge	Phaser 6180MFP - High Capacity - black - original - toner cartridge - for Phaser 6180DN, 6180MFP/D, 6180MFP/N, 6180N	113R00726					8034						
8035	Printing & Document Scanning	Xerox VersaLink C400 - fuser kit	610 V1 - fuser kit - for Xerox 6655; VersaLink C400, C405; WorkCentre 6655	115R00088					8035						
8036	Printing & Document Scanning	Epson Expression 12000XL Photo - flatbed scanner - desktop - USB 2.0	Expression 12000XL Photo - Flatbed scanner - CCD - Ledger - 2400 dpi x 4800 dpi - USB 2.0	12000XL-PH					8036						
8037	Printing & Document Scanning	Dymo LetraTAG Multi-Pack - label tape kit - 3 roll(s) - Roll (0.47 in x 13.1)	LetraTAG Multi-Pack - Black on clear, black on white - Roll (0.47 in x 13.1 ft) 3 roll(s) label tape kit - for LetraTag LT-1007, Plus LT-1007	12331					8037						
8038	Printing & Document Scanning	Canon 046 - yellow - original - toner cartridge	Yellow - original - toner cartridge - for ImageCLASS LB9654, MF731, MF733, MF735; i-SENSYS LB9653, LB9654, MF732, MF734, MF735	1247C001					8038						
8039	Printing & Document Scanning	Canon 046 - magenta - original - toner cartridge	Magenta - original - toner cartridge - for ImageCLASS LB9654, MF731, MF733, MF735; i-SENSYS LB9653, LB9654, MF732, MF734, MF735	1248C001					8039						
8040	Printing & Document Scanning	Canon 046 - cyan - original - toner cartridge	Cyan - original - toner cartridge - for ImageCLASS LB9654, MF731, MF733, MF735; i-SENSYS LB9653, LB9654, MF732, MF734, MF735	1249C001					8040						
8041	Printing & Document Scanning	Canon 046 H - High Capacity - cyan - original - toner cartridge	High Capacity - cyan - original - toner cartridge - for ImageCLASS LB9654, MF731, MF733, MF735; i-SENSYS LB9653, LB9654, MF732, MF734, MF735	1253C001					8041						
8042	Printing & Document Scanning	Canon 046 H - High Capacity - black - original - toner cartridge	High Capacity - black - original - toner cartridge - for ImageCLASS LB9654, MF731, MF733, MF735; i-SENSYS LB9653, LB9654, MF732, MF734, MF735	1254C001					8042						
8043	Printing & Document Scanning	Canon imageFORMULA ScanFront 400	Document scanner - Duplex - Ledger - 600 dpi - up to 45 ppm (mono) / up to 45 ppm (color) - ADF (60 sheets) - up to 6000 scans per day - USB 2.0, Gigabit LAN	1255C002					8043						
8044	Printing & Document Scanning	Lexmark Return Program 12A7460 Black Toner Cartridge	Compatible with Lexmark T630; T632; T634	12A7460					8044						
8045	Printing & Document Scanning	Canon MC-16 Maintenance Cart IPF6100/IPF6200/IPF60005/IPF6100/IPF6050/IPF60	Maintenance cartridge - for imagePROGRAF IPF6000, IPF605, IPF610, IPF6100, IPF6200, IPF6300, IPF6400, IPF6450	1320B010					8045						
8046	Printing & Document Scanning	Canon MC10 Maintenance Cartridge for imagePROGRAF IPF650		1320B014					8046						
8047	Printing & Document Scanning	IND ProCard II 1326 - RF proximity card - matte white	ProCard II 1326 - RF proximity card - matte white	1326LMSMV					8047						
8048	Printing & Document Scanning	IND SCOPROX II Card, No Slot	White, no slot, 100-card minimum order	1386LGS6MN					8048						
8049	Printing & Document Scanning	IND MicroProx Tag Proximity Gray	Microprox Tag - Color: Gray - Format: 35-Bit - Frequency: 125KHz	1391LSSMN					8049						
8050	Printing & Document Scanning	Canon imageCLASS LB9654Cdw	Color - duplex - laser - A4 - up to 28 ppm (mono) / up to 28 ppm (color) - capacity: 300 sheets - USB 2.0, Gigabit LAN, Wi-Fi(n), USB	1476C004					8050						
8051	Printing & Document Scanning	Canon PGI-35 Black - pigmented black - original - ink tank	PGI-35 Black - 9.3 ml - pigmented black - original - ink tank - for PIXMA iP100, iP100 Bundle, iP100 with battery, iP100nb, iP110, TR150 with Battery Pack	150R0002					8051						
8052	Printing & Document Scanning	Dymo Rhino Coloured Vinyl - tape - 1 roll(s) - Roll (0.75 in x 18 ft)	Rhino Coloured Vinyl - Vinyl - permanent adhesive - white on black - Roll (0.75 in x 18 ft) 1 roll(s) tape - for DYMO RP215, Rhino 4200, 5000, 5200, 6000; RhinoPRO 3000, 5000, 6000, 6500	1805436					8052						
8053	Printing & Document Scanning	DYMO RhinoPRO 3/4" Heat Shrink	Black on White	18057					8053						
8054	Printing & Document Scanning	Dymo IND All-Purpose - label tape - 1 roll(s) - Roll (0.47 in x 16.4 ft)	IND All-Purpose - Vinyl - adhesive - black on white - Roll (0.47 in x 16.4 ft) 1 roll(s) label tape - for LabelMANAGER 210, 280, 360, 420, PnP; Rhino 4200, 5200; RhinoPRO	18444					8054						
8055	Printing & Document Scanning	DYMO RhinoPRO 1/2" Flexible Industrial Strength Nylon	Black on White	18488					8055						
8056	Printing & Document Scanning	DYMO 3/4" Flexible Industrial Strength Nylon	Black on White	18489					8056						
8057	Printing & Document Scanning	Zebra PolyPro 3000T - labels - matte-6080 label(s) - 3 in x 3 in	PolyPro 3000T - Polypropylene (PP) - matte - permanent acrylic adhesive - perforated - white - 3 in x 3 in 6080 label(s) (8 roll(s) x 760) labels - for GK Series GK420; G-Series GK420; GX Series GK420, GK430; H 2824; LP 28XX; TLP 28XX, 38XX	18927-CASE					8057						
8058	Printing & Document Scanning	Colora Coloric, Polypropylene, w/ zinc Thermal Transfer, PolyPro 3000T, 1	4"x2", 1110 Label/Roll, 4 Rolls	18932					8058

8261	Printing & Document Scanning	Dell - type kit	D13010 - type kit - for Dell C2660dn	480HY					8261						
8262	Printing & Document Scanning	Lexmark 500HG - High Yield - black - original - toner cartridge - LRP	High Yield - black - original - toner cartridge LRP - for Lexmark MS312dn, MS315dn, MS317dn, MS415dn, MS417dn, MS511de	50F0H0G					8262						
8263	Printing & Document Scanning	Lexmark 500HA - High Yield - black - original - toner cartridge - LCCP	500HA - High Yield - black - original - toner cartridge LCCP - for Lexmark MS310de, MS310dn, MS315dn	50F0HA0					8263						
8264	Printing & Document Scanning	Lexmark Supplies 500Z Imaging Unit for Lexmark MS310	Black - original - printer imaging unit LCCP, LRP - for Lexmark MS317, MS415, MS417, MS517, MS617, MX317, MX410, MX417, MX511, MX517, MX611, MX617	50F0Z00					8264						
8265	Printing & Document Scanning	Lexmark Supplies 500ZA Imaging Unit for Lexmark MS310	Black - original - printer imaging unit LCCP - for Lexmark MS317, MS415, MS417, MS517, MS617, MX317, MX410, MX417, MS517, MS522, MX617, MX622	50F0Z0A					8265						
8266	Printing & Document Scanning	Lexmark 501 Black Toner Cartridge	Black - original - toner cartridge LCCP, LRP - for Lexmark MS310, MS312, MS315, MS410, MS415, MS510, MS610	50F1000					8266						
8267	Printing & Document Scanning	Lexmark 501H Black High Yield Toner Cartridge	High Yield - black - original - toner cartridge LCCP, LRP - for Lexmark MS310, MS312, MS315, MS410, MS415, MS510, MS610	50F1H00					8267						
8268	Printing & Document Scanning	Lexmark 501HE - High Yield - black - original - toner cartridge - Lexmark C	501HE - High Yield - black - original - toner cartridge Lexmark Corporate - for Lexmark MS310, MS312, MS315, MS410, MS415, MS510, MS610	50F1H0E					8268						
8269	Printing & Document Scanning	Lexmark 501X Black Extra High Yield Toner Cartridge	Extra High Yield - Color: Black - Original - Toner Cartridge LCCP - LRP - Page Yield: 10000 pages - Pack Quantity: 1 - Compatible for Lexmark MS410d - Lexmark MS410dn - Lexmark MS415dn - Lexmark MS510dn - Lexmark MS610de - Lexmark MS610dn - Lexmark MS610de - Lexmark MS610dn	50F1X00					8269						
8270	Printing & Document Scanning	Lexmark MS821dn - printer - monochrome - laser	- This Lexmark MS821dn printer comes with security features to protect your information - 2.4-inch color LCD that helps to monitor and configure the system - Includes a durable feeding system that handles sizes and media types - Lexmark 3-year warranty	50G0100					8270						
8271	Printing & Document Scanning	Lexmark M5725dw - printer - B/W - laser	Printer - monochrome - Duplex - laser - A4/Legal - 600 x 600 dpi - up to 55 ppm - capacity: 650 sheets - USB 2.0, Gigabit LAN, USB 2.0 host with 1 year Advanced Exchange Service	50G0610					8271						
8272	Printing & Document Scanning	Lexmark 250 Sheets Tray for M57/M58/MX7 Printers	Paper Tray - Media Capacity: 250 Sheets - Supports: A4, A5, A6, Executive, Folio Size - Media Type Supported: Labels, Plain Paper, Envelopes - Compatible With: Lexmark M57/M58/MX7 Printers	50G0800					8272						
8273	Printing & Document Scanning	Lexmark 550 Sheets Tray for M57/M58/MX7 Printers	Paper Tray - Media Capacity: 550 Sheets - Media Type Supported: Labels, Plain Paper, Envelopes, Card Stock and Transparencies - Compatible With: Lexmark M57/M58/MX7 Printers	50G0802					8273						
8274	Printing & Document Scanning	Lexmark 4-Bin Mailbox - printer mailbox - 100 sheets	4-Bin Mailbox - Printer mailbox - 100 sheets in 4 trays - for Lexmark 8286S, M5725, MS821, MS822, MS823, MS825, MS826, MX822, MX826, XM735S, XM7370	50G0852					8274						
8275	Printing & Document Scanning	Lexmark 82865dw - printer - B/W - laser	Printer - monochrome - Duplex - laser - A4/Legal - 1200 x 1200 dpi - up to 65 ppm - capacity: 650 sheets - USB 2.0, Gigabit LAN, Wi-Fi (n), USB 2.0 host with 1 year Advanced Exchange Service	50G0900					8275						
8276	Printing & Document Scanning	Lexmark MS823dn Low Volt TAA	Printer - Display: 2.4" Color LCD Display - Print Speed: 65ppm - Print Technology: Monochrome Laser - Duplex (2-Sided) Printing: Integrated Duplex - Workgroup Size: Large Workgroup	50G7200					8276						
8277	Printing & Document Scanning	Dell S384X Series - black - original - toner cartridge	S384X Series - Black - original - OEM - toner cartridge - for Dell S3840cdn, S3845cdn	50Y0W					8277						
8278	Printing & Document Scanning	Avery Easy Peel White Mailing Labels	1" x 2-5/8", Rectangle, White, Laser, Permanent- Adhesive, box of 300 pages with 30 per sheet, total 3000	5160					8278						
8279	Printing & Document Scanning	Lexmark MX317 - black - original - toner cartridge - LCCP, LRP	Black - original - toner cartridge LCCP, LRP - for Lexmark MS317dn, MS417dn, MS517dn, MS617dn, MX317dn, MX417dn, MX517dn, MX617dn	5181000					8279						
8280	Printing & Document Scanning	Canon FAXPHONE L100 26 ppm Multi Function Printer	MultiFunction printer - B/W - laser - Letter A Size (8.5 x 11 in) (original) - Legal (media) - up to 12 ppm (copying) - up to 19 ppm (printing) - 150 sheets - 33.6 Kbps - USB 2.0	52588001					8280						
8281	Printing & Document Scanning	Lexmark Supplies 520Z Imaging Unit for Lexmark MS810	Black - original - printer imaging unit LCCP, LRP - for Lexmark MS710, MS711, MS811, MS812, MS817, MS818, MS711, MS712, MS718, MS810, MS811, MS812	52D0Z00					8281						
8282	Printing & Document Scanning	Lexmark Supplies 520ZA Imaging Unit for Lexmark MS810	Black - printer imaging unit - for Lexmark MS710, MS711, MS811, MS812, MS817, MS818, MX711, MX717, MX718, MX810, MX811, MX812	52D0Z0A					8282						
8283	Printing & Document Scanning	Lexmark 521H Black High Yield Toner Cartridge	High Yield - black - original - toner cartridge LCCP, LRP - for Lexmark MS710, MS711, MS810, MS811, MS812	52D1H00					8283						
8284	Printing & Document Scanning	Lexmark - Extra High Yield - black - original - toner cartridge - Lexmark C	Extra High Yield - black - original - toner cartridge Lexmark Corporate - for Lexmark MS811dn, MS811dn, MS811n, MS812dn, MS812dn, MS812dn	52D1X0E					8284						
8285	Printing & Document Scanning	YMCKT - 1 - color (cyan, magenta, yellow, black) - print ribbon (color) - for Datacard SD460, SP75 Plus, SP75 Plus	YMCKT - 1 - color (cyan, magenta, yellow, black) - print ribbon (color) - for Datacard SD460, SP75 Plus, SP75 Plus	534000-007					8285						
8286	Printing & Document Scanning	Color (cyan, magenta, yellow, black) - print ribbon - for Datacard SD160	Color (cyan, magenta, yellow, black) - print ribbon - for Datacard SD160	534100-001-RO03					8286						
8287	Printing & Document Scanning	Datacard YMCKT - color (cyan, magenta, yellow, resin black, clear overlay) - print ribbon (color) - for Datacard SD360, SD460	Color (cyan, magenta, yellow, resin black, clear overlay) - print ribbon (color) - for Datacard SD360, SD460	534700-004-RO10					8287						
8288	Printing & Document Scanning	Primera - 1 - printhead Publisher, 4102	1 - printhead - for Bravo 4100 AutoPrinter, 4101 Disc Publisher, 4102	53471					8288						
8289	Printing & Document Scanning	YMCKA - Color (cyan, magenta, yellow, black) - print ribbon (color) - for Datacard C0800, C980	YMCKA - Color (cyan, magenta, yellow, black) - print ribbon (color) - for Datacard C0800, C980	535000-008					8289						
8290	Printing & Document Scanning	Primera - High Yield - black - original - ink cartridge	High Yield - black - original - ink cartridge - for Bravo 4051, 4100, 4101, 4101-Blu, 4102, 4102-Blu; Disc Publisher (IP-4101)	53604					8290						
8291	Printing & Document Scanning	Canon imageFORMULA DR-M140 USB 2.0 Scan	Hi-Speed USB, Document scanner, 40 ppm max scan speed B/W, 40 ppm max scan speed color, 600 dpi max H-optical resolution, 600 dpi max V-optical resolution, 24-bit (16.7 million colors)	5482B002					8291						
8292	Printing & Document Scanning	Avery WeatherProof Mailing Labels	Labels, white, 500 labels	5523					8292						
8293	Printing & Document Scanning	Lexmark - photoconductor unit - LCCP	Photoconductor unit LCCP - for Lexmark 83340, 83442, MB2442, MS331, MS411, MX331, MX431, MX4342	5580Z0A					8293						
8294	Printing & Document Scanning	Lexmark - black - original - toner cartridge - LRP	Black - original - toner cartridge LRP - for Lexmark MS331dn, MS431dn, MS431dw, MX331dn, MX331dn, MX431dn, MX431dw	5581000					8294						
8295	Printing & Document Scanning	Lexmark - Extra High Yield - black - original - toner cartridge - LRP	Extra High Yield - black - original - toner cartridge LRP - for Lexmark MS431dn, MS431dw, MX431dn, MX431dw	5581X00					8295						
8296	Printing & Document Scanning	Lexmark Return Program Toner Cartridge - Black	Toner Cartridge - Color: Black - TAA Compliant	56F000G					8296						
8297	Printing & Document Scanning	Lexmark - original - printer imaging unit - LRP	Original - printer imaging unit LRP - for Lexmark 82338, 82442, 82546, 82650, M1242, MB2338, MB2442, MB2546, MB2650, MX321, MX421	56F0Z00					8297

9064	Printing & Document Scanning	Brother 3.7" TouchScreen Color LED All-in-One Multifunction Printer	Multifunction Printer - Display Size: 3.7" Color Touchscreen - Up to 50 Sheet Automatic Document Feeder - Print Wirelessly from Mobile Devices - Intuitive Connection to the Cloud - Flexible Printing Options - Fast Printing and Scanning Keeps You Moving	MFC-L3710CW					9064						
9065	Printing & Document Scanning	Brother MFC-L3750CDW - multifunction printer - color	Manual feed slot in the Brother MFC-L3750CDW printer handles a range of papers with efficiency - It scans speeds up to 221 ppm color boosting its efficiency - User-friendly settings help create shortcuts on the touchscreen - Brother 1-year limited warranty	MFC-L3750CDW					9065						
9066	Printing & Document Scanning	BROTHER MFC-LS800DW MONO LASER PRINT	MFC-LS800DW - Multifunction printer - B/W - laser - Legal (8.5 in x 14 in) (original) - A4/Legal (media) - up to 42 ppm (copying) - up to 42 ppm (printing) - 300 sheets - 33.6 Kbps - USB 2.0, LAN, Wi-Fi(n), USB host	MFC-LS800DW					9066						
9067	Printing & Document Scanning	BROTHER MONO WRLS P/S/C/F 429PM	MFC-L5900DW - Multifunction printer - B/W - laser - Legal (8.5 in x 14 in) (original) - A4/Legal (media) - up to 42 ppm (printing) - 300 sheets - 33.6 Kbps - USB 2.0, Gigabit LAN, Wi-Fi(n), USB host	MFC-L5900DW					9067						
9068	Printing & Document Scanning	BROTHER MFC-L6900 52PPM MONO LSR MFP	MFC-L6900DW - Multifunction printer - B/W - laser - Legal (8.5 in x 14 in) (original) - A4/Legal (media) - up to 52 ppm (copying) - up to 52 ppm (printing) - 570 sheets - 33.6 Kbps - USB 2.0, Gigabit LAN, Wi-Fi(n), USB host, NFC	MFC-L6900DW					9068						
9069	Printing & Document Scanning	BROTHER MFC-L8610CDW COLOR LASER MFP	MFC-L8610CDW - Multifunction printer - color - laser - Legal (8.5 in x 14 in) (original) - A4/Legal (media) - up to 33 ppm (copying) - up to 33 ppm (printing) - 300 sheets - 33.6 Kbps - USB 2.0, Gigabit LAN, Wi-Fi(n), USB host, NFC	MFC-L8610CDW					9069						
9070	Printing & Document Scanning	BROTHER MFC-L8900CDW COLOR LASER MFP	Includes one Brother Multifunction printer and one toner cartridge - Adjustable 250-sheet capacity paper tray supports both letter and legal paper sizes - The Brother MFC-L8900CDW business color laser printer features a 5-inch color touchscreen display for smooth operation - Automatic two-sided printing reduces paper consumption to keep your costs down - Brother 1-year	MFC-L8900CDW					9070						
9071	Printing & Document Scanning	BROTHER MFC-L9570CDW COLOR LASER MFP	MFC-L9570CDW - Multifunction printer - color - laser - Legal (8.5 in x 14 in) (original) - A4/Legal (media) - up to 33 ppm (copying) - up to 33 ppm (printing) - 300 sheets - 33.6 Kbps - USB 2.0, Gigabit LAN, Wi-Fi(n), USB host, NFC	MFC-L9570CDW					9071						
9072	Printing & Document Scanning	microMCR THN-37A - black - MICR toner cartridge (alternative for: HP 37A,	Black - MICR toner cartridge (alternative for: HP 37A, HP CF237A) - for HP LaserJet Enterprise M607, M608, M609, MFP M633 - LaserJet Enterprise Flow MFP M633	MICRTHN37A					9072						
9073	Printing & Document Scanning	microMCR THN-58A - black - MICR toner cartridge (alternative for: HP CF258A)	Black - MICR toner cartridge (alternative for: HP CF258A) - for HP LaserJet Pro M406dn, M426dn, M406e, MFP M428dfw, MFP M428fdn, MFP M428fdw	MICR-THN-58A					9073						
9074	Printing & Document Scanning	MAKERBOT 3D PRINTER REPLICATOR Z18	High res 3D printing - Smart Extruder - On-board camera - USB/Ethernet/Wi-Fi Connectivity - Full-color LCD display - 100-micron layer resolution - 2.92 cu in build volume - Optimized for PLA filament	MP05950					9074						
9075	Printing & Document Scanning	MAKERBOT PLA FILA 10PK AST LRG SPOOL	10 Large Spools Assorted Colors - 2lb spool PLA filament - 1.75mm width - For MakerBot Replicator 2, MakerBot Replicator (5th Generation), MakerBot Replicator Z18	MP06572					9075						
9076	Printing & Document Scanning	MakerBot PLA Filament (Small Spools) - 10PK Assorted Colors	10 Small Spools Assorted Colors - 0.5lb spool PLA filament - 1.75mm width - For MakerBot Mini, MakerBot Replicator 2, MakerBot Replicator (5th Generation), MakerBot Replicator Z18	MP06591					9076						
9077	Printing & Document Scanning	MakerBot - 10-pack - cool gray, warm gray, true red, true blue, true white,	10-pack - cool gray, warm gray, true red, true blue, true white, true green, true black, true yellow, true orange, true purple - 8-oz - PLA filament (30) - for Replicator 2, Fifth Generation, Mini, Z18	MP06591-NYCN1PA					9077						
9078	Printing & Document Scanning	MAKERBOT SMART EXT+ REP 5TH GEN/Mini	SMART EXTRUDER+ - 3D printer extruder - for Replicator Fifth Generation, Mini	MP07325					9078						
9079	Printing & Document Scanning	MAKERBOT SMART EXTRUDER+ REP Z18	SMART EXTRUDER+ - 3D printer extruder - for Replicator Z18	MP07376					9079						
9080	Printing & Document Scanning	MakerBot Replicator+	3D printer - FDM - build size up to 11.61 in x 7.68 in x 6.5 in - layer: 2.54 mil - USB, LAN, Wi-Fi(n), USB host	MP07825					9080						
9081	Printing & Document Scanning	TEQ MAKERBOT REPLICATOR+	Replicator + - 3D printer - FDM - build size up to 11.61 in x 7.68 in x 6.5 in - layer: 2.54 mil - USB, LAN, Wi-Fi(n), USB host	MP07825-NYCN1PA					9081						
9082	Printing & Document Scanning	MakerBot Tough Smart Extruder+ for MakerBot Replicator+ and Replicator	High-res smart extruder - Print technology: Fused Deposition Modeling - Nozzle Diameter: 0.4mm - Magnetically Swappable - Active Jam Prevention - Optimized To Print Durable & Usable Parts with MakerBot Tough Filament - Compatibility: MakerBot	MP08325					9082						
9083	Printing & Document Scanning	DELL 1720/1720DN 6K USE/RTN	High Capacity - black - original - toner cartridge Use and Return - for Dell 1720, 1720dn	MW558					9083						
9084	Printing & Document Scanning	Sharp MX-61NTBA - black - original - toner cartridge	MX-61NTBA - black - original - toner cartridge - for Sharp MX3071, MX3571, MX-5071, 6071; Essentials Series MX-3051, 3551, 4051, 5051, 6051	MX61NTBA					9084						
9085	Printing & Document Scanning	Sharp MX-61NTCA - cyan - original - toner cartridge	MX-61NTCA - Cyan - original - toner cartridge - for Sharp MX3071, MX3571, MX-5071, 6071; Essentials Series MX-3051, 3551, 4051, 5051, 6051	MX61NTCA					9085						
9086	Printing & Document Scanning	Sharp MX-61NTMA - magenta - original - toner cartridge	MX-61NTMA - Magenta - original - toner cartridge - for Sharp MX3071, MX3571, MX-5071, 6071; Essentials Series MX-3051, 3551, 4051, 5051, 6051	MX61NTMA					9086						
9087	Printing & Document Scanning	Sharp MX-61NTYA - yellow - original - toner cartridge	MX-61NTYA - Yellow - original - toner cartridge - for Sharp MX3071, MX3571, MX-5071, 6071; Essentials Series MX-3051, 3551, 4051, 5051, 6051	MX61NTYA					9087						
9088	Printing & Document	Dell - maintenance kit	(11.5 fl. oz.) maintenance kit - for Dell 3130n	N6060					9088						
9089	Printing & Document Scanning	HP 564 Combo Pack - 3-pack - yellow, cyan, magenta - original - ink cartrid	original - ink cartridge - for Deskjet 350X; Photosmart 550X, 55XX B111, 65XX B211, 75XX, 75XX C311, B110, 75XX C411	N9H57FN#140					9089

9475	Servers & Server Management	Tripp Lite Rack Console KVM Switch 8-Port VGA 1U 19" LCD	-NetDirector 8-Port 1U Rack-mount KVM Switch with 19-in. LCD Controls up to 8 computers with a single KVM switch with integrated console - Daisy-chain up to 15 additional switches to control up to 248 computers - Password protection prevents unauthorized access - Supports video resolutions up to 1366 x 768/ Mounts in 2U or 4U deep cabinets - Rack Mount KVM Switch/ Rack Mount Console/ 8 Port KVM Switch/ TAA compliant KVM switch/ 19" LCD - Exclusive Price valid	8040-008-19					9475						
9476	Servers & Server Management	Tripp Lite Rack Console KVM Switch 8-Port 1+1 User Cat5 IP 19" LCD 1URM	-NetDirector 8-Port 1U Rack-mount KVM Switch with 19-in. LCD touchpad and IP Remote Access in a single console - Control up to 8 computers/servers locally or via LAN WAN or Internet - Simultaneous support for 2 users-1 local and 1 remote - Eliminates need to buy costly monitors keyboards and mice for each computer/server - Low-cost cables lets you locate servers up to 100 ft. from the switch - TAA Compliant for GSA - Tripp Lite 1-year	8070-008-19-IP					9476						
9477	Servers & Server Management	Tripp Lite 16-Port 1U Rack Console IP KVM Switch 2+1 Users w/ 19in. Screen	-Connects up to 16 computers/servers and allows up to 3 users to control them simultaneously - rack mount console kvm switch/ rack mount kvm switch/ rack mount kvm console/ rackmount lcd console/ kvm switch hdmi/ dual monitor kvm/ kvm rack console - 19in-LCD supports video resolutions up to 1366x768 - Cat5e/6 cabling connects computers/servers up to 100ft away - Support for 3 users-1 local 2 remote - Supports IPv4 and IPv6 - Mounts in 1U of space in EIA-standard 19in rack	8070-016-19-IP2					9477						
9478	Servers & Server Management	Tripp Lite KVM Switch 8-Port Cat5 PS2 to USB Input Adapter 1URM	-NetDirector 8-Port 1U Rack-mount KVM Switch with 19-in. LCD touchpad and IP Remote Access in a single console - Control up to 8 computers/servers locally or via LAN WAN or Internet - Simultaneous support for 2 users-1 local and 1 remote - Eliminates need to buy costly monitors keyboards and mice for each computer/server - Low-cost cables lets you locate servers up to 100 ft. from the switch - TAA Compliant for GSA - Tripp Lite 1-year	8072-008-1A					9478						
9479	Servers & Server Management	Tripp Lite KVM Switch 16-Port NetCommander 1U Rackmount Cat5	-NetDirector 16-Port 1U Rack-mount KVM Switch with 19-in. LCD touchpad and IP Remote Access in a single console - Control up to 16 computers/servers locally or via LAN WAN or Internet - Simultaneous support for 2 users-1 local and 1 remote - Eliminates need to buy costly monitors keyboards and mice for each computer/server - Low-cost cables lets you locate servers up to 100 ft. from the switch - TAA Compliant for GSA - Tripp Lite 1-year	8072-016-1					9479						
9480	Servers & Server Management	Tripp Lite KVM Switch 16-Port Compact Rackmount Cat5 IP Virtual Media 1U	-NetDirector 16-Port 1U Rack-mount KVM Switch with 19-in. LCD touchpad and IP Remote Access in a single console - Control up to 16 computers w/ one Cat5 KVM switch - Provides control of servers locally or via your network or the Internet - Efficient server control Low-cost Cat5 cable lets you locate servers up to 100 ft. away w/ simultaneous support for 2 users(1 local 1 remote) - Dual Ethernet ports for uninterrupted remote access - Compatible w/ Windows and Linux operating systems - Tripp Lite 3-year	8072-016-1-IP					9480

Questions for Bid IFB #022-G - Technology Catalog

Question #1

Does a vendor have to click respond to bid in order to participate in the pre-bid conference call?

Jul 22, 2021 3:08:24 PM CDT
By: IndigiTech - kladucer

Answers

No, you do not have to click respond to bid in order to participate in the pre-bid conference call.

Jul 23, 2021 11:09:48 AM CDT
By: jeastes_aepa

We welcome all vendors who wish to learn more about AEPA or this solicitation to call in to the pre-bid call.

Archive

Question #2

would two-way radios be considered in-scope for this bid?

Jul 26, 2021 10:03:40 AM CDT
By: Discount Two-Way Radio - govsales@dtwr.com

Answers

Two-way radios could be a category of acceptable products within a catalog, but by themselves would not comprise an acceptable catalog. To be responsive, a commercially available catalog must have a minimum of 100,000 products with the types of items described in Terms and Conditions, Part B, Sections 10 and 11.

Jul 27, 2021 3:55:02 PM CDT
By: jeastes_aepa

Archive

Question #3

Does this bid include Projector Lamps used with the classroom interactive, Smart board type?

Jul 28, 2021 9:10:01 AM CDT
By: Specialty Bulb Co Inc - luann@bulbspecialists.com

Answers

Projector lamps used with interactive Smart boards or similar products could be a category of acceptable products within a catalog, but by themselves would not comprise an acceptable catalog. To be responsive, a commercially available catalog must have a minimum of 100,000 products with the types of items described in Terms and Conditions, Part B, Sections 10 and 11.

Jul 28, 2021 1:43:50 PM CDT
By: jeastes_aepa

Question #4

Is the Technology Catalog bid open to IT services providers who do not sell IT products? Or only IT product vendors?

Jul 28, 2021 2:30:02 PM CDT
By: Robert Ferrilli LLC - RebeccaJacoby

Answers

No, a Bidder must be able to provide a catalog of at least 100,000 items in addition to any services it provides.

Aug 20, 2021 9:35:52 AM CDT
By: jeastes_aepa

Archive

Question #5

I am confused about how many awards are available for the Technology Catalog? Is each agency member going to award to one vendor only that is the lowest bidder, or are multiple awards available?

Jul 28, 2021 2:37:40 PM CDT
By: Robert Ferrilli LLC - RebeccaJacoby

Answers

The Technology Committee will evaluate all responses and will recommend award to the lowest responsible bidder. The Committee may recommend additional vendors based on the criteria published in Part B as quoted here:

Aug 25, 2021 12:49:35 PM CDT
By: jeastes_aepa

"AEPA and Member Agencies prefer a single Vendor with a comprehensive array of products. An award will be made to the lowest, responsive, responsible Bidder. Because of the unique nature of the technology products industry, individual AEPA members may, at their sole discretion, make multiple awards upon recommendations where, among competing Bidders, a Bidder made the Lowest Price Catalog Offer with:

- * A supplemental network of partner businesses who have status as a Historically Under-Utilized Business (HUBs)
- * Cloud data storage solutions as part of its catalog
- * The ability to extend sales to government agencies, special districts, eligible non-profits, and higher education entities - all in addition to the requirement to serve Pre-K-12 schools
- * A product brand assortment of manufacturers that is at least 50 percent different than the other lowest Bidder"

Therefore, multiple awards are a possibility and will depend on the responses received.

Archive

Question #6

If vendors wish to propose a software solution, must the catalog include all items (11.1.2, 11.1.3, and 11.1.4) listed in Section 11?

Jul 30, 2021 10:03:27 AM CDT
By: ENA - ENA

Answers

Yes, and also the types of hardware products listed in Part B, Section 10.

Question #7

Are vendors permitted to propose cloud solutions in a standalone catalog?

Jul 30, 2021 10:03:49 AM CDT
By: ENA - ENA

Answers

By itself, a stand-alone cloud-solutions catalog would not be responsive. It would have to be paired with another commercially available catalog meeting the specifications listed in Part B.

Question #8

Are vendors required to list 100,000 line items in order to submit a software and/or cloud solution?

Jul 30, 2021 10:04:58 AM CDT
By: ENA - ENA

Answers

Yes, Using the rest-of-catalog spreadsheet provided in Part G, a bidder must provide 100,000 but not more than 300,000 items, representing the brands in its commercially available catalog.

Question #9

In F.2A Core List Price Schedule of the Pricing Workbook, it states that bidders "must give a bid price for at least 60 percent of these items (7,143) to be responsive." Are bidders required to provide 60 percent of the listed items in order to submit a proposal for software and/or cloud services?

Aug 9, 2021 1:46:47 PM CDT
By: ENA - ENA

Answers

Yes, plus giving pricing from a catalog for at least 100,000 items consisting of products listed in Part B, Sections 10 and 11.

Question #10

Page 2 of Part C - Member Agency (State) Terms and Conditions indicates that many member states require payment & performance bonds and state contractor's licenses. In addition, the document states that a contractor's license for the states of New Jersey (PG 43) and Washington (PG 87) are required with submission of bid. Are vendors required to provide performance & payment bonds with our bid or upon award? Are vendors required to provide contractor's licenses with our bid or upon award?

Aug 11, 2021 3:00:30 PM CDT
By: ENA - ENA

Answers

AEPA has different requirements for bids classified as either a catalog or line item (construction) bid. The current Technology bid is classified as a Catalog Bid as described in part A and Part B. As a catalog bid, performance bonds or contractor's licenses are Not required with your response for AEPA or any individual state. There is no bid bond required with this category, either.

Description

AEPA member agencies are seeking qualified, experienced contractor(s) who possess the necessary resources and capabilities to provide a comprehensive array of technology products, supplies, equipment, materials, services, consulting, labor, and delivery to all participating member states (up to 29) contained in a comprehensive, Commercially Available Catalog of technology products and services, defined as a "Technology Catalog."

AEPA and Member Agencies prefer a single Vendor with a comprehensive array of products. An award will be made to the lowest, responsive, responsible Bidder.

Because of the unique nature of the technology products industry, individual AEPA members may, at their sole discretion, make multiple awards upon recommendations where, among competing Bidders, a Bidder made the Lowest Price Catalog Offer with:

- A supplemental network of partner businesses who have status as a Historically Under-Utilized Business (HUBs)
- Cloud data storage solutions as part of its catalog
- The ability to extend sales to government agencies, special districts, eligible non-profits, and higher education entities – all in addition to the requirement to serve Pre-K-12 schools
- A product brand assortment of manufacturers that is at least 50 percent different than the other lowest Bidder

Pre-Bid Conference

Date: Aug 12, 2021 1:00:00 PM CDT
 Location: Voluntary Pre-Bid Conference Call

Notes: AEPA will host a voluntary pre-bid conference call for any interested Bidders or potential Bidders. The conference call times are set in the following schedule for each of the four contiguous United States time zones. No pre-registration will be required. Recording of the conference call will be posted on the AEPA Website.

1. SCOPE OF BID

AEPA member agencies are seeking qualified, experienced contractor(s) who possess the necessary resources and capabilities to provide a comprehensive array of technology products, supplies, equipment, materials, services, consulting, labor, and delivery to all participating member states (up to 29) contained in a comprehensive, Commercially Available Catalog of technology products and services, defined as a “Technology Catalog.”

AEPA and Member Agencies prefer a single Vendor with a comprehensive array of products. An award will be made to the lowest, responsive, responsible Bidder.

Because of the unique nature of the technology products industry, individual AEPA members may, at their sole discretion, make multiple awards upon recommendations where, among competing Bidders, a Bidder made the Lowest Price Catalog Offer with:

- A supplemental network of partner businesses who have status as a Historically Under-Utilized Business (HUBs)
- Cloud data storage solutions as part of its catalog
- The ability to extend sales to government agencies, special districts, eligible non-profits, and higher education entities – all in addition to the requirement to serve Pre-K-12 schools
- A product brand assortment of manufacturers that is at least 50 percent different than the other lowest Bidder

2. Type of Bid

AEPA requests Bidders to submit primary pricing in the form of either “catalog pricing,” or “line-item pricing.” This category is constructed in the form checked below. An explanation of each can be found in the table below. Additional information on permissible pricing strategies can be found in Part A – General Terms and Conditions under “Pricing.”

This bid is considered a:

YES	NO	TYPE OF BID
✓		CATALOG: A catalog bid is utilized when the products and/or services solicited are clearly identified with set and specific characteristics, attributes and configurations that are identifiable as a stand-alone single unit and can be listed and priced as a single unit with options that can be added to enhance and/or improve its operation and functionality. The Bidder offers a fixed discount(s) off retail price or prices in a Commercially Available Catalog. The discounts may be for the entire Commercially Available Catalog, for specific products, product lines, manufacturers or category of products as determined by the Bidder. See Pricing section for detailed information on Catalog Pricing.
	✓	LINE ITEM: A line-item bid is utilized when the products and services solicited cannot be identified or listed as a single unit; consists of a number of different variables and configurations, it is necessary to identify the specific project or application; the end product or solution is made of individually priced elements or components and the end product’s or solution’s cost is derived by the Vendor Partner specially prepared and providing a quote based on the project’s terms, conditions and requirements. See Pricing section for detailed information on Line-Item Pricing.

3. Anticipated AEPA Member Agency Participation

State	Participate?	Other States Member Sells In
California	Yes	AZ, NV
Colorado	Undecided

Washington	Yes	AK, ID
West Virginia	Yes	
Wisconsin	Yes	
Wyoming	Yes	SD,UT

Please note that individual AEPA Member Agencies that have indicated that they intend to participate in any contract approved under this solicitation, does not guarantee or mean that the individual AEPA Member Agency will enter into a contract with any AEPA approved Vendor Partner. Each AEPA Member Agency will make that determination after reviewing Vendor Partner responses and AEPA's recommendation for acceptance and bid award. The AEPA Member Agency's contracting decision shall be final.

4. Anticipated Volume

The Technology Catalog category is a currently awarded group of contracts by AEPA members. The resulting bid will be an Indefinite Delivery, Indefinite Quantity (IDIQ) contract(s). AEPA Member Agencies estimate approximately \$149 million in sales in the first contract term. AEPA Member Agencies anticipate that purchase volumes will increase over the course of contract years two (2) through four (4). This information is provided as an aid to Bidders in preparing responses only. It is not to be considered a guarantee of volume under this IFB. The successful Vendor Partner's discount and pricing schedule shall apply regardless of the volume of business under the contract.

5. Voluntary Pre-Bid Conference Call

AEPA will host a voluntary pre-bid conference call for any interested Bidders or potential Bidders. The conference call times are set in the following schedule for each of the four contiguous United States time zones. No pre-registration will be required. Recording of the conference call will be posted on the AEPA Website.

Voluntary Pre-Bid Conference Call Schedule (All Categories) – August 12, 2021

6. Glossary of Terms and Abbreviations

Cloud Services: "Cloud Services" is considered a general term for various hosted services delivered over the internet. It is the use of remote, rented, or leased servers and/or space to store and manage data, rather than the use of a local, privately maintained server. Cloud services can include a wide range of applications, ranging from mere data storage, uploading, and downloading files, or real-time integrations, to email applications, disaster recovery, platform as a service, software as a service and other designs as a Vendor may define. For the purpose of qualification in this category, AEPA expects customizable Cloud Services from the Vendor Partner and potential wholesale suppliers, distinct from third-party apps such as Microsoft Outlook, Dropbox, Adobe Creative Cloud, and Sharefile.

Catalog: “Catalog” is a grouping of products and services representing merchandise and services from multiple manufacturers aggregated by a company for a one-stop shopping experience in the form of a commercially available, published paper book, booklet, single website, or mobile application.

Commercially Available Catalog: A “Commercially Available Catalog” is a publication of products and services uniformly visible to a wide population or set of businesses across the United States. This is as opposed to being a one-off catalog created for the purposes of responding to this solicitation for bids or a narrow niche catalog targeted to a small geographic location or specific group of business. Prices published in this print, digital, or website catalog will be considered its “Commercially Available Catalog,” “Base Pricing,” or “Commercially available Pricing,” the purpose being that a Bidder will not be able to create an artificial Base Price to affect an unfair or corrupt offer in response to this IFB. All pricing shall be in U.S. Dollars. Base pricing will be used in the calculation of a Final Effective Price for Rest-of-Catalog products, when the Bidder’s discount quote is factored in.

Historically Under-Utilized Business: An “Historically Under-Utilized Business” (HUB) is a category for companies that have traditionally failed to reap the benefit from full and equal procurement opportunities. Typically, these types of companies may include women-owned, disabled veteran-owned, and minority-owned businesses or operations defined as small business, micro businesses, or businesses operating in enterprise zones. For the purpose of the IFB, a Bidder opting to offer a HUB program, may self-define the types of HUB businesses it includes in its network of HUB partners and the role they play; however, the Bidder must ensure that the partner-authorized HUBs provide a “Commercially Useful Function.”

Commercially Useful Function: As it related to HUB businesses, a “Commercially Useful Function” (CUF) is work that is integral to sales, delivery, or supply-chain solution, and not a mere façade for the pass through of goods. Examples of HUB work that qualify as a Commercially Useful Function include instances when HUBs:

- Execute a specific element of the scope of work including supplying of goods and services.
- Provide services work that is normal for the firm’s assortment of business services.
- Are fully or partially responsible for paying for wholesale materials, conducting sales, installation of products, delivery of products.
- Do not subcontract a portion of the work greater than expected by industry practices.
- Act as resellers, buying products wholesale from the awarded Vendor/Contractor.

7. Special Terms and Conditions

Item	Description
7.1.1.	The Vendor Partner will pass through any manufacturer warranties on all products sold and make instructions available to buyers on how to claim rights based on a warranty when necessary.
7.1.2.	The Vendor Partner will endeavor to include products in its catalog that are made in the United States of America.
7.1.3.	The Vendor Partner will endeavor to include products in its catalog that are Green Star certified or ecologically friendly.

8. Standard Specifications

Item	Description
8.1.1.	The Vendor Partner will have access to a full inventory of the awarded product line.
8.1.2.	The Vendor Partner shall maintain a minimum monthly overall average fill rate of 95% or above. Line items that are reordered, backordered, or partially filled are not considered

Item	Description
	filled line items when calculating this service level. Exceptions are granted for the fulfillment of Chromebooks and other products where the supply chain has been disrupted due to the COVID 19 pandemic.
8.1.3.	Orders must be shipped within 48 hours after receipt of an order 90% of the time. The Vendor Partner will notify the Buyer if product ordered cannot be shipped within this time period to provide the opportunity to secure product elsewhere.
8.1.4.	Vendor Partners must be a manufacturer's authorized sales and service dealer for all proposed equipment/software. An authorized sales and service dealer is defined in this solicitation as one purchasing their products for resell directly from the manufacturer(s) or the manufacturer's approved channels. Products that result from new authorized sales and service dealer arrangements between the Vendor Partner and the manufacturer during the term of this contract may be added and offered through AEPA members' contracts.
8.1.5.	All charges and components necessary for performance of the contract shall be clearly identified even if such are not specifically addressed in any paragraph or sub-paragraph or form that is a part of this request.
8.1.6.	If the Vendor Partner intends to utilize independent agents/distributors, subcontractors and/or third-party agents to perform and/or provide any part of the products and services offered herein, the Vendor Partner must identify all providers and any and all associated costs with these providers.
8.1.7.	Optional services must be identified separately, and they must include descriptions of proposed services with a corresponding bid discount structure.
8.1.8.	Vendor Partners must provide a product or mix of products in a manner that will allow Buyers to migrate to emerging technologies/services and between legacy technologies with no penalty charge associated with maintaining the most appropriate selections of goods and services throughout the life of the contract.
8.1.9.	If providing paper catalogs, the catalog shall have a cover label indicating that the catalog's contents are available through the participating Member Agency and the AEPA-related contract. The label shall give reference to discount level(s) and any special ordering instructions. When providing a Commercially Available Catalog on a website or through other digital means, the bid-discounted prices must appear for each product or service.
8.1.10.	Packing slips shall accompany all deliveries and shall contain Buyer's purchase order number, Vendor name, and name of article. Cartons shall be identified by purchase order number and Vendor name.
8.1.11.	Orders not filled and partials shall be indicated on the packing list. Vendor Partner shall inform member of anticipated availability date for unfilled and partial orders.
8.1.12.	All products sold by the Vendor Partner must be new, unless specifically identified within a category of products such as "remanufactured" or "refurbished," where such remanufactured or refurbished products have a Commercially Available Price and an applicable bid discount formula. Awarded Vendor must be able to offer the newest versions of software and equipment available from manufacturers.
8.1.13.	A Bidder's Commercially Available Catalog must advise customers of applicable return policies or any money-back guarantees.
8.1.14.	Vendor Partner has the option to offer private label products. Vendor Partner shall maintain the same manufacturer specifications for private label products throughout the term of contract. Any change of manufacturers for a private label shall result in offerings equal to or superior to the originally approved manufacturer at a price equal to or lower than the original offering.

Item	Description
8.1.15.	If the Vendor Partner makes an error in pricing (typographical or photographic error, for example), the Buyer reserves the right to return the product. The Vendor Partner agrees to pay for cost of any returned product due to a pricing error.
8.1.16.	Vendor Partner shall provide a Safety Data Sheet (SDS) for all items sold, if required. A separate sheet shall be provided for each individual item when purchase is made.
8.1.17.	Orders that are \$250.00 or more shall include standard shipping in the total price. Vendor Partner shall bid a flat rate for all orders that are less than \$250.00 regardless of where to be shipped in the continental United States.

9. Category Specific Catalog Specifications

Item	Description
9.1.1.	Vendor Partner shall provide a broad-based line of at least <u>100,000-line items</u> in its catalog, covering the commodity categories listed in the scope of bid (Sections 10 and 11).
9.1.2.	Vendor Partner shall have a website, including search capabilities, browsing, a shopping cart, acceptance of purchase orders, posting of the exact contract price, and order confirmation, Other desired features include the ability for an agency to set up users within agency accounts, set purchasing authorization limits, views of order history, order tracking, online returns, and quoting.
9.1.3.	The Vendor Partner agrees that full refund, credit, and/or exchange will be granted to any defective-on-arrival (DOA) merchandise, if reported within thirty (30) days of receipt of the order. If orders are received when school is not in session (spring break, summer vacation, and Christmas break), the thirty (30) days will be extended for a reasonable period.
9.1.4.	A Vendor Partner must agree to assign a dedicated senior-level contract manager (one authorized to make decisions) to a Member Agency's account. This employee will have a working knowledge of the contract and all contract documents in his or her possession.
9.1.5.	Optional: A Bidder may include, as part of its offer, a program for the inclusion of HUB business to fulfill Vendor obligations under this contract. If offering such a program, the Bidder must include a separate attachment to its bid packet describing the program, the roles of HUB businesses, and naming the HUB business that may be included at the onset of the program. If awarded a contract, the Vendor may change participating HUBs from time to time, and the participating HUB businesses must be reported to the Technology Oversight Committee, no less than once a quarter if there are any changes.

10. Hardware to be Included in Catalog

Item	Description
10.1.1	At a minimum, a Bidder who becomes a Vendor Partner must be able to provide the following types of products as part of its catalog:
10.1.2	Major brand computers, including servers, desktops, laptops, tablets with operating systems based on Windows, Apple, and Chrome
10.1.3	Computer peripherals including storage, monitors, web cameras, speakers, keyboards, cases, mice, memory, graphic cards, card readers, graphics pen tablets and laptop charging stations, etc.
10.1.4	Tablet accessories including cases, stands, keyboards, protective screens, stylus, and cables, etc.
10.1.5	Computer backup equipment and solutions.
10.1.6	Computer storage media including, but not limited to, optical, flash drives, and compact flash.
10.1.7	Ink, toner, and print supplies, including Original Equipment Manufacture products and

Item	Description
	after-market products.
10.1.8	Digital still and video cameras, with related accessories.
10.1.8	Computer and audio-visual cables.
10.1.10	Networking products including servers, wireless, routers, hard drives, switches, hubs, rack mounting equipment, surge suppressors, battery backup, and test equipment.
10.1.11	Audio equipment and peripherals including mixers, PA systems, recorders, headsets, microphones, and speakers.
10.1.12	Multimedia monitors and projectors including peripherals such as mounting hardware, screens, cases, DVD, Blu-ray and 4K players, 3D glasses, and replacement lamps.
10.1.13	Whiteboards, both projection and interactive flat panels, and document cameras.
10.1.14	Calculators and accessories.
10.1.15	Bar-coding solutions from major manufacturers.
10.1.16	Robotics and Virtual Reality products.

11. Software to be Included in Catalog

Item	Description
11.1.1	At a minimum, a Bidder who becomes a Vendor Partner must be able to provide the following types of products as part of its catalog:
11.1.2	Major software operating systems as they may exist in isolation or as part of a device with unique configurations, licenses, or subscriptions, such as Apple MacOS, Microsoft Windows, Google's Android OS, Linux Operating System, Apple iOS, and Chrome OS.
11.1.3	Major daily work applications with any available configurations, licenses, or subscriptions, including Adobe software products, and Adobe Creative Cloud, Microsoft Office, Microsoft 365, and Google Workspace.
11.1.4	Networking, data, and server software, with examples being products like Microsoft Power BI and Azure, Barracuda, Arcserve, VMware, SolarWinds and other equivalents.

12. Optional for Inclusion in Catalog

Item	Description
12.1.1	Cloud data, storage, integration, management, consulting, and other Cloud-related services and solutions may be offered, customized, and sold under this agreement provided that the Vendor/Contractor has published an underlying Commercially Available Price basis for at least one corresponding package or compilation of products and services in its catalog. Given the dynamic nature of Cloud solutions, new packages, compilations, configurations, subscriptions, and their bundled commercially available prices may change from time to time, but the Bidder's discount formula must be applied consistently to the configurations and commercially available base prices during the term of the contract. In a separate Exhibit, Vendors must designate which SKUs in its Rest-of-catalog template apply to one or more Cloud Services.

13. Pricing

AEPA members have identified and stipulated the type of bid and the pricing methodologies that are to be utilized to price and submit bid prices. The Vendor Partner agrees that the cost for any item bid or offered on this contract will be uniform for all states, and that any differences in pricing are due to state-specific installation and local labor costs, AEPA Member Agency's Administrative Fee, or other approved reasons. **The Bidder/Vendor Partner must agree that they will offer prices equal to or better than what they**

ordinarily offer to individual entities or cooperatives with equal or lesser volume. Please note the following that relate to pricing:

a. **Catalog Pricing:** Bidders are required to complete the Excel bid pricing templates with their offers.

i. **A Core List Template** of curated products and services garnered through research and most-commonly purchased products by AEPA members in the year 2020. To be responsive with regard to pricing, a Bidder must be able to price at least **50.1 percent** of the items on this pre-populated Core List. For each product specified, the Bidder must provide a base price from its Commercially Available Catalog, a discount formula consistent with the discounts offered on Part F, tab F1 and the final effective bid price after applying the percentage discount against the Commercially Available Base Price.

Bid prices for the Core List are subject to the fixed discount during the term of the contracts, but the underlying base price may fluctuate based on changes to the identified Commercially Available Price published broadly to buyers through the United States.

Where the specification for a Core List product states a named brand, an equivalent substitution may be bid; however, the burden is on the Bidder to provide evidence that a proposed substitution meets or exceeds the specified named product and its attributes and that it provides an equal or better warranty.

If substitute equivalent products are proposed in the bid, the Bidder must provide a detailed comparison for each to include a list of all the significant qualities of the product named in the specification and those of the proposed alternate product(s). Significant qualities include attributes such as performance, weight, size, durability, visual effect and specific features and requirements indicated. AEPA members reserve the right to reject a proposed substitute product if upon review, it is judged not equal to or better than the named product in the specification. In is in the best interests of Bidders to price more than **50.1 percent** of the items on the Core List in case any substitutions are deemed not equivalent or if insufficient information is given to establish an equivalency.

ii. **A Rest-of-Catalog Template** to be populated by Bidders with a minimum of 100,000 products (the specified minimum for a responsive bid), but no more than 300,000 products, representing the most likely technology products and services to be purchased by education and public-sector entities.

The Bidder must offer a fixed discount(s) off the identified Commercially Available Base Price. Bidders may self-identify the categories for discounts, whether for the entire Commercially Available Catalog, for specific products, product lines, manufacturers, category of products, or products in like groups.

b. **Discounts:** Discount offers must clearly identify the percent discount to apply to a Commercially Available Catalog, manufacturer, MSRP, retail or nationally published price lists. Bidders shall identify and stipulate if the discounts apply to the entire catalog/price list, specific product lines, manufacturers and/or categories of products. Bidder shall agree that there will be no reduction in discount(s) during the term of the contract.

c. **New Catalogs/Price Changes:** New catalogs and corresponding nationally published price lists may be submitted throughout the term of the contract and shall be submitted to the AEPA Technology Oversight Committee for review prior to release to all AEPA Member Agencies. Prices may change based on manufacturer's price changes, new published pricing, or price lists, but the original discount bid formula shall remain firm for the duration of the contract.

- d. **Product Addition/Discontinuation:** New products, within the same scope of work, may be added at the established percentage discounts at any time. Discontinued products may be dropped at any time during the year. In the event a Core item is discontinued by the manufacturer during the term of the contract, Vendor Partner is required to add a functionally equivalent substitute at the same discount structure.
- e. **Secondary Pricing Methods:** While Bidders are required to offer formula-discounted prices for items in their catalogs, they are encouraged to offer Volume Discounts as follows:
- i. **Customized Price List:** While Bidders are required to offer formula-based price lists to Participating Entities for items within the Bidder's Commercially Available Catalog, it is in the interest of Vendor Partners and public-sector buyers to agree upon greater discounts in certain circumstances without having to offer the same price nationwide. Customized price lists can be created for a customer under the following conditions:
 - Items shall be from within the Vendor Partner's Commercially Available Catalog
 - Participation of the Vendor Partner in offering further discounts is voluntary.
 - Notwithstanding terms in Part A, up to 100 unique SKUs per calendar year per buying agency may be discounted without the Vendor Partner having to extend the same discounts to other agencies.
 - Items on the customized price list shall be sold with an additional discount that is deeper than what was originally bid on the non-core or catalog discount.
 - Items may not include special order or customized service products unless agreed to by the Vendor Partner.
 - ii. **Short Term Pricing Reductions/Incentives and Regional Promotions:** Respondents are invited, at their option, to offer a selection of products/services at greater discounts than those listed in the standard catalog or core list discounts. Special time-limited reductions are permissible under the following conditions:
 - The price reduction is for a specific period, no less than thirty (30) days.
 - The reduction/incentive may be used to discount and liquidate close-out and discounted products/services if those items are clearly labeled as such.
 - The original price for products/services is not exceeded after the time limit.
 - The AEPA Category Committee and any affected AEPA Member state shall be notified of any special or time-limited price reduction.
 - New prices must be on record fifteen (15) days prior to any offer of the new priced being proposed or offered to AEPA Member Agencies and Participating Entities.
 - Pricing for all items must be submitted to all affected AEPA Member Agencies in an electronic format so that specials can be posted to websites, emailed, and shared with Participating Entities/Buyers.
 - iii. **Volume Price Discounts:** Bidders are encouraged to offer additional pricing discounts that may be offered for a group of agencies in a local geographic area that desire to combine requirements (one-time purchase, or annual spend), i.e., local city, county, school district(s), etc. and/or for large one-time purchases. Additional volume price discounts are permissible under the following conditions: Discounts should be tiered and based on spend ranges as established by the Bidder on the Pricing Forms. Volume determination shall be determined between the Vendor Partner and the individual Buyers on a case-by-case basis. All additional discounts are to be offered equally to all AEPA Member Agencies and Participating Entities and be based on the Volume Price Discounts originally bid providing the same or similar volume commitment, specific needs, terms and conditions, a similar time frame, seasonal considerations and provided the same manufacturer support is available to the Vendor Partner.

2. Part F - Pricing Workbook

- a. This bid category has 1) a Core Item List of most frequently purchased products and 2) a requirement for Bidders to price up to 300,000 products representing the remainder of their catalog.
- b. Pricing shall be completed on the provided pricing sheets (Microsoft Excel Workbook) with the individual tables to be completed as follows:
 - i. F.1 – Catalog Discount (Required)
 - ii. F.2A – Core List Price Schedule (Required)
 - iii. F.2B – Non-Core, Rest of Catalog Price Schedule (Required)
 - iv. F.3 – Services Price Schedule (Optional)
 - v. F.4 – Volume Discounts (Optional)
- c. Bid pricing will be evaluated on a combination of items from both the Core List and Non-Core List Rest-of-Catalog Price Schedules. Pricing evaluation may include other considerations, including the total cost of acquisition. See Evaluation, Approval and Award in Part A – Terms and Conditions for additional information.
- d. Note: To be considered for an award for a Vendor having a Cloud Services solution, at least one or more SKUs for a Bidder-defined Cloud solution must be included in the rest-of-catalog pricing spreadsheet.
- e. Upload your current catalog as a PDF.

14. Evaluation

The AEPA Committee for this category will evaluate bid responses based on the entire response, and according to the criteria detailed in Part A for AEPA's definition of Responsive and Responsible bids. A recommendation may be made to recommend a single response, or to recommend multiple Bidders based on differentiation of product or service between Bidders. AEPA members will vote to recommend or not recommend a bid for an award by individual state members. Please note, evaluation may include other considerations, such as responsiveness to terms and conditions, presence of required forms, and the total cost of acquisition. The evaluation committee may also consider such factors as life-cycle costs, and total cost of ownership.

Part F.2A – Core List Price Schedule
AEPA #022-G Technology Catalog

INSTRUCTIONS: Complete the following information for **all core items listed below**. These are higher usage items. **You must give a bid price for at least 50.1 percent of these items (\$,962) to be responsive.** If you choose to offer any substitutions, enter your product information in Columns K through P.

NOTE: The Net Effective Price MUST be consistent with the percentage discounts listed on the F.1 tab. **Failure to have prices correspond may be cause for rejection of your offer.**

Part F.2A is a REQUIRED FORM

From Part B Terms and Conditions about Substitutions: "If substitute equivalent products are proposed in the bid, the Bidder must provide a detailed comparison for each to include a list of all the significant qualities of the product named in the specification and those of the proposed alternate product(s). Significant qualities include attributes such as performance, weight, size, durability, visual effect and specific features and requirements indicated. AEPA members reserve the right to reject a proposed substitute product if upon review, it is judged not equal to or better than the named product in the specification. In is in the best interests of bidders to price more than 60 percent of the items on the Core List in case any substitutions are deemed not equivalent or if insufficient information is given to establish an equivalency."

NOTE: The Net Effective Price MUST be consistent with the percentage discounts listed on the F.1 tab. **Failure to have prices correspond may be cause for rejection of your offer.**

Re: Technology Catalog | ITB AEPA #022-G

To the AEPA Evaluating Committee:

The Association of Educational Purchasing Agencies (AEPA) is seeking catalog proposals from qualified vendors who can provide a vast array of technology products and services to members within your 29 state agencies. As a leading technology Value Added Reseller and current AEPA provider, CDW Government LLC (CDW•G) has the experience and the expertise to provide your members with product and service sourcing that is in line with your organizational goals.

Serve all AEPA members regardless of size. CDW•G serves over 15,000 K-12 entities across the country, from the largest districts to small private institutions. Our ability to scale allows us to support the unique IT needs of both our large and small customers, all while maintaining a standard of support that promotes equity of customer service across the board. No customer is too small to be treated as a priority, nor too large to experience a lag.

Provide high-quality products and services. AEPA members will receive only products of quality. CDW•G does not procure from third party or gray market vendors; we work only with the manufacturers and their authorized sources directly to ensure a secure supply chain. Additionally, CDW•G only sells new items from the OEMs, unless an AEPA member otherwise requests refurbished items. When it comes to services, CDW•G works closely with our vendor partners to train and certify our account managers and technical staff and to deploy and manage technologies in customer environments.

Streamlined purchasing model. Our breadth and depth of catalog provides AEPA members access to over 250,000 products from over 1,000 major manufacturers. Our standardized order process and eCommerce capabilities mean that all your members can purchase with ease and consistency. Due to CDW•G's status as a current AEPA vendor, business continuity will be maintained, with none of the inherent disruption of bringing on a brand new vendor who does not possess the knowledge or strong partnership that already exists with CDW•G & AEPA.

Streamlined contract management. At CDW•G, AEPA is supported by a department singularly devoted to managing contracts. We have processes in place to ensure that the contract is maintained throughout the life of the contract; we utilize automated internal systems as well as Program Management personnel to manage the proposed price structure. Our dedicated contracts team has worked and will continue to work intimately with state-level representatives in order to continue prioritizing individual AEPA member needs.

National reach with a local touch. AEPA members across the country have access to CDW•G's products and services. The nationwide reach of our sales teams and services bench, together with our extended network of regional distributors and local, diverse business partners, mean that AEPA members on different sides of the country receive individual attention but without varying levels of service and support.

CDW•G has been a trusted AEPA partner since 2003, and we look forward to continuing our partnership and enabling this contract to continue growing. Should you have any questions about our offer, please reach out to Sr. Proposal Specialist Lindsay Bensenhaver at LinBens@cdw.com.

Sincerely,

David C Hutchins

David C. Hutchins
Vice President, Strategic Programs

Executive Summary

The Association of Educational Purchasing (AEPA) has successfully created a procurement program that achieves administrative efficiency and best value for its users while collectively representing the voices of those they represent. Currently, AEPA is seeking a qualified vendor who can provide a wide technology catalog on a national scale.

The intricacies of IT coupled with the inherent complexities of cooperative management call for a vendor with demonstrated expertise in both domains. Strategic sourcing hinges on the iterative collaboration between the cooperative and its solutions provider. This partnership requires much more than quick fulfillment and good pricing. It commands a partner who understands the cooperative's goals and how to achieve them.

At CDW Government LLC (CDW•G), we believe our longstanding relationship with AEPA exemplifies such a partnership. We have had the privilege of working with AEPA on the current iteration of the Technology Catalog contract. Since 2003, we have not only met your goals, but we have also been able to help grow contract utilization amongst our growing customer base of K-12 entities. In fact, contract sales for our current AEPA agreements grew over 45% from 2018 to 2020.

CDW•G has the experience and the expertise to continue to provide your members with product and service sourcing that is cost-effective, emphasizes overall value, and exceeds members' expectations for customer service.

We know that it takes more than historical growth to drive future success. We have used the lessons we have learned during our time supporting this contract to refine processes and inform strategy. We have intentionally evolved this model to align with AEPA and their member's mission. For this next iteration of the contract, we will help AEPA continue to evolve through the following:

- Optimized sourcing efficiency and overall value
- Seamless adoption and expansion
- Contract vibrancy and relevance
- Continued dedication to customer service
- National reach, local touch

Optimizing Sourcing Efficiency and Overall Value

Streamlined Sourcing

Through CDW•G, AEPA members have access to more than 250,000 top brand-name products from more than 1,000 leading manufacturers. With our ability to stock a wide range of products from a diverse portfolio of manufacturers, we are able to function as a sole-source vendor for AEPA members' hardware and software needs.

450,000-square-foot distribution center in IL

513,000-square-foot distribution center in NV

CDW•G offers the operational model to bring strategic sourcing to life so AEPA's procurement of IT solutions benefits from simplicity and efficiency. We seek to collaborate with the AEPA members to evolve and execute their strategic sourcing initiatives. K-12 entities often face several challenges in IT sourcing while striving to achieve student outcomes. CDW•G aims to be their partner of choice to overcome these challenges while reaching their goals – a strategic sourcing ally.

Accuracy and speed are critical to the customer experience. Keeping this in mind, our operational model helps AEPA members to realize efficiencies through consolidation – decreasing the number of necessary transactions; eProcurement integration – supporting flexible reporting electronic invoicing; and a robust logistics network – enhancing product availability, secure product sourcing, and timely delivery.

Total Value

CDW•G provides AEPA a full range of products and services that enable your members to develop the best total solution to meet their specific needs while attaining the best value. We understand that AEPA members deserve a user experience that goes beyond the closing out of a purchase order. With that in mind, CDW•G aims to secure the vitality of long-term solutions for members, not just basic transactional business focused solely on hardware purchases. The value we bring to AEPA members can best be encompassed as follows:

- Partner network—OEMs, services and distribution
- Value-added services with integration capabilities
- Highly skilled specialists and engineers
- A full stack of solutions across the IT lifecycle

While some vendors will offer attractive pricing up front just to win an opportunity, there is no guarantee that the lowest price will necessarily translate to the best investment. CDW•G understands that AEPA members need more than just a sourcing partner; they also need partner who can optimize their technology throughout the lifecycle and make it more affordable. Price is not just the number on the quote—there are always hidden costs that go into maintaining technology, and AEPA members benefit from a vendor who can provide the services and transparency to take care of that technology – avoiding hidden costs and saving more money in the long run.

CDW•G sits between customers and vendor partners, creating value for both. As a trusted advisor, we help customers navigate and successfully excel in an ever-changing world by providing them the technology advice and solutions they need – when, where and how they need them.

Primed for Seamless Adoption and Expansion

As a current holder of this contract, CDW•G is well poised to provide AEPA members with a smooth transition to its newer iteration with little to no disruption. Members won't have to struggle with the hassles associated with becoming familiar with a new vendor, learning a new purchasing system, or building a rapport from scratch with a new sales force.

Through our experience with this contract, specifically, as well as 30 years in the public sector serving school districts, campuses, and state & local governments, CDW•G has the tools in place to easily facilitate a multi-state campaign. We can put in place the nationwide initiatives needed to promote contract adoption using our internal resources and customer network.

This adoption can be enhanced by an exclusive vendor partnership on this contract. Sellers can invest more deeply into the contract when they are assured in positioning AEPA with their customers, as it affords them the time to fully vet a customer's needs and build robust solutions to address those needs. The contract model empowers our sellers to forecast accurately, secure funds, and work with our OEM partners to drive incremental savings.

The benefit to AEPA members is also significant. With a sole-award framework, members have one vendor to rely on rather than integrating several vendors into their purchasing processes. This reduces purchasing complexity and provides members with better pricing since OEMs are competing with each other through a single VAR rather than against themselves via multiple vendors. As a result, members can feel confident that they are getting the best value, without the need to price shop between multiple vendors – optimizing the customer experience and increasing efficiency.

When it comes to growing contract utilization, CDW•G is a ready partner with historic success in this area. Our historical success is due largely in part to the structure of our sales force, which allows us to develop relationships with a large number of customers across regions and segments. Our account teams are vertical specific, meaning that account managers covering K-12 will not also cover Hi-Ed or state & local. Currently we have relationships with over 15,000 K-12 entities across the country, supported by account teams who are experts on the needs and requirements of K-12 environments.

Moving forward, CDW•G looks forward to continuing to help contract utilization grow through new member adoption. We will implement a robust marketing plan that focuses on utilizing our specialized contract resources, established and tenured sales force, our multi-modal marketing solutions, and our tried and trusted contract launch process. Details about our marketing plan can be found in separate attachment.

Ensuring Contract Vibrancy and Relevance

In order to ensure success, CDW•G understands that a contract solution is not limited to just marketing campaigns and outreach but must also include compliance and a solid operational foundation. CDW•G has a department singularly devoted to managing contracts. Its responsibilities are separate from those held by account managers. Members of the program management department work full-time to maintain contract compliance and administer contract procedures, such as reporting. CDW•G invests in these resources based on our understanding that contracts are complex sets of commitments.

By making contract management the sole domain of a set of experienced, trained program management professionals, CDW•G remains dedicated to standardizing the process and ensuring a vibrant contract lifecycle.

As a VAR with a widespread catalog and comprehensive knowledge of IT solutions, we offer the solution that best fits the user needs rather than thoughtlessly promoting one brand or solution. This approach creates a nimbler contract option for all members with a contract vehicle that allows multiple solutions on a single agreement and a clear onramp for new technology – fostering contract vibrancy across its lifecycle. Having served on this contract since 2003, AEPA members will benefit from a seamless contract transition. With the contract already set up in our system, members would not experience a lapse in contract coverage. CDW•G's program management team already has a thorough understanding of AEPA reporting requirements, and we are already well established with individual state agencies. This means less buffer time to work out kinks in the process, and it also means less set up for agencies to receive contract fee

payments. Overall, negotiations with member agencies will be more streamlined with the current mutual operational understanding of all parties.

In short, because of our experience and the investments CDW•G has made to our contract management processes, we are able to hit the ground running with AEPA, your state agencies, and your individual members. We can provide a level of flexibility that allows AEPA members' needs to easily be met as technology and those needs evolve.

Commitment to Our Customers

CDW•G continues to maintain the strong customer focus that has been the key to our success. We adhere to a core philosophy known as the CDW Circle of Service, which means that everything we do revolves around our customers. It drives us to provide outstanding customer service and the best value.

As a vendor-neutral technology integrator, we offer best solutions for a customer's environment. This is because AEPA members are better off with solutions that make the most sense for their need. As such, our account managers don't simply process orders; they also serve as trusted purchasing advisers to our customers. This role is supported by our relationships with all the top manufacturers and service partners, who work with our account managers to develop tailored, custom solutions that provide the most value to members for every stage of their IT journey.

Customer Service Success Story

CDW•G understands that great customer service begins by leading with the goals we share with our customers. As such, CDW•G has evolved alongside a large Missouri school district to develop and implement innovative procurement and technology solutions. For more than 12 years, the district's dedicated CDW•G account manager has worked continually and diligently to understand the district's IT goals and bring them to fruition. His customer-centric approach has fostered genuine collaboration - acting as an extension of the district's IT and procurement teams. When the district needed an efficient and comprehensive fulfillment avenue, their CDW•G account manager recommended AEPA. This customer has been using it as their primary procurement vehicle ever since.

The global pandemic has introduced unique, inconvenient circumstances. Specifically, the supply chain constraints induced by the pandemic pose challenges for all vendors in the channel. At CDW•G, we proactively coordinate our inventory resources, logistics capabilities, and extensive partner network to mitigate the impact from these product constraints. The district's account manager took this one step further to help them with a recent Chromebook purchase. The account manager was attuned to the district's needs and, despite significant barriers, he was able to orchestrate licensing, services, pricing, and our strategic partners to align with the customer's budget and requested timeline. All the while, the account manager maintained a transparent line of communication to keep the district apprised of progress. Not only did the district's CDW•G account manager get it done, but he upheld a positive customer experience, affirming the trust the district has established in CDW•G.

As this example demonstrates, we maintain an unwavering commitment to our customers. Many vendors can state how they helped a customer successfully achieve IT objectives, but far fewer have the wherewithal and the integrity to guide customers through tumultuous times. However, we understand that how we deal with adversity impacts how and when we succeed.

National Reach, Local Impact

CDW•G is well equipped to pair our resources of a national, Fortune 500 company with the customer intimacy of a local vendor. We do this in three primary ways:

A regionalized sales force. Our account managers are not only vertical-specific (K-12, Hi Ed, State & Local), but they also serve specific regions of the country. Our account managers work within a defined geography with an increased understanding and awareness of their markets, trends, local competitive environments, and ultimately their customers. Also, we deploy an in-market, field sales force to further foster customer intimacy. We are well positioned to maximize coverage for AEPA members, improve their level of service, drive new business, and better align with vendor partners.

Diverse business partnerships. Committed to a long-term vision of business diversity, we have formed more than 1,100 partnerships with minority-owned, woman-owned, and small, disadvantaged businesses, including product manufacturers, distributors and service providers. As part of these relationships, we invest time and resources to help our partners become stronger, more effective businesses. By continually engaging small, local, diverse vendor partners, CDW•G spreads direct and indirect economic development to communities across the nation, creating a far-reaching multiplier effect that ripples through the local economies. We are committed to tracking and reporting on the impact of these efforts by measuring business production as well as job and wage growth.

A commitment to serving our local communities. Since our founding more than 35 years ago, CDW•G and our coworkers have been committed to supporting local communities where we live and work. This support is embedded across our organization, with coworkers at all levels giving of their time and talents to various programs and passions. CDW•G dedicates meaningful support to our communities and works closely with coworkers to support causes that matter most to them. Local community relations, Business Resource Groups, small groups of coworkers and individual coworkers are all important voices in raising awareness of issues and causes that matter most. The local perspective is critical in helping us identify and support opportunities that will bring the greatest impact.

Conclusion

No potential vendor is better positioned than CDW•G to continue and maintain AEPA's upward trajectory in today's complex and changing IT market. As the technology provider for AEPA, CDW•G will shepherd the contract to new heights and ensure the continued prosperity of the AEPA brand.

We know the need for vendor support does not stop at deployment completion. Maintaining technology program agility and alignment with the goals of AEPA's member institutions is a continuous task. You need a vendor that does more than meet your RFP's technology requirements; you need a vendor partner that shares a passion for innovation and continued development.

We pledge to remain dedicated to supporting the full scope of your technology and contractual needs. AEPA can be assured that we do not rest on our laurels. CDW•G's relentless focus and undivided attention allows us to fully vet AEPA member needs, build robust solutions to address

those needs and provide competitive pricing over the life of the technology. CDW•G's aim in addressing this RFP's requirements is to continually enhance how IT supports AEPA members' goals, while saving budget dollars and valuable IT staff time.

Part D - Questionnaire

AEPA 022 - G

Technology Catalog

Instructions

This questionnaire contains forms and requests for information required by AEPA for vendor evaluation for responsiveness and responsibility.

To submit the required forms, follow these steps:

1. Read the documents in their entirety.
2. Respondents must use Part D – Questionnaire to its capacity. Attached exhibits and/or supplemental information should be included only when requested.
3. Complete all questions.
4. Save all pages in the correct order to a single PDF format titled ***“Part D – Questionnaire – Name of Company”***.
5. Submit Part D, along with other required documents in Public Purchase.

The following sections will need to be completed prior to submission and submitted as one single PDF titled “Part D – Questionnaire – Name of Company”:

Private Sector	**	**	**
Total	**	**	**

CDW•G breaks out our corporate, public, and private sector sales segments differently from the tables requested above. For example, K-12 and Higher Education sales are combined as our Education category. Government comprises state, local and federal segments, and non-profit is part of our "Other" category. Additionally, because this is a catalog bid, the requested products and services comprise our total sales data.

We have included our own tables below in order to more adequately represent our segment and category sales, respectively. Please note that "2021 YTD" is current as of the end of Q2, 6/30/21.

CDW Net Sales by Segment

Work Force

Key Contacts and Providers: Provide a list of the individuals, titles, and contact information for the individuals who will provide the following services on a national and/or local basis:

Function	Name	Title	Phone	Email
Contract Manager	Jeff Hagen	Mgr. Program Management	813.462.4055	jeff.hagen@cdwg.com
Sales Manager	CDW•G's team of dedicated sales managers and field sales managers will support their respective customers. AEPA sales managers and their regions are provided below.			
Customer & Support Manager	Customer service is provided by account managers and field account executives by region. For the sake of brevity, we have not included the specific information of all our almost 400 education account managers and additional State and Local account managers. If AEPA members require confirmation of who their account manager is, that information may be provided upon award.			
Distributors, Dealers, Installers, Sales Reps	CDW•G's account managers will be the primary point of contact for all AEPA members and will facilitate member needs with distributors and service providers.			
Consultants & Trainers	CDW•G works with multiple consultants and trainers. If further information is needed, AEPA members can contact their respective account managers.			
Technical, Maintenance & Support Services	CDW•G's account managers are members' first point of contact to facilitate technical, maintenance and support services for AEPA agencies.			
Quotes, Invoicing & Payments	Each member agency has a dedicated account manager who will provide quote, invoice and payment support.			
Warranty & After the Sale	For manufacturer warranty, AEPA members can contact the appropriate manufacturer. If additional information is needed, AEPA members can contact their respective account managers.			
Financial Manager	Jeff Hagen	Mgr. Program Management	813.462.4055	jeff.hagen@cdwg.com

Describe how your company will implement training and knowledge of the contract with your respective sales force. Furthermore, describe how your company plans to support and train your sales force on a national, regional, or local level and generally assist with the education of sales personnel about the resulting contract.

After contract award and execution of a contract, the CDW•G Program Management team will work with AEPA members to transition to the new iteration of the contract in our system and announce to the Sales teams. As a longtime supplier to AEPA members, CDW•G is confident that our sales force is already quite familiar with the details of this contract and are already geared up to implement upon execution. Nevertheless, the Program Manager will conduct trainings for the sales account teams supporting AEPA members on terms and deliverables of the new agreement. Sales enablement training will cover contract scope, membership and new contract requirements so that they can not only inform their customers, but also help them to navigate the new landscape. Our sellers will then be equipped with any relevant, newly developed collateral to inform members.

What is your company's plan, if your company were awarded the contract, to service up to 29 states. Describe if your company has a national sales force, dealer network, or distributor(s) with the ability to call on eligible agencies in the participating states in AEPA.

CDW•G supplies products and services to customers in all 50 states. Our headquarters are just outside of Chicago, IL., and we have over 30 local branch offices throughout the United States and Canada. These branches provide both sales and services support from CDW•G's sales force and badged technical resources. A list of our offices can be found below.

The ability to serve AEPA members across the country is supported by our regional sales structure, our extended services network, and our distribution capabilities.

Regional Sales Structure

As AEPA's member base continues to grow in the U.S., your ideal partner on this contract will be able to keep up as a valued provider to your diverse membership. Beyond blanketing members with sheer numbers, AEPA's ideal partner should also be aligned with the nuances of your members' industry sectors and procurement

environments; able to offer specialized support to help members meet their goals; and to fulfill this contract's full potential.

At CDW•G, we organize our sales force differently from other companies in order to best serve our customers. First, we form account teams knowledgeable about the unique public sector customers they support. These account teams serve customers exclusively within their sector, which closely match up with AEPA's member base: K-12 Education, Higher Education, and State & Local Government entities. The advantage to this model is that our account managers become experts within their sector, able to respond to the very specific needs of each.

For example, our account managers in education are knowledgeable in FERPA and other privacy laws, and our account managers in State & Local Government track applicable laws to the states they serve. Within each sector, CDW•G's sales force is then divided into twelve geographic regions across the United States. This model combines our vast resources as a Fortune 500 company with a personalized presence right in the neighborhood – leveraging our resources to implement local initiatives. As a result, the CDW•G sales force is aware of and prepared to support the local landscape in a way that is unmatched by personnel at both small local companies and traditional, national companies.

CDW•G also utilizes teams of field sellers, Field Account Executives and Advanced Technology Account Executives, to enhance our coverage beyond our office locations. **Field Account Executives** work in tandem with AEPA member account managers and CDW technology and solution specialists to provide valuable consulting services and outstanding sales support. Field Account Executives can arrange to visit member sites for business reviews, solution and services consultation, white board sessions and other meetings, on a regular basis or as needed, to ensure a high level of customer satisfaction. **Advanced Technology Account Executives** are experts in CDW's advanced technology services, having led teams designing and deploying complex IT solutions for many CDW customers.

Services Network

Supporting CDW•G's sales force in providing value to AEPA members is an extensive service force, made up of in-house service professionals that span coast to coast. CDW•G provides a unique combination of both in-house resources and outsourced services from qualified subcontractors to assist with projects across a wide range of technologies and solutions. Whether members are looking for imaging, managed services, software migrations, maintenance or onsite installations, CDW•G is able to provide AEPA members with the best possible resources to ensure maximum satisfaction and to save members both time and money.

In addition to our local branches, we have over 1,100 services professionals and a fast-growing network of trusted service and solutions partners. In fact, because of our national scale, CDW•G is able to identify areas of emerging need for AEPA members and then ramp up our expertise and resourcing in those areas.

Distribution

In addition to offices located in every region of the United States, CDW•G also has two state-of-the-art distribution centers strategically located for the fastest possible service. Our 450,000-square-foot distribution center located at our headquarters in Vernon Hills, IL, serves customer east of the Mississippi River, while our 513,000-square-foot distribution center located in North Las Vegas, NV, primarily serves customers in the western regions of the country. These distribution centers are strategically located to allow us to ship your products to your members quickly and cost-effectively.

Additionally, our proximity to our principal distributors enables us to obtain competitively priced, non-stocked items for quick turnaround.

Approach to Disruptions During Pandemic

AEPA members are well served by CDW•G's experience handling complex deployments for the largest school districts in the country. We have deployed devices nationwide, and we have the logistics capabilities to get devices to your member organizations, even in adverse conditions.

When AEPA members needed to quickly deploy device rollouts to enable distance learning, they leaned on CDW•G to scope, design, and ship solutions in quick order. When the facilities expecting these shipments were closed without advance warning, CDW•G worked closely with AEPA members to reroute packages and ensure the essential deliveries were received. Our teams successfully rerouted hundreds of shipments until receipt of acknowledgement. As the situation continues to evolve, our teams remain in contact with our carrier partners to provide updates and continue to leverage member input and requirements to inform our company-wide strategic buying decisions.

Our longevity and stability also play an important role in helping customers navigate through unpredictable and difficult circumstances. Many vendors can state how they helped a customer successfully achieve IT objectives, but far less have the wherewithal and the integrity to guide customers through unprecedented economic and global crises. This is because these efforts often involve significant time, expense, and resources on behalf of the vendor. However, our dedication to our customers transcends any short-term losses. When we invest in a customer, it is for the long haul. We understand that how we deal with adversity impacts how and when we succeed.

We are relentlessly devoted to helping our customers meet the challenges related to resolving their technology needs. One way we achieve this is through our agility in adapting to the unexpected, such as during the evolving stages of the COVID-19 crisis. Because CDW•G plays a critical role in continuing to supply IT products and services to our customers, we prioritized a strategic response that would ensure our customers' needs were met in the face of a significant strain on the global supply chain. We worked closely with our manufacturer partners to identify product recommendations based on projected availability.

Additionally, we have implemented sales and purchasing standards to address extended lead times and shortages. Since we carry an array of products, our sales teams have been trained to consider alternate sourcing methods and products to minimize lead times while addressing customers' needs. We leverage our expertise to offer innovative options. In this way and many others, CDW•G goes above and beyond mere fulfillment; we strive to be a true solutions provider for our customers.

Furthermore, we have applied stringent safety measures in our distribution centers in order to maintain business continuity while prioritizing the well-being of our coworkers. Due to our having two distribution centers in different portions of the country, we are able to maintain our supply chain in the event one of those centers goes down for any reason.

The economic impact of COVID-19 is already shaping up to be globally significant across all sectors. While the full impacts are yet undetermined, the world remains vigilant of potential ripple effects. AEPA members deserve a financially stable vendor who can help them to withstand this hardship by working diligently to minimize the impact. CDW•G has a proven track record of financial stability and is currently assisting AEPA members through the coronavirus pandemic.

Products, Services & Solutions

Provide a description of the Products, Services & Solutions to be provided by the product category set forth in Part B - Specifications. The primary objective is for each Supplier to provide its complete product, service, and solutions offerings that fall within the scope of this solicitation so that participating agencies may order a range of products as appropriate for their needs.

IT contracts, especially cooperatives, must offer members access to the advisors, subject matter experts, and resources that can help them navigate their options and select the right solution. Users require much more than quick fulfillment and competitive pricing. They need a partner who offers the attention and expertise to design and implement the best procurement and IT solution for their needs.

Effective solutions extend well beyond the quoting and ordering process. AEPA members require vendors who consider the full lifecycle of the solution. Moreover, customers require a vendor who considers and assesses the customer's entire IT ecosystem, IT support staff, and their long-term goals. With this information, the vendor can collaborate with the customer to orchestrate a comprehensive yet adaptive strategy that not only delivers on members' current needs but anticipates future shifts in technology. Only then will the solution address the evolving needs of the customer. Only then will the vendor be truly relevant to the customer.

This approach requires significant time and investment upfront from a vendor. As a result, many default to being a reactive, transactional partner. However, at CDW•G we believe this holistic approach is necessary to the success of our customers' IT initiatives. We take the time to understand the customers' entire infrastructure and their needs – establishing rapport and positioning CDW•G as a long-term solutions provider. Equipped with our broad portfolio and technology expertise, we ensure the customer's IT needs are addressed across their entire IT ecosystem. On behalf of AEPA and its members, we are able to uncover new areas for IT investment and growth.

Extensive Product Catalog

AEPA members will continue to have access to CDW•G's full product catalog, comprising over 250,000 items from over 1,000 brands, including Lenovo, Samsung, Cisco, Microsoft and HP (a full list can be viewed [here](#)). Our broad product catalog spans the following categories:

- Desktop computers
- Notebook/mobile devices
- Chromebooks
- NetComm products
- AV
- Power, cooling & racks
- Data storage/drive
- Enterprise storage
- Servers & server management
- Cart & office equipment
- Printing & document scanning
- Client-custom configurations
- Software
- Collaboration hardware
- Computer displays
- Cables
- Accessories

Additionally, members can continue purchasing from our ever-evolving services catalog. As AEPA's member base continues to grow in the U.S., your ideal partner on this contract will offer thorough, localized service coverage to meet the high standards of responsiveness that members have to come to expect on our existing contract.

Professional Services

CDW Services offer AEPA an unusual combination: the close relationship and easy access of a local provider who understands your IT environment inside and out, and the scale, efficiency and resources of a multinational provider. CDW is ranked No. 5 on CRN's 2021 Solution Provider 500 list, a ranking of the largest IT solution providers in North America by revenue.

Our deep expertise across a full range of integrated technology solutions backed by deep industry specialization allows us to provide flexible, end-to-end services to your members. Our on-demand resources provide the assistance and scale your IT team needs — freeing them up to focus on delivering bottom-line value and innovation.

We get that every IT solution is unique, and that its delivery must be customized to meet your specific needs. In tandem with industry-leading partners, our highly experienced architects, engineers and project managers will work with you to **design, orchestrate and manage** solutions that meet your needs and help you reach your IT goals.

From configuration and maintenance to advanced engagements across infrastructure, workspace, security and support, CDW has the expertise you need to help with everything. Our technical support and professional services experts, architects and engineers give your IT team the time and focus they need to turn IT into a competitive advantage.

Digital Velocity Solutions

In today's competitive market, the speed of digital priorities is critical to success. With the technical complexities of today's environment, organizations struggle to stay relevant and make progress. CDW's full-stack engineering services team focuses on digital transformation from code to cloud, and data center to database.

Our DVS catalog comprises the following:

On Premises Agility: Automated Infrastructure

- Hybrid, Full Stack
- Data Center to Cloud
- DevOps
- Automated Deployments
- Workload On-Ramps
- Assessment & Enablement

Take Control of Your Cloud: Hybrid/Multi-Cloud

- Cloud Center of Excellence (CCOE)
- Cloud Networking
- Security/Compliance
- Cloud On-Ramps
- Cloud Migration
- Automation IaC

Accelerate Digital Transformation: Modern Software Engineering

- PaaS Strategy
- UI and Mobile
- IoT & Management
- App Modernization
- Container Orchestration
- Monolith to Microservice

Leverage Your Data: DataOps & Artificial Intelligence/Machine Learning

- AI/ML
- Big Data
- Visualization
- Data Warehouse
- Data Pipelines
- Contact Center AI

With more than 250 engineers and two of the world's 20 Google Cloud Fellows on staff, CDW is your trusted, technical services partner when results and velocity matter. Our expertise includes Certified Kubernetes Architects to Cisco DevNet Professionals behind a full-stack software development practice.

ServiceNow

CDW ServiceNow Solutions (SNS) is an Elite Partner and an Authorized Trainer with ServiceNow, and is an accredited ITIL® training organization. In 2019, CDW formed SNS by acquiring Aprtis, an IT Service Management leader since 2003. Our team of over 100 service management professionals possess a depth of knowledge and commitment to customer success that has resulted in multiple industry awards and a leading CSAT score of over 9.5 out of 10. With customers ranging from Fortune 500 companies to some of the nation's leading healthcare organizations and higher education institutions, we have the experience to help you succeed with your ServiceNow initiatives.

IT Service Management: Upgrade to fully automated IT and business services with cloud-based ITSM

IT Operations Management: Enhance visibility, prevent service outages, and maximize operational agility

Security Operations: Align security and IT to prioritize and resolve threats based on business impact

Customer Service Management: Transform customer service management by connecting people and processes

Human Resources: Streamline your HR delivery, freeing you up to focus on people, not processes

CDW can provide demos, project mapping, budget projections—anything to help you fill in the gaps. Plus, if you decide to go with ServiceNow, we have implementation packages designed to get you up and running quickly using best practice methodologies focused on fast time-to-value.

Configuration Services

AEPA members can continue to rely on CDW•G to preconfigure their technology solutions and provide custom turnkey solutions for plug and play deployment. Our configuration services are performed within our distribution centers, allowing for streamlined processing and shipment. CDW•G is able to roll out 2,600,000 products every year - more than 10,000 custom units a day.

Our configuration team can provide many services, including:

- **Hardware Integration:** Including installation of memory, hard drives, NIC cards, video cards and a variety of other components.
- **Software Configuration:** Your computers, mobile devices and servers will come with OSs and apps pre-installed. We offer White Glove Service to prep and provision Chromebooks.
- **Custom Imaging:** Including image creation, maintenance and deployment, we can host a secondary server to connect to your SCCM or other image deployment server via VPN. Customizable options include pre- and post-imaging tasks like domain join and security upgrades.
- **Rack Configuration:** We mount and configure your network and security devices, rack-mount servers, chassis blade servers, storage, KVMs, UPSs and PDUs into a rack structure, then cable and label before shipping.
- **Mobility Services:** We configure and activate your tablets, phones, handhelds and Wi-Fi hotspots. Additionally, services that include MDM enrollment, App installations, IOS and Android updates are also available.
- **Custom Laser Engraving:** Your logos and other important information can be engraved onto notebooks, mobile devices and other equipment. We can laser engrave static content and/ or one field of dynamic content, such as the device serial number.
- **Asset Tagging and Reporting:** You have the option to use CDW/CDW•G-branded labels, customer-provided labels, or our team can build custom labels that we print on-demand, including UID/UIID identification labels for U.S. Government applications. Extensive information on your devices is available via the Order Reporting and Hardware Asset Management functions on your CDW Account Center.
- **Network and Security Device Configuration:** We configure firewalls, routers, switches, access points and IP phones for all the largest manufacturers. These services include system software/firmware upgrade or downgrade; uploading master configuration files; configuration of IP address, subnet mask and default gateway. All customization is based on your organization's unique specifications.

- **Burn-in Services:** We run your devices for 12 hours or more to ensure all components are working properly.
- **Custom Packaging:** This includes kitting, palletization, inserts and welcome letters and box labeling.
- **Buy and Hold Services:** This allows you to purchase products and have them held in a secure location anywhere from three months up to a year. CDW handles the configurations, customizations, logistics and shipping requirements to ensure your pre-defined deployment schedule is met.

Evolving Catalog to Meet Evolving Member Needs

As we have all seen over the past decade, and especially in just the past few years, technology is changing at an accelerated pace. Furthermore, technology is changing in ways that represent fundamental paradigm shifts. Adding the complexity of a cooperative and its evolving members' needs requires a knowledgeable vendor and a dynamic solutions portfolio. While the depth and breadth of a vendor's portfolio is important, it is just as important that a vendor offer a portfolio that proactively and efficiently integrates new and emerging technology solutions. At CDW•G, we differentiate ourselves by offering an adaptive solution model that does just that.

Research and Development

CDW•G has over 20 years of experience in delivering IT services for our public sector customers. During that time, we have made a substantial investment in training our services personnel, maintaining our OEM certifications, and developing new services. Our Services Offerings are supported by over 130 coworkers in our Research and Development (R&D) division. R&D works closely with customers, OEM partners, and our sales team to maintain the relevance of our current offerings while developing the next generation of services the market expects from a leading provider. Our quarterly updated Service Catalog is an ever-growing document showcasing our vast range of services offered to customers. As technology is constantly changing, CDW•G is refreshing and adding new services.

Acquisitions

Over the past 20+ years, CDW•G's technology infrastructure solutions have stayed in line with emerging technologies. Keeping up with those technologies, such as collaboration solutions, cloud, mobility and virtualization, has been a major aspect of our ability to grow as a company. We have actively expanded our catalog, certifications and solutions to address the latest developments in technology, including cloud, IoT, drones and esports, in order to support the changing needs of our customers. In addition, we have dedicated CDW•G resources aligned to these solution areas to help our customers understand and implement them.

Part of this growth includes a number of recent acquisitions in order to expand our technology and service capabilities in order to meet customer needs.

- In October of 2019, CDW acquired **Aptris, Inc.**, a distinguished IT service management solutions provider and ServiceNow Elite Partner. ServiceNow is a leader in IT service management and digital workflow platform space and is increasingly being used by our customers to drive digital transformation across their organizations. To further support our ServiceNow practice, CDW also acquired assets of **Aeritae**, a ServiceNow Elite Partner, in December 2020.
- In July of 2020, CDW acquired **IGNW**, a leading provider of cloud-native services, software development and data orchestration capabilities. This line of our services is now known as **CDW Digital Velocity Solutions**. and Southern Dakota Solutions, a specialist in IT Asset Management design and implementation.
- In March of 2021, CDW acquired **Amplified IT**, a leading education-focused consultancy that brings a blend of technical skills and knowledge to the K12 and Higher Education markets.
- In August of 2021, CDW acquired **Focal Point Data Risk**, a leading provider of cybersecurity services with customers across a diverse set of industries.

Moving forward, we expect the landscape in which we compete to continue to evolve as new technologies are developed, and we will continue to evolve with those technologies.

Distribution

Describe how your company proposes to distribute the products and services nationwide, regionally, or at the local level.

With CDW•G, AEPA members receive a unique combination of national reach with a local feel. Our first step in serving our customers nationally and regionally is utilizing our office branches around the country and our two distribution centers. In order to fill in any gaps in our own network and ensure our customers receive local attention, we enlist our wide network of product distributors and service providers.

National Reach

A significant advantage that differentiates CDW•G in the marketplace is our ability to deliver the right products, at the right value, right when you need them. We have access to over 250,000 products from over 1,000 technology manufacturers, and our two distribution centers are strategically located to provide timely, nationwide delivery on both sides of the Mississippi River.

CDW•G maintains strategic relationships with our original equipment manufacturer (OEM) partners and distributors in order to receive detailed insight into supply chain availability, manufacturing delays, distribution shortages and overstocks, as well as any other disruptions related to supply and demand variability. We often secure additional inventory to offset any known supply issues when needed. We warehouse increased inventory above and beyond our typical run rates within our two massive distribution centers (approximately 1 million square feet). CDW•G also utilizes numerous distribution channel relationships, allowing us the flexibility to change suppliers when the need occurs.

Effective purchasing and inventory management are key elements of our business strategy that result in safe and secure IT hardware and software for our customers. Our management information systems, purchasing systems, radio frequency based cycle counting system and use of vendor stock balancing allow us to minimize our investment in inventory and to reduce inventory discrepancies and the risk of obsolescence.

We conduct quarterly business reviews with our top suppliers and distribution partners to communicate any outstanding issues. We have developed supplier scorecards for our suppliers to drive service expectations and accountability, which directly relates to the customer buying experience. These scorecards have greatly improved service levels and are driving process improvement initiatives throughout the supply chain with many partners. CDW•G has a replenishment program with specific criteria for each manufacturer that takes lead-time into consideration when placing orders as well as monitors return rates to look for quality issues. CDW•G purchases products in volume when practical and stores the oversupply in our overstock locations. In this way, we can pass along volume discount savings to our customers, and the products are available for immediate shipment. We also offer staging options in which we can warehouse specific items, release them on a rollout schedule and guarantee stocking position.

In the event that a major partner is unable to continue doing business with CDW•G under any circumstance, we have a very detailed vendor loss plan as a part of our business continuity of operations planning.

From another perspective, we mitigate risk by being able to substitute customer-approved like products when the channel experiences shortages. If vendor XYZ runs into an unforeseen supply fluctuation, your account team is trained to know which products are equal in price and performance. Among the nation's top resellers, CDW•G offers the greatest array of product offerings.

National Services Support

CDW•G performs professional services across the country, ranging from simple client system deployments to more robust Data Center and Network Infrastructure implementations. Our professional services team—over 1,000 professionals strong—deploys out of 26 U.S. locations to deliver the personal service that helps you understand and meet your business and technology needs.

When implementation services are required for any specific project, the account team and a Field Solution Architect will engage a **CDW•G Service Engineer**. CDW•G Service Engineers have extensive experience working with top manufacturers including Cisco, EMC, HP, IBM, NetApp, Microsoft, and VMware. They are extremely knowledgeable about the latest technologies and have important insight regarding the best approach to successful implementation. CDW•G's large team of highly-trained service engineers implement complete scalable solutions nationwide.

CDW•G believes that a well-defined project structure is important and key to the success of an engagement, which is why Project Managers are a crucial component of our services team. **CDW•G's Project Management Methodology** provides a roadmap to the processes, roles and checkpoints that govern work with our customers from proposal development through service delivery. Your Project Manager will be a leader and team builder, consistently marshalling resources to ensure project value is delivered, expectations are exceeded, and timelines and budgets are met. Our techniques recognize that delivering excellent technical solutions requires attention not only to technical matters, but careful leadership of people, processes and technology.

Regional Support and Local Attention - Partner Network Coordination

To remain agile and ensure customer relevance, CDW•G maintains an intricate network of sourcing and services partners. In doing this, we increase our resources and the options available to AEPA's members. We have several sourcing avenues and services possibilities to address the myriad needs that typify AEPA's assorted and geographically dispersed members.

We realize members have a unique set of needs that require resolute and dedicated advisement and coordination. Utilizing the partner networks below, our account teams collaborate with their customers to configure the optimal partner network that augments our capabilities while addressing customer-specific requirements.

Distribution Partners

At CDW•G, we have blended the best of our OEM's and distribution partners' fulfillment capabilities with our own distribution centers to optimize quick and accurate fulfillment. To supplement our direct purchasing model, CDW•G has strong affiliations with principal channel distributors. We have partnered with numerous distributors to supplement our direct purchasing model. Such partners include Tech Data, Ingram Micro, SYNNEX, Avnet, Arrow Electronics, and D&H Distributing Company.

Service Partners

Currently CDW•G has strong alliances with approximately 600+ services providers across the nation who provide consultants and engineers to complement CDW-badged services projects. We choose our partners carefully and selectively enabling us to focus on developing strong relationships with only the most competent providers.

Diverse Business Partners

At CDW•G, we embed diversity and inclusion into the fiber of everything that we do. We ensure that all stakeholders have the resources required to perform at their highest level. To us, our efforts toward equity extend well beyond our employees and our organization; it is a social must.

CDW•G, not being a diverse prime, has the privilege, opportunity, and responsibility to partner with diverse business partners and bring them with us to every opportunity. Through our robust partner network, we can seamlessly integrate partners with the necessary capabilities into our business model with AEPA members. This offers members the same CDW•G experience and access to resources while striving toward an equitable and inclusive society.

Toward this aim, CDW•G is pleased to collaborate with Betis Group, V3Gate, and Liquid PC.

Betis

Betis Group, Inc. is an ISO 9001:2015 certified Information Technology, systems engineering, and systems integration company. Since 1995, they've provided government and private sector clients with exceptional performance on IT service contracts. Regarding product sourcing, Betis Group partners with the top distributors in the channel. This offers AEPA members access to a variety of secure avenues for product distribution and delivery.

Betis Group also offers outstanding value for IT products as a certified Diverse Supplier with the following certifications:

- National Minority Supplier Development Council – Capital Region
- Certified BEP/MBE/SWAM in Illinois, NYC, Maryland, Massachusetts, New York, North Carolina, Tennessee, Texas, and Virginia

Betis has gained an abundance of experience across multiple government, healthcare and education industry contracts. They leverage their partnerships with OEMs and distributors to obtain and deliver products. Additionally, they enhance these solutions with their services portfolio. Through their expertise, partnerships, and commitment to their customers, Betis has established impactful, strategic relationships with their customers.

Given the breadth of services and products Betis offers, CDW•G will collaborate with Betis on large orders, projects, and services opportunities to determine alignment with Betis' product and services catalog.

Liquid PC

Founded in 2000, Liquid PC is a women-owned global distributor and a trusted advisor to a large variety of diverse product companies across multiple industries, including virtualization, security, business productivity, and licensing software. While headquartered in the historic seaport city of Portsmouth, NH, Liquid PC supports businesses in all 50 states and beyond. Their mission is to diversify, uphold excellent customer service, and maintain their small business culture and employee growth while continuing to evolve their business processes to adapt to the best practices of the industry. They have grown every year since inception—with over 30% growth since 2012—because their time-tested business model and distribution proficiency puts their vendors and reseller partners first.

Liquid PC's business certifications include:

- Certified as a Woman Owned Small business with the U.S. Small Business Administration
- Certified as a Women's Business Enterprise with the Women's Business Enterprise National Council

Liquid PC takes exceptional pride in their long-standing relationships with a large quantity of OEM partners, and they are actively signing on new vendors and manufacturers weekly.

Liquid PC strives to build and maintain strong relationships with all parties: partners, resellers, customers and employees. Their customer service focus emphasizes building relationships and providing personalized service.

V3Gate

Overview

A Service-Disabled Veteran-Owned Small Business (SDVOSB; US VA) and Minority-owned Business Enterprise (MBE; NMSDC), V3Gate specializes in emerging technologies that help customers simplify their infrastructures, reduce costs, and create a more agile IT environment. Established in 2007, V3Gate was co-founded by their CEO, Oscar Valdez, Jr. A former Army Major and contracting officer, Oscar and the V3Gate team have achieved impressive results since their inception. These achievements include the following:

- CRN Solution Provider 500

- Great Place to Work 2020
- Inc. 5000, 2016-2021
- Washington Technology Top 100
- Vet 50 2019-2020
- Deltek GovWin Top COVID Solution Provider

Philosophy/Capabilities

With a mission centered around authenticity, accountability, and community, V3Gate has been able to deliver results for customer sector customers. Their core competences center around Identity Management, Software-Defined Data Center, Audio Visual Solutions, and Data Management.

CDW•G Partnership

When CDW finds promising suppliers, we invite them to participate in trainings, mentorships, and the small business consortium. We also introduced them to suppliers and partners. This is how we build long term relationships that our customers and suppliers can rely on. V3Gate's relationship with CDW began not as a supplier, but as a customer when V3Gate began sourcing from CDW for its contracts. In 2008, CDW encouraged V3Gate to participate in CDW-G's Small Business Partner Consortium.

Under the mentorship of CDW's Supplier Diversity Team, V3Gate quickly integrated into the CDW ecosystem, becoming an integral link in our supply chain. During our partnership, CDW has witnessed V3Gate's impressive ascendance in the IT channel – typified by accelerated growth in their business. From 2014 to 2020, V3Gate's revenue multiplied 75 times, demonstrating the power of their business philosophy and customer centric nature.

Social Consciousness

V3Gate's business philosophy is so much more than the revenue they generate or the partnerships they form. Ultimately, their culture is driven to generate positive outcomes for all stakeholders in the communities they serve. As noted earlier, V3Gate infuses authenticity and respect into their core business. However, this extends well beyond their day-to-day operations.

Putting their mission into action, they formed the V3Gate foundation in March 2021 to formalize all their charitable initiatives. This foundation was designed to raise money for organizations that support veterans and their families. Fully ran by V3Gate employee volunteers, the foundation has already raised over \$20,000 toward their cause.

Conclusion

We have been proud to partner with V3Gate based on their commitment to their customers, dedication to their community, and passion for growth and innovation. We look forward to leveraging the CDW•G and V3Gate partnership on behalf of AEPA and its members.

Service/Support and Distribution Centers: Provide the type (service/support or distribution) and location of centers that support the United States by completing the following: *(To insert more rows, hit the tab key from the last field in the State column.)*

Center Type	City	State
Service/support and Distribution	Vernon Hills	Illinois

Service/support	Bellevue	Washington
Service/support	Appleton	Wisconsin
Service/support	Madison	Wisconsin
Service/support	Milwaukee	Wisconsin

Describe the criteria and process by which your company selects and approves subcontractors, distributors, installers, and other independent services.

We expect our vendor partners to maintain high standards of business ethics, integrity, environmental, health and safety compliance, and respect for human rights. These expectations are spelled out in The CDW Way Code, our Partner Guide and our Position on Human Trafficking and Slavery (California Supply Chains Act and U.K. Modern Slavery Act).

CDW•G has adopted a systematic approach to validate partner authorizations, certifications, and performance history. Cognizant of customer experience, we have created an integration process that fosters ongoing communication and engagement between the CDW•G Account Team, Supplier Diversity Team and our partner network. We enable partners and evaluate performance to ensure they meet customer expectations.

To be considered for onboarding at CDW•G, organizations must:

1. Be sponsored by a CDW•G Director.
2. Have been in business for at least two years.
3. Possess a Dun & Bradstreet number.
4. Have 80% of employees classified as W2 workers.
5. Fill a gap relative to CDW's technology or a CDW•G vertical.
6. Be able to certify financial stability.
7. Have a sales pipeline/customer demand.
8. Undergo CDW•G field team technical vetting and approval.
9. Be reviewed and then approved by CDW's Product and Partner Management Department.

CDW•G delivers service by means of own engineers as well as through a network of service providers with whom we have long-term, ongoing relationships. Partner selection is based upon such criteria as price, responsiveness, quality, geographic reach, available skill-set, length of project and overall customer satisfaction. We choose our partners carefully and selectively enabling us to focus on developing strong relationships with only the most competent providers.

Additionally, we launched our Supplier Diversity Program in 2007 to proactively identify and integrate diverse business partners into our network. Supported by a team of CDW•G coworkers, this program facilitates the entire diverse partner experience with CDW•G including partner identification, vetting, onboarding, integration, and maintenance. Acting as a strategic overlay, this program offers business opportunities for our diverse partners while maintaining quality and customer experience on behalf of AEPA members.

CDW•G offers best in class freight solutions utilizing industry well known carriers such as FedEx Parcel, UPS Parcel, UPS Freight, FedEx Air Freight, CEVA LTL services (less than truckload) and local messenger services. All carriers are required to have the following:

- Uniform Delivery Drivers
- On-line tracking
- Performance metrics that align with CDW's requirements (on-time delivery and claims)
- Logistics infrastructure to handle high volume shipper
- Customer Service support 7 days a week, 24 hours a day
- Carry required insurance coverage
- Statistical reporting to identify shipping characteristic changes
- Security certifications such as TAPA (Technology Asset Protection Association), C-TPAT (Customs-Trade Partnership Against Terrorism)
- EDI capabilities – Tracking number and ASN updates
- Ability to process quotes through high volume TMS (Transportation Management System) platform such as ConnectShip.

Carrier's performance is monitored daily; each carrier receives a monthly report card that grades their performance based on key performance metrics that drive supply chain efficiency and the customer facing experience.

Provide a list of current subcontractors, distributors, installers, and other independent service providers who are contracted to perform the type of work outlined in this solicitation in the member agency states. Include, if applicable, contractor license or certificate information and the state(s) wherein they are eligible to provide services on behalf of the business.

1 - MBE, 2 - SDVOSB, 3 - WBE, 4 - SBE

If applicable, describe your company's ability to do business with manufacturer/dealer/distribution organizations that are either small or MWBE businesses as defined by the Small Business Administration.

Equity in business is not nice to have; it's a moral imperative. It's not enough for an organization to have a supplier diversity plan. Long gone are the days of performative antics. Customers want business partners who are striving

toward true equity and actual local/regional impact. At CDW•G, we've developed our Supplier Diversity Program with the evolving customer landscape leading the charge.

We maintain a robust network of regional and local business partners to the meet the unique demands of customers across states and segments. True impact requires purposeful, proactive coordination and integration with our partners. To many vendors, this equals more work and more investment. So many of our customers turn to one vendor to fulfill all of their supplier diversity requirements. Instead, we choose to represent the essence of supplier diversity initiatives by working with customers to create business models that create true impact.

In fact, between March 2018 and June 2021, we partnered with several partners to generate over \$150m in diverse spend through our existing AEPA contracts. These include partners with the following statuses:

- Women Business Enterprise
- Small Disadvantaged Business
- Veteran-Owned Business
- Small Business Enterprise

If applicable, describe other ways your company can be sensitive to a participating agency's desire to utilize local and/or MWBE companies, such as the number of local employees and offices with a geographic region, companies your firm uses that may be local (i.e. delivery company), your own company's diversity of owner employees, etc.

AEPA members require IT solutions sourced through authorized vendors and secure supply chains. Additionally, members desire a uniformed experience and a focused and quality level of support from their vendor. Finally, members require a vendor with an expanded portfolio of IT solutions to address their varying needs.

The broad scope of the resulting contract offers nearly limitless flexibility in technology solutions and services for members, yielding limited predictability of the amount and type of business members will generate over the life of the contract. As a result, we propose a three-pronged approach to leveraging local businesses and M/WBE companies to meet the needs of participating agencies.

1. First, we intend to position a pre-qualified subset of partners as featured in our response to the distribution portion of Part D.
2. If these partners are unable to meet the requirements of the participating agency, we maintain a network of comprised of over 1,000 diverse, underutilized, and small partners. We will leverage this network to create a unique partner model to meet the needs of the specific participating agency.
3. Finally, as members' needs dictate and/or evolve, we will proactively identify and integrate new partners into our network to accommodate these requirements.

We believe this approach offers a clear steps allows us to remain flexible in supporting members' needs through the most appropriate and capable partner.

If applicable, provide details on any products or services being offered by your company where the manufacturer or service provider is either a small or MWBE business as defined by the Small Business Administration. Provide product/service name, company name and small/MWBE designation.

Describe how your company will market the resulting contract to eligible Member Agencies. Describe how your company differentiates the new agreement from existing contracts that your company may hold today. Please be specific and detailed in your response.

AEPA Differentiation

With over 45% growth from 2018 to 2020 alone, CDW•G has successfully marketed this contract as a current provider. Our success in this regard has been due to highlighting the inherent differentiators of AEPA itself.

AEPA structures their contracts differently from many other contracting entities. First, AEPA ensures a broad technology portfolio of products and services through a single agreement. Secondly, AEPA is dedicated to identifying the most qualified vendor to support the needs of their participating agencies which differs from some contract structures that award all compliant bidders which adds complexity for the contract users and discourages hands-on, consultative customer support from vendors. Third, AEPA has crafted a contract structure that incorporates all of the benefits of cooperative purchasing while simultaneously accommodating the specific needs of each state through their participating agencies. AEPA's model proactively establishes the necessary agreements to facilitate business for the 29 participating states. Taken together, these differentiators generate the following benefits for users:

- Ease of use through a single agreement – source all technology solutions through a single contract
- Exceptional user experience via qualified vendor support model and full lifecycle resources
- Reduced complexity in day-to-day purchasing operations – one vendor for fulfillment vs. several
- Assured compliance with state-specific procurement guidelines
- No additional administrative work to use agreement – users can leverage the agreement right away

AEPA's Technology Catalog is unique in that it affords increased benefits through its collective buying power of the 29 participating states but it maintains the local feel and consideration that SLED customers require. Taken together, this message is how we intend to continue differentiating AEPA.

Cooperative Marketing. Describe ways in which your company will collaborate with AEPA Member Agencies in marketing the resulting contract. Submit any supplemental materials as PDFs and title it Exhibit B – Marketing Plan.

- Process on how the contract will be launched to current and potential agencies.
- The ability to produce and maintain in full color print advertisements in camera-ready electronic format, or electronic advertisements, including company logos and contact information.
- Anticipated contract announcements, planned advertisements, industry periodicals, other direct or indirect marketing activities promoting the AEPA awarded contract.
- How the contract award will be displayed/linked on the Respondent's website.

AEPA's success, including continued growth and widespread contract utilization, requires an integrated approach, one that effectively maintains current members while simultaneously expanding contract sales and member count without sacrificing customer support. Upon contract award, we intend to implement the marketing initiatives outlined below.

Launch Initiatives through Sales (Awareness)

The first step in our awareness and transition plan is to train our salesforce on the new agreement. Sales enablement training will cover contract scope, membership and new contract requirements so that they can not only inform their customers, but also help them to navigate the new landscape. Our sellers will then be equipped with relevant collateral to inform members.

Such collateral includes digital emails, as well as digital and printed documents. Collateral will communicate the details of the new agreement, reiterate the benefits of the contract vehicles, and showcase products, services, and solutions available to members. Once trained, our account team will drive awareness through call and email campaigns to aid current members transition seamlessly to the new agreement.

Our strategy is twofold. First, we will ensure business continuity for our current customers by making sure they are promptly aware of the new contract so that we transition smoothly into the next agreement. Second, we

want to increase awareness and adoption in order to promote net new growth. Our sales force can communicate with members immediately given their in-depth knowledge of the contract and robust customer network.

Contract Growth

CDW•G will help to recruit new members through enablement and engagement activities that showcase the benefits of the AEPA and CDW•G partnership. We will collaborate with members to optimize their utilization of the contract through contract portfolio consolidation and technology expansion efforts. Aiding customers in consolidating their contract portfolio into a few, or even one contract, removes complexity and positions the Technology Catalog contract as a single source for members' technology needs. CDW•G can aid this effort through our extensive sales presence, comprehensive product portfolio, and dedicated Business Development team.

However, targeting members who understand and have adopted emerging technology ignores a, potentially, substantial subset of members. Some members may shy away from new technology adoption as they lack the necessary technical resources and the ability to forecast risks. In response to this increased complexity, CDW•G has segment specific resources can help members expand their technology portfolio by assisting with strategic planning, implementation, and management of major technology initiatives.

Ongoing Marketing & Engagement

This entails a two-pronged approach in which CDW•G will launch a communications plan and leverage in-market events to interact with and educate members. Content will focus on the administrative and strategic value of utilizing the AEPA Technology Catalog contract. Additionally, content will focus on educating customers on the emerging tech trends in their respective segments, as well as the practical implications for implementation while offering access to our segment-specific resources for further consultation. We have several marketing solutions that we can leverage for this ongoing communication effort. These include:

- Digital and printed materials and advertisements
- Customer webinars and events
- Publications
- Corporate Communications
- Omnichannel marketing across social media platforms
- Artificial intelligence and smart marketing
- Custom contract premium page for the resulting agreement: [AEPA022](#)

More information on these marketing solutions can be found in our attached Marketing Plan, Exhibit B.

Environmental Initiatives

Describe how your products and/or services support environmental goals.

Our environmental policy and Environmental Management System (EMS) define the structure, practices and procedures for our environmental program. As part of our commitment to continuous improvement, we regularly evaluate the efficiency of our use of natural resources. We seek to identify and address opportunities to improve by reducing waste to landfill through enterprise-wide recycling initiatives, implementing innovative packaging solutions, and integrating principles of environmental responsibility throughout our business.

CDW has a goal to maintain a 90% or better diversion rate to keep waste out of landfills, and we outperformed that goal for the second straight year in 2020. Over the last five years, our U.S. distribution centers have recycled:

- 2,688 tons of packaging material
- 8,252 tons of cardboard
- 603 tons of paper
- Thousands of wood and plastic pellets

Smarter Packaging Solutions

At our distribution centers, we have successfully refined a number of our packaging processes to address environmental considerations where possible, while still meeting and exceeding customer expectations. Our solutions include:

- Using and reusing our vendor partners' packaging when possible, minimizing the need for additional packaging materials when fulfilling customer orders
- Redesigning our cartonization process to utilize algorithms that consider dimensional fit (a more accurate method than volume fit), which enables us to use the least amount of packaging possible
- Using envelope shippers that are 100% recyclable and provide warehouse and shipping space efficiencies for small items

Additionally, our pick-pack shipping containers are made from the maximum allowable amount of post-consumer recycled material and are 100% recyclable. We continue to work with our vendor partners and logistics suppliers to evaluate opportunities for smarter packaging solutions that maximize both product protection and material efficiencies.

PrintReleaf Empowers Customers to Protect Global Forestry

Through our Printer Supplies Program, CDW customers are offered complimentary enrollment in PrintReleaf, a third-party certification program that empowers organizations to sustain and grow global forest systems through:

- Ongoing measurement of paper consumption
- Custom paper footprint and forest impact insights
- Opportunities to automatically "releaf" forests through reforestation projects of the customer's choosing

Since CDW joined the program in June 2018, CDW customers have collectively offset the equivalent of more than 342 million standard pages of paper consumption by supporting the reforestation of more than 41,000 trees.

Indicate if your company has any products in your offering that have any third-party environmental certifications.

ISO 14001:2015 Certification

Our environmental policy and Environmental Management System (EMS) define the structure, practices and procedures for our environmental program. As part of our commitment to continuous improvement, we regularly evaluate the efficiency of our use of natural resources. We seek to identify and address opportunities to improve by reducing waste to landfill through enterprise-wide recycling initiatives, implementing innovative packaging solutions, and integrating principles of environmental responsibility throughout our business.

All CDW distribution centers hold ISO 14001 certification, the international standard for Environmental Management. These certifications ensure consistency and effectiveness in our EMS and demonstrate our long-established commitment to managing our business responsibly.

Certified Products

CDW•G supplies products that meet applicable **EPEAT** and **Energy Star** requirements. Due to our manufacturer relationships we can quickly respond to specific requests and requirements based on both EPEAT and Energy Star. CDW•G assists customers in determining environmentally preferable products in support of Executive Order 13101 through a number of ways, including:

- The CDW•G website specifications for each product details if the products are EPEAT and/or Energy Star compliant and specific power consumption data, where available
- Providing a portfolio of manufacturers that are committed to producing environmentally friendly technology and that have programs and policies that support their commitment
- Offering products that meet the evolving standards associated with the Environmentally Preferable Purchasing Program (EPP) and the IEEE 1680 Standard for the Environmental Assessment of Personal Computer Products

Describe the business's "green" objectives (i.e. LEED, reducing footprint, etc.).

Environmental Responsibility

CDW has long been conscious of our impact on the environment especially regarding our energy consumption, and we have taken significant steps to effectively manage our consumption of resources and lessen our environmental impact.

Energy Management

As our business continues to grow, we are committed to regular evaluation of our energy needs and continuous improvement in the energy efficiency of our operations. This enables us to deliver meaningful environmental benefits while providing cost savings to the organization.

Our offices and distribution centers have installed efficient energy systems and solutions, including:

- Energy-efficient lighting solutions, including indoor and outdoor LED lighting
- Motion sensor lighting and conveyor systems that turn off in response to inactivity
- “Smart” HVAC systems that adjust according to business hours and seasonal temperatures
- Water consumption solutions, including rainwater harvesting efforts in the U.K. and environmentally friendly water heaters in the U.S.

Carbon Emissions

At CDW, we look for opportunities to make meaningful reductions in our carbon footprint. Given the non-manufacturing nature of our operations, our facilities do not represent our greatest source of emissions. Rather, shipping and logistics functions present an opportunity for us to focus on carbon emission reductions through our relationships with value chain partners. More than 95% of our U.S. shipments are delivered by carriers enrolled in the U.S. EPA SmartWay Transport Partnership, which helps companies advance supply chain sustainability by measuring, benchmarking and improving freight transportation efficiency.

We also have programs aimed at consolidating freight volume and reducing the number of shipments and vehicles needed to complete a delivery, which enables our carrier partners to reduce carbon emissions.

beGreen Program

CDW implemented a formal beGreen program to foster a culture of environmental responsibility that encourages coworkers to reduce, reuse and recycle. Our beGreen initiative provides coworkers with the platform to share ideas and take collective action to improve our environment. Areas of focus include:

- Coworker education
- Community awareness
- Recycling
- Resource conservation

The program is managed by a cross-functional team of coworkers from multiple CDW locations. This team collaborates internally and with members of the communities where we operate. During 2020, despite the pandemic, the team continued to provide education about recycling and resource conservation in our facilities as well as ideas for coworkers when working remotely.

Reducing and eliminating waste through recycling, wherever possible, is ingrained throughout our organization. Our coworkers develop and lead efforts to help reduce waste to landfill from personal consumption and business use. Our dedicated beGreen staff continually looks for more ways to be environmentally responsible.

Describe what percentage of your offering is environmentally preferable and what are your company's plans to improve this offering.

We sell over 35,000 distinct products with environmental and/or social sustainability certifications by third parties in our North American businesses (United States and Canada). North American revenues from products with third-party certifications related to environmental and/or social sustainability standards are shown in total

sales dollars (\$USD). The top three certifications by revenue (in order) are ENERGY STAR Certified, TCO Certified, and Electronic Product Environmental Assessment Tool (EPEAT) Compliant.

Total Sales from Social/Environmental Certified Products	2020
	\$4.4 billion (approx. 24%)

We recognize that a changing climate will shape not only our business, but those of our customers and vendor partners. We have a storied history of listening to our customers and turning that listening into action. As our customers develop their own climate-related strategies, they will rely on a provider with deep technical capabilities and a partner who provides unbiased advice across technologies and consumption models. We will continue to invest in next generation solutions and services that will help our customers adapt to this dynamic environment and meet their evolving end-user and employee needs.

Our environmental policy and Environmental Management System (EMS) define the structure, practices and procedures for our environmental program. As part of our commitment to continuous improvement, we regularly evaluate the efficiency of our use of natural resources. We seek to identify and address opportunities to improve by reducing waste to landfill through enterprise-wide recycling initiatives, implementing innovative packaging solutions, and integrating principles of environmental responsibility throughout our business.

Additional Information

Describe any/all features, advantages and benefits of your organization that you feel will provide additional value and benefit to a participating AEPA agency.

As a Value-Added Reseller, CDW•G has so much more to offer AEPA members than just product fulfillment. We have the resources to enhance user experience, as well as the resources to maximize technology solution throughout lifecycle. We have the reach and scale of national company, executing at local level and being considerate of nuance among individual members.

Financial Stability/Longevity

AEPA should take note that CDW•G is financially stable. We will be here to support you and your members in every way possible throughout the life of this contract and beyond. We believe the major factor that ensures our financial stability and separates us from our competitors is the balanced approach to our business.

- We don't rely on any one customer. In our US business, which represents approximately 90% of our revenues, we currently have five dedicated customer channels: corporate, small business, government, education and healthcare, each of which generated \$1.4 billion or greater in Net sales in 2020.
- We don't rely on any one partner. In 2020, we generated over \$1.0 billion of Net sales from each of six vendor partners and over \$100 million of Net sales from each of fourteen other vendor partners.
- We don't rely on any one solution. Our sales span a number of categories including Miscellaneous Hardware (22.3%), Software (14%), Notebooks/Mobile Devices (29.7%), Netcomm Products (10.6%), Services (4.9%), Video (6.4%), Desktops (6.1%), Enterprise and Data Storage (5.1%) and others.

Our longevity and stability in the industry is a major differentiator as it nurtures enduring collaboration and investment in our customers. We have been able to amass OEM partner capital and financial strength that we have leveraged in delivering solutions to K-12 and Higher Education for over 30 years. Since 2003 we have utilized this position to aid AEPA and its members to thrive in times of opportunity and persist in times of hardship.

Supply Chain Security

Technology requires more than fulfillment – it warrants a vendor who provides quality products and customer experience. A major priority in SLED IT initiatives is flexible, adaptive technology that can promote user needs in

a secure fashion. It's not enough to provide customers with access to product they want in a quick and efficient manner. Procurement officers need to understand their options and SLED agencies need to know their products are securely sourced. Considering the implications tied to voided warranties and security hacks, a holistic solution requires a vendor who sources products from authorized channels and manages the security of the supply chain.

Our supply chain is grounded by six foundational pillars that ensure our cross-functional coworker teams adhere to processes implemented to mitigate risk. This system-driven environment encompasses our trusted supplier network, secured distribution centers, data security and trusted transportation network. The integrated system is supported by a commitment to continuous improvement.

CDW•G completed ISO 28000 certification in 2018, in our efforts to continue to assure and improve Supply Chain Security. As part of our ISO 28000 certification (for security management systems in the supply chain), CDW participates in regular audits, proving that we have the processes and vendor partner relationships in place to ensure a reliable, secure supply of products and services. In addition, our five ISO certifications help the company mitigate risk.

Value-Added Benefits

CDW•G does not compete on price alone. As a vendor-neutral solutions provider, assisting with pre-sales recommendations is one of our strong suits. We are the number one reseller to many of our vendor partners, such as Microsoft, VMware, and Adobe. This is proof that we have the expertise, experience, and resources to provide the best solution for AEPA. Our close relationships mean that we receive competitive price offers and timely notifications regarding product changes.

Product Value Adds

Presales Systems Engineers: CDW has a large team of more than 100 presales systems engineers who hold vendor-funded positions and provide presales support for that particular partner's products. These experts assist with evaluating products based on your unique operational requirements and budgetary constraints. They review quotes for product compatibility, functionality, and compliance.

Software: CDW•G can provide AEPA the following value-added services:

- Assessments including Software License Review, Demonstration Labs (such as our Microsoft Experience Center), Virtualization Assessment, Security Threat Check, and One-to-One Readiness, among others
- Trial License Key Codes
- Educational resources and important notifications including email notifications, webinars, CDW's Solution blog, Software Simplified, and White Papers, among others
- Software purchase reports
- Available software promotions
- Sponsored vendor events designed to keep AEPA in the know of industry trends

Hardware: CDW•G offers AEPA members the ability to create bundled peripherals to form a complete desktop solution, all in one package. Members have the option to create bundles via Account Center. For example, bundles are common for a headset that needs a particular cable every time that is ordered, a set of color printer categories, or a user set-up that might include a mixture of products such as a notebook, docking station, external keyboard/mouse, and cables. These commonly bundled items can be created in your shopping cart in the Account Center, and they can be viewed on the Premium Page dedicated to AEPA. This allows users to quickly find the product mix to create an order. By grouping products into bundles, there's no guesswork when making repeat purchases on member solutions. You save hours having to conduct multiple steps by simply sending a bundle right to your shopping cart and checking out.

Services Value Adds

Inside Solution Architects: Our inside solution architects (ISAs) focus on supporting account managers by assisting them with the sale of solutions related to their focal product category, such as security, networking,

mobility, data center and collaboration. They are trained and certified across multiple of the top OEMs in their discipline so that they can provide a vendor agnostic, best-of-breed solution.

They design solutions for primary technology products and services, and they develop and maintain strategic relationships with the account teams they support. They are also segment and region specific. So, like their account manager counterparts, they are familiar with the unique challenges and local landscape of the customers they support. They are seen as a trusted advisor as they build relationships with and educate account managers on the technologies, resources and pricing programs available to them. For AEPA members, our ISAs are a crucial resource that can explain conceptually how their various technologies are installed and implemented.

Field Solution Architects: CDW•G's field solution architects (FSAs) support the account teams and are available to assist with the presales design of hardware, software and services solutions. They conduct onsite meetings, white boarding sessions, conference calls and more to assist in the design of solutions that meet and exceed member's short-and long-term objectives. This consultative design is a value-added service that CDW•G performs for our customer at no additional charge. Our FSAs work with CDW•G Solution Architect Practices and are responsible for all aspects of the sales cycle, including profiling, design, pricing and follow up. FSAs are focused on continuous self-development to enhance skill or knowledge areas and bridge relative gaps so that they are always abreast of emerging technologies that can benefit our customers. They are also segment and region specific. Therefore, like their account management counterparts, they are familiar with the unique challenges and local landscape of the customers they support. They are considered trusted advisors as they build relationships with and educate account managers on the technologies, resources and pricing programs available to them. For AEPA members, our solution architects are a crucial resource that can explain conceptually how their various technologies are installed and implemented.

Technology Experts

AEPA's account management team coordinates with the applicable value-added technology specialists to help your members develop the best solution for their specific needs, challenges, and long-term goals. Our technology experts are versed in software, network communications, notebooks/mobile devices, data storage, video monitors, desktops and printers—as well as more advanced virtualization, collaboration, security, mobility, data center optimization and cloud computing solutions.

Onsite Vendor Representatives

CDW•G has manufacturer and software publisher representatives who are onsite at our sales offices to assist account managers and specialists with requests for technology roadmaps and other information, and to provide training on an ongoing basis. CDW•G's strong relationships facilitate presales consultation and timely notification regarding product changes and products going "end of life."

Ongoing Customer Support

CDW strives to provide outstanding customer support and resolve issues quickly so your organization will maintain a high level of productivity. While your account manager can generally handle most issues and concerns, our Technical Support, Customer Relations, and Site Support staffs are available to help. CDW•G has customer relations representatives who are available to resolve post-sales inquiries from 7:00 a.m. until 9:00 p.m. CT, Monday through Friday. We service customers through phone support, email, and live chat.

Excellence in customer service is a top priority for CDW•G. We have many quality controls and metrics in place to ensure high quality standards across the organization. We track and monitor a variety of service metrics and ratios daily to ensure that we provide continuous, high-quality customer service. We make adjustments and evaluate process changes as needed when we see high volumes for particular types of issues.

Focus on Education

Today's modern-day classrooms are using technologies such as mobile devices, interactive technology and engaging learning spaces to make teaching and learning more effective. CDW•G understands education and will

help your members discover the solutions that can help improve learning outcomes, while keeping your classrooms connected and networks secure.

Our parent company, CDW LLC, was established in 1984, and CDW•G was established in 1998 in order to better serve our government, state & local, and education customers. CDW•G is now among the largest K-12 technology solutions providers as a trusted IT partner to more than 15,000 K-12 schools, as well as approximately 3,000 colleges and universities. We have over 30 years of experience in providing technology solutions for schools of every type and are able to serve the variety of schools represented on the CalSave contract.

We focus on building strong relationships with our K-12 customers by leveraging our knowledgeable account managers and technical specialists to provide extensive pre- and post-award support. Our experts lead the industry in public-sector customer service and product knowledge, directly benefitting the officers, administrators, and staff of our public safety customers.

An Advisor, Not Just a Provider

Based upon both exponential growth within the K-12 market and accolades from our OEM partners, CDW•G has continued our investments into resources to support our customers nationwide. Those resources include our Business Development team, which consists of former educators and classroom technology specialists whose primary focus is helping our customers implement solutions attuned to the needs of IT, leadership, and curriculum. These solutions are created with realistic budget constraints in mind, often in conjunction with FCC reimbursement program funding initiatives, led by Learning Environment Advisors (LEAs) advising on the top issues in the changing 21st century classroom environment. Additionally, we employ a team of K-12 Education Strategists comprising former educators, principals, teachers of the year, chief technology officers and instructional technologists to help solve your IT needs every step of the way. CalSave members can rely on these resources to assist with connecting technology needs to learning outcomes.

Academics and Technology have become so intertwined, it only makes sense to blend both of these program goals into one. This furthers collaboration, as you get both IT Staff and Educators providing expert insight in the development and vetting of what works and does not work for your schools. The available CDW•G resources unite both viewpoints and ensure Mississippi Department of Education's technology program is successful from both an operational and an academic perspective. Lock-stepping your programs provides a greater benefit to your classrooms than struggling to keep two programs on pace with each other.

Chromebook Capabilities

Chromebooks are quickly replacing traditional textbooks as the primary source for information in education. When added to a classroom, Chromebooks alter the traditional learning structure, allowing educators to take more of a backseat to the transmittal of information. This enables teachers to act more as a guide to the learners and to focus on the Four Cs of learning: creativity, collaboration, critical thinking, and communication. The goal of the Chromebook in a classroom is to provide students with quick access to valuable information and to free up teachers to focus on the process instead of the content.

CDW•G partners with leading OEMs in the Chromebook field to provide districts access to the products best qualified to advance their classrooms. Through CDW•G, your district has access to HP, Lenovo, Acer, and Dell. As the number one reseller for Chromebooks for each of these OEMs, we have the resources available to assist you where needed. We also offer a White Glove service where your Chromebooks will arrive ready-to-use right out of the box. For example, we can add the management licenses to the Chromebooks before they leave our warehouse. This means that once they arrive, your IT staff can easily track and manage your devices.

Blueprint to Design

CDW•G understands that integrating technology into Education learning environments has encouraged a shift in thinking about the impact the physical space has on student and teacher success. With our Blueprint to Design solution, we provide AEPA members a bridge to creating collaborative spaces. At no charge, we can transform a member's blueprints into a customized design rendering in four easy steps:

1. Participate in a two-hour consultation with a CDW•G Education Strategist, trained in space design and pedagogy, to understand the goals and vision behind your project.
2. Send CDW•G a blueprint or floor plan.
3. CDW•G works with a dedicated school design engineer to complete 2D color renderings and options.
4. CDW•G delivers a completed design package back to the member, perfect for presenting to school leadership or including in strategic planning.

eSports

Rapid growth for video gaming in both K-12 and higher education is helping schools to improve student engagement and boost recruitment. Video games have changed immensely over the years, and so have the people who play them. Having been popular among young people for decades, video games are now a legitimate global phenomenon experiencing explosive growth. Studies show that overwhelming majorities of teenagers and young adults play video games, and various projections estimate that the eSports industry will become a multibillion-dollar market in the near future. Even that term — “eSports” — may be unfamiliar to many midcareer education professionals, and some might be tempted to dismiss the activity as a fad or a waste of time. However, a growing number of high schools and colleges across the country are implementing their own on-campus esports programs to capitalize on student interest, increase students’ engagement and sense of belonging, and (in the case of colleges and universities) entice prospects to enroll.

Supporting an on-campus eSports program requires a mix of existing technologies and new investments. Perhaps even more than technology, though, a successful esports initiative needs the enthusiastic backing of school staffers (including IT professionals, educators and even athletic directors), as well as a solid plan for rolling out the program and supporting it over time.

If educators are familiar only with video games from dorm room PlayStation battles or the occasional visit to an arcade, they may not understand what all the eSports fuss is about. But that’s a bit like seeing a group of 12-year-olds playing an informal game on a playground hoop and then dismissing the entire game of basketball as “not a real sport.” The term “eSports” typically refers not to casual gameplay, but rather to contests among serious competitors — often organized into teams and playing multiplayer games that require strategy and coordination.

Aside from the digital component, one factor that differentiates eSports from traditional athletics is the sheer number of video games available to play. In eSports, leagues can incorporate several different video games or be organized around a single game. Another aspect that sets eSports apart is the way that competitions are staged. In some cases (especially larger tournaments), eSports participants travel to each other’s homesites or compete at a neutral location. But, because video games can be played online, teams often compete against one another without either team ever leaving their respective home campuses.

Top Benefits of eSports:

- Student Engagement: 72% of people between sixteen and twenty-four participate in gaming
- A unique differentiator for students considering their college experience
- Involve departments across campus with broadcast, social media and journalism opportunities
- Join NACE, TESP, the Big 10 in offering a new form of athletic competition between campuses

Our consultation program will help you with:

- Top tier gaming PC selection and competition-ready displays and peripherals
- Network capacity and speed assessments, enterprise grade networking, and spectator WLAN
- Room layout and design renders, ergonomic player seating, and spectator experience
- Implementation services, business level service and support, and remote monitoring and managed services

FCC Reimbursement Program Experience

CDW•G has been providing reimbursement support to K-12 & Library customers since our inception in 1998. We have a dedicated internal team that is highly trained and knowledgeable regarding all FCC reimbursement programs, including Emergency Connectivity Fund, E-Rate and Rural Healthcare. CDW•G has been awarded over 17,000 projects totaling over \$511M in total equipment and services delivered to schools throughout the United States. Due to our streamlined and best-practice system of checks and balances, we have never lost funding for a school, as substantiated by countless audits. Our dedicated FCC Reimbursement Programs invoice team ensures expert handling of both BEAR and SPI E-Rate invoicing

Success Story: Supporting Equity in Digital Learning

CDW•G has been actively supporting educational institutions transition to online education, as the pandemic has shown that education can no longer just rely on the traditional classroom to teach future generations. School leaders, teachers, IT teams and other departments are also coming together to reassess, learn and engage with technology in new ways with a shared goal in mind: improving the quality and reach of education.

The Mississippi Department of Education (“MDE”) had an urgent need to close the digital equity gap for districts across the state. Using funds tied to the CARES Act and other sources, they were able to secure the funding and were required to develop a solution on an incredibly short runway. MDE selected CDW•G because we were able to deliver device deployment including configuration, imaging with a standard MDE image across the districts, asset tagging, and mobile device enrollment. In addition, some devices had to be LTE-enabled as well to ensure that students without access to consistent Wi-Fi are enabled with connectivity to complete their assignments.

- 250,000+ devices delivered within three months
- Structured choice across multiple OEMs and device platforms
- Proven best in class supply chain
- Pre-shipment configuration services
- Local white glove delivery and staging capabilities
- Developed PMO office and staffing a project management team committed to state-wide deployment

The majority of student and teacher devices were delivered within a three-month window, while CDW•G will also provide upkeep and support of the MDE digital learning ecosystem, including professional development and support for teachers and students across the state for three years.

We believe that technology empowers students and educators to make the learning process more interactive, individualized, and hands-on. If properly deployed, technology fosters a more effective learning environment that helps students develop the necessary 21st century skills to succeed in their current environment, at the college level, and in their future careers.

State and Local: Focused Approach

CDW•G recognizes our government customers’ missions to build a better tomorrow. To help them achieve these goals, we rely on some of our key principals to guide our approach:

- We will evolve and embrace change
- We will have an opinion in the marketplace
- We will hold one another accountable to understand our customer’s mission

By focusing on relevant, customer-centric solutions such as Cybersecurity, Data Center Modernization and ServiceNow we assist State & Local agencies with their ongoing missions to transform government to best serve the needs of their constituencies.

The Customer-Centric Solutions Playbook (CCSP) is an initiative aimed towards improving role clarity, definition, ownership and accountability around the strategic focal areas that are most impactful to our customers.

By creating comprehensive go-to-market plans and through defining a deliberate approach, the mission is to create a shared understanding of roles, functions and strategies that will enable sellers to execute seamlessly and deliver Customer Value.

CDW•G Public Sector BD team/capabilities

CDW•G's Public Sector Business Development teams focuses on delivering customer-centric solutions by aligning expertise, insight and strategy to help customers achieve their IT goals. Each team works discreetly within their segmented approach service either our State and Local customer, or our Education customers. Our business development teams consists of a group of individuals who work closely with the dedicated sales team to collectively serve our customers. The business development teams are dedicated to identifying the long term IT strategy, and help customers develop a plan to implement the appropriate technology to fulfill their technology goals and requirements. This team works with the customer to define opportunities, better understand the needs and challenges of today and tomorrow, all while brining expertise and resources from across CDW•G's departments to help customers visualize and create solutions that meet the needs of their mission.

Public Safety

Over 16 years ago, CDW•G created a practice dedicated to solutions, services, and capabilities for public safety and first responder agencies and constituents, with far-reaching implications for personnel and the public alike. CDW•G's Public Safety Practice knowledge is anchored in hundreds of engagements across the United States and has helped create unsurpassed technology know-how across the board, encompassing problem-solving skills, relationships with the industry's strongest partners and experience in best-practice solutions. Between technology's rapid-fire changes and public safety's inherent rules, needs and challenges, creating solutions for public safety and first responder technology and services requires a very specific expertise. CDW•G has successfully delivered technology and service solutions to address updates for aging mobile equipment and networks; custom solutions for inadequate or outdated network infrastructures; recommendations for responder safety-related equipment; natural disaster response planning and assistance; security threat assessment (physical and cyber); and consulting for design, implementation, and management of digital evidence solutions.

CDW•G supports our First Responder community through engagement, sponsorship and membership at the local, regional, and national level including [National Sheriffs' Association](#) and [International Association of Chiefs of Police](#). Membership, sponsorship and attendance at meetings, conferences and events helps connect us with the widest group of front-line customers allowing us to evangelize the breadth, depth, strength and diversity of current and emerging solutions. CDW•G's four dedicated Public Safety Strategists are respected speakers, consultants, authors and bloggers in the national Public Safety arena.

If applicable, describe your company's ability to integrate into other ecommerce sites:

Include details about your company's ability to create punch out sites and accept orders electronically (cXML, OCI, etc.).

Provide detail on where your company has integrated with a public agency's ERP (Oracle, Infor Lawson, SAP, etc.) system in the past and include some details about the resources you have in place to support these integrations. List, by ERP provider, the following information: name of public agency, ERP system used, "go live" date, net sales per calendar year since "go live", and percentage of agency sales being processed through this connection.

CDW•G is highly experienced in implementing B2B solutions. Since 2001, we have integrated with over 9,000 entities (13,000 unique and individual customers). We work with over 80 different marketplaces, ERPs and SRMs. Our online catalog provides over 250,000 products to AEPA members at the appropriate contract price. Any additional awards resulting from this solicitation or future solicitations can be easily integrated into current and future e-procurement integrations.

Our in-house staff of over 200 IT personnel are dedicated solely to our web, internal, and ecommerce IT systems. Our mature e-procurement practice also means AEPA members won't have a long to wait to begin using their system. By integrating quicker than our competitors, CDW•G simplifies procurement for customers by allowing them to buy IT the way they need, based on their specific requirements. CDW•G's punch-out offers the shopper dynamic price offerings, product information and availability while providing industry standard information back into our customers eprocurement platform. In addition, CDW•G's online experience provides guided purchasing through communicated standards on the customized landing page, as well as product restrictions based on contractual obligations.

CDW•G is able to provide a punch-out catalog, credentials and baseline customized landing page within 48 hours of agreeing upon specifications. Additional return documents, such as cXML PO Confirmation, Advance Shipment Notifications and Invoicing may take up to 4-6 weeks, mainly dependent on how quickly our customers can complete the proposed testing scenarios.

We perform free integrations with more than 70 e-procurement vendors. In addition to providing integrations at no additional charge, CDW•G also has resources in e-commerce and business development to train end users on how to leverage CDW•G's punch-out catalog or customized e-commerce portal for ordering. Training may be offered on-site, virtually via WebEx, or through recorded sessions that can be accessed on demand. Training generally consists of a walkthrough of the customer's customized portal, an overview of the most commonly leveraged tools, and Q&A. The training is optional and is a value-added offering to help AEPA members maximize their purchasing experience.

While we are not able to release information about our specific customers who have utilized our integration capabilities, we can offer the following data to demonstrate our expertise:

State, Local, and Education Integrations

- Education: 1,562 integrations
- Higher Education: 605 integrations
- K-12: 957 integrations
- State and Local: 159 integrations

Top Marketplaces used by CDW•G Customers

- GHX
- Jaggaer
- Oracle
- Workday
- Ariba
- Prodigio
- Ivalua
- EqualLevel
- Coupa Systems
- Munis

Our 2020 revenue through eProcurement was in the hundreds of millions.

EDI Communication Methods

CDW•G supports a variety of communication methods including:

FTP (File Transfer Protocol) — CDW•G's FTP processing is flexible. We can exchange fixed length, wrapped or unwrapped files, with or without CR/LF. We also can exchange stream files — one continuous stream of data (variable length). Naming conventions for files and the number of files exchanged are flexible. Either CDW•G or the Partner may host the FTP site. UserID and Password are required to access CDW•G's FTP site. CDW•G can delete files that have been retrieved. Partners will be expected to delete files after they are retrieved.

CDW•G uses PGP to encrypt data exchanged via FTP. PGP (Pretty Good Privacy) is widely available and uses public key cryptography to exchange files, with both privacy and authentication, over all kinds of networks. CDW•G can also support FTP using SSH or SSL session encryption.

EDIINT-AS1 — This communication method uses the e-mail system to transfer encrypted data over the Internet. The partner needs to have an AS1 compliant software package that can encrypt and decrypt EDIINT AS1 data.

EDIINT-AS2 — This communication method uses the Internet to exchange data and an HTTP post (language of websites) to transfer encrypted data between CDW•G and the customer.

HTTPS (Hyper Text Transmission Protocol, Secure) — This method allows CDW•G to send and receive data through a Web Server using HTTP/S. HTTP is traditionally used for displaying interactive Web pages, but can also be used as a communication method.

VANs (Value Added Networks) — A VAN is the least desirable method due to the fees incurred for this third party service. CDW•G will work with you to eliminate the use of VANs as a communication method. If necessary, we can establish a secure connection to and from a VAN.

Customers will always have access to their invoices through the Payment Reporting section of their Account Center (requires finance user permission), but we can also use the following invoice methods: paper invoices; P-Cards (compliant to level/tier 3); and electronic invoicing in ANSI X12 4010 EDI, XML, cXML or mapped flat file formats.

Disclosures

Financial Health (REQUIRED): AEPA requires reports that describe the financial soundness of your organization. Accepted financial reports include balance sheets and Profit & Loss statements for the past three years (2018, 2019, 2020), a Letter of Credit or Line of Credit from a bank or lending institution indicating the line of credit limit and the average outstanding balance, Dun & Bradstreet reports, a complete Annual Financial Report (for publicly traded companies). Reports must be for the three years prior to this solicitation. Scan the report(s) into a PDF document and title as per the instructions.

For confidentiality, respondents may choose to send the report(s) by email directly to the AEPA Executive Director, George Wilson, at georgewilson.aepa@outlook.com. The reports will be held through the end of the protest period for the solicitation after which they will be destroyed. The pdf report(s) must be received by the AEPA Executive Director before the due date and time of the solicitation opening.

Legal: Does this business have actions currently filed against it? X No Yes

If Yes, **AN ATTACHMENT IS REQUIRED:** List and explain current actions, such as, Federal Debarment (on US General Services Administration's "Excluded Parties List"), appearance on any state or federal delinquent taxpayer list, or claims filed against the retainage and/or payment bond for projects.

e-Commerce: Does this business have an e-commerce website? _____ No _____ X Yes

If YES, what is the website?

www.cdwg.com/AEPA022

Customer and Support Service: It is understood depending on the type, kind and level of products and/or services being proposed in response to this solicitation will impact and determine the type and level of services required and these are identified in Part B Specifications of this solicitation.

Does this business have online customer support options?	_____	No	_____	Yes
Does this business have a toll-free customers support phone option?	_____	No	_____	Yes
Does this business offer local customer and support service options?	_____	No	_____	Yes

State your normal delivery time (in days) and any options for expediting delivery.

Average Turnaround Time: In-stock Items

Our goal is to develop long-term, mutually beneficial customer relationships. We measure our success by how effectively we serve our clients and maintain their loyalty. While we do not agree to SLA-related penalties, we understand that continual quality performance is crucial to preserving our partnership with AEPA. Our greatest incentive is to earn and retain business.

CDW•G strives to ship all in-stock, credit approved, non-configured orders within 24 business hours of P.O. receipt. Our same-day fill rate varies between 97% and 99% for credit-approved orders with in-stock product that don't require configuration services. If AEPA participating members choose to utilize CDW•G's pre-configuration services, turnaround times will be slightly longer. We strive to ship products receiving such standard configurations as imaging, hardware installs, and asset tagging within two to three business days of order placement. Orders requiring more complex configuration services, rack customization, or laser etching, generally ship within three to five days of order placement.

Average Turnaround Time: Non-stock Items

To supplement our direct purchasing model, CDW•G has strong affiliations with principal channel distributors. We have partnered with numerous distributors to supplement our direct purchasing model. Such partners include Tech Data, Ingram Micro, SYNnex, Avnet, Arrow Electronics, and D&H Distributing Company. With frequent EDI feeds, we have provides visibility into inventory items and status. CDW•G will also make all reasonable efforts to utilize diverse business suppliers that are part of our strategic network and those who will be added throughout the duration of the contract.

Because our two company owned distribution centers are in close proximity to principal distributors, we are able to obtain competitively priced, non-stocked items relatively quickly. Generally, CDW•G can secure out-of-stock product(s) from our local distribution network as quick as 24 hours with oneoff products taking as quick as 48 hours.

Urgent Deliveries

CDW will make every effort possible to expedite urgent deliveries when they arise. However, due to our very large inventory at our two distribution centers and our strong distribution channel partnerships, it is very likely that we will have the product(s) you need for immediate shipping. When standard configuration services are performed on servers, desktops, notebooks, printers and PDAs, we typically ship within 2-3 business days. For same day shipping, AEPA members can pay a priority fee; however, the order must be "picked" by 3:00 CT.

However, our goal is to have members work with their dedicated account managers every step of the way of an enterprise project to develop a plan that is well thought out so there will be little or no need for urgent deliveries.

Current Market Fluidity

Please note that we are working through highly fluid, industry-wide supply chain constraints, which may result in longer-than-normal delivery times for many manufacturers. CDW•G is taking proactive measures to minimize impact; however, current circumstances prevent us from making standard guarantees.

State your backorder policy. Do you fill the order when available, or cancel the order and require participating agencies to reorder if items are backordered?

Your Account Manager will let you know if products are backordered. Additionally, your account manager can help you find product alternatives that are in stock. The products that are on backorder are monitored daily by your Account Manager and the Purchasing Department, with access to real-time inventory information. If the products on backorder are available through local distribution sources, products generally ship within two business days. If the products are in remote distribution, the products are generally shipped within three to five business days. Backorders are filled according to the order in which they are received, except in cases where the product ordered is connected to a customer return or customer service request.

Backorder information is also available 24-hours a day on your CDW•G Account Center. When ordering through your Account Center, AEPA members will see if a product is able to ship the same day or if the product is on backorder. If product is currently out of stock, the member will be able to see the length of time estimated to ship the product.

Describe your company's payment terms as well as any quick pay discounts.

CDW•G's standard payment terms are net 30 days from the date the invoice is issued.

State your company's return policy and any applicable State restocking fees.

CDW allows customer returns based on the policies of the original product manufacturer. Software is not returnable if the packaging has been opened. If software was distributed electronically, it is not returnable if the licenses were downloaded. For additional information, see CDW's full Product Return Policy at the following link: [Return Policy](#).

AEPA members should contact their dedicated account manager, CDW Customer Relations at 866.SVC.4CDW, or e-mail at Customer Relations to initiate a return or for additional information.

Customers must notify CDW Customer Relations of any damaged Products within fifteen (15) days of receipt.

Restocking Fees

30 Days after Invoice = 15% return fee

60 Days after Invoice = 30% return fee

Restricted manufacturers & items will incur a return fee Day 1 from invoice.

Describe any special program that your company offers that will improve customers' ability to access products, on-time delivery, or other innovative strategies.

Staging

A differentiator for CDW is the ability to offer staging to customers in either one of our two fully bonded distribution centers. Staging is a service whereby CDW holds a customer's purchased inventory in our distribution center for a pre-defined period of time until the customer is ready for receipt.

Benefits

This service is beneficial when prolonged availability of a discontinued or constrained product may be needed to meet project and deployment plans. Additionally, once a Staging Agreement is in place, customers have the added benefit of leveraging the agreement, for future and multiple projects that necessitate CDW's staging services.

There is currently no volume restriction. This is possible due to CDW's two large strategically located distribution centers: a 450,000-square-foot distribution center at our headquarters in Vernon Hills, IL and a 513,000-square-foot center in North Las Vegas, NV. CDW's distribution centers facilitate staging and deployment of products to customers throughout the country. [The Vernon Hills \(VH\) distribution center targets](#)

customers east of the Mississippi River while the Las Vegas (LV) distribution center primarily serves the western part of the United States. For ease of manageability and for tax purposes, Staging Agreements do not combine both distribution centers.

Fees

Fees for Staging are negotiated according to the project scope and are based on the length of the service engagement. Space and labor fees are based on variables such as the pallet space required, time frame of the Staging Agreement, the frequency and timing of shipments for the roll-out and the products purchased. CDW will provide detailed quote information specific to a customer's needs, as requested.

CDW Technology Experience Centers / Demo Labs

The Technology Experience Center (TEC) is CDW's presales Demo Lab that prides itself on being a multivendor environment showcasing the latest in compute, storage, networking, virtualization, hyperconvergence, power, and cooling. The TEC Demo Lab is a remote experience that allows you to:

- Try out a demo of the software
- Make software comparisons
- Explore the latest innovations to see if they will help you achieve your business goals
- Review proof of concept for some customer services

CDW has multiple centers throughout North America that will be available in the future for in-person demonstrations:

- CDW – Reston, VA
- CDW – Vernon Hills, IL
- CDW – Etobicoke, ON, CA
- Scalar – Toronto, ON, CA
- Scalar – Vancouver, BC, CA

These labs demonstrate how integrated solutions work in a real-world environment and help you determine which solutions best meet your organization's needs. You can see the newest technologies built as integrated solutions, compare alternative solutions side by side, and see how different components interact.

Contact your account manager for more information and explore how the latest innovations can help you achieve your goals.

Pricing

Is your pricing methodology guaranteed for the term of the contract? _____ **No** X **Yes**

Will you offer customized price lists to participating entities as required per the pricing terms of Part A? _____ **No** X* **Yes**

*On a case-by-case basis

Will you offer hot list pricing (optional) as described in the pricing terms of Part A? X **No** _____ **Yes**

Will you offer volume price discounts as described in the pricing terms of Part A? X **No** _____ **Yes**

Competitiveness: In order for your response to be considered, your company must offer AEPA prices that are equal to or lower than those normally offered to individual entities or cooperatives with equal or lower volume.

*Subject to applicable law, CDW•G is offering aggregate pricing which is equal to or better than the pricing which is offered to AEPA member states with comparable scope of products and sales volumes, and similar terms and conditions.

Is the pricing that is proposed to AEPA equal to or lower than pricing your company offers to individual entities or cooperatives with equal to or lower volume? No ☐ Yes ☒

Indicate which of the following apply and the **level of competitive range** you are offering in response to this solicitation.

☒ Pricing offered to AEPA is EQUAL TO pricing offered to individual customer and/or cooperatives.

☐ Pricing is LESS THAN individual customer and/or cooperatives. Lower by _____%

Cooperative Contracts: Does your business currently have contracts with other cooperatives (local, regional, state, national)? No ☐ Yes ☒

If YES, identify which cooperative and the respective expiration date(s).

CDW•G holds public contracts across the nation. A list of these contracts can be found on our website by searching in the Public Contracts section of <https://www.cdwg.com/shop/contracts/>.

If YES, and your business is awarded an AEPA contract, explain which contract your business will lead with in marketing and sales representative presentations (sales calls)?

First and foremost, CDW•G respects the customer's request. This means, that if customers request information on a specific program, we give it. Our account teams know their customers' preferred programs, and we do not "hard sell" our customers any particular programs. In cases where the customer is undecided, we recommend the best solution for their project, similar to the way we offer the best technology solution for the desired outcome.

Administrative Fee: Which of the following best reflects how your pricing includes the individual AEPA Members' administrative fee. Mark with an "X".

X	<p>The pricing for the products and/or services are the same for each AEPA Member Agency, shipping, handling, administrative fee* and other specific state costs are added to arrive at total price offered to the Individual AEPA Member Agency.</p> <p>*CDW•G offers to provide the admin fees as listed Form F of the RFP documents with one alteration: Chromebook sales are offered at a 1% Admin Fee across the product category. This is necessary due to the relatively low price point for these products and the incredible margin pressure in the category.</p>
	The pricing for the products and/or services is inclusive of the administrative fee and therefore the pricing is the same for all AEPA Member Agencies. Shipping, handling and other state specific costs are added to the adjusted AEPA Member Agency's price.
	The pricing for the products and/or services includes ALL (shipping, handling, administrative fee, other) costs to arrive at a single price for all AEPA Member Agencies.

Leasing: Do your business offer leasing arrangements under this solicitation? No ☐ Yes ☒

If Yes, please indicate how the rate factor is determined and other cost factors below.

At CDW•G, we focus on providing the best solutions in the industry—not simply the latest solutions from a single provider. We strive to offer our customers flexibility through a wide array of options to suit their needs. This philosophy permeates all aspects of our business. Keeping the customer experience top of mind, CDW•G is proud to offer AEPA members financing/leasing on a per deal basis, or in many cases, as a primary billing option, depending on member needs.

Leasing Partners

Whether members are facing limited budgets, want to ensure regular technology upgrades or are seeking new ways to reduce total cost of equipment ownership, leasing can offer a flexible option to acquire, manage and control technology assets. As a Value-Added Reseller, CDW•G does not directly lease equipment. However, we can facilitate a lease agreement between AEPA members and a variety of leading financing companies. This approach allows members to secure a leasing program with maximized options and terms that fits their needs and budget requirements. Our leasing partners include:

- Arrow Capital Solutions
- Cisco Capital
- Dell Financial Services
- HPE Financial Services
- VAR Technology Finance

Solution Advisors

As always, the process for understanding leasing options begins with a member's dedicated account manager. Account managers will engage our team of Financing Solution Advisors. They are responsible for providing market leading leasing and financing solutions through education, guidance, and support. Our Financing Solution Advisors will aid AEPA members to understand their options. They provide referrals to the leading financing companies who can help provide the best leasing terms to address members' unique needs and budget requirements.

If an AEPA contract is approved and awarded by the Member Agencies, as a Vendor Partner, I agree to:

Responsibilities	Yes, indicate with an "X"	No, indicate with an "X"
1. Designate and assign a dedicated senior-level contract manager (one authorized to make decisions) to each of the Member Agency accounts. This employee will have a complete copy and must have working knowledge of the AEPA contract.	X	
2. Train and educate sales staff on what the AEPA contract is: including pricing, who can order from the contract (by state), terms/conditions of the contract, and the respective ordering procedures for each state. It is expected that Vendor Partners will lead with AEPA contracts.	X First and foremost, CDW•G respects the customer's request. This means, that if customers request information on a specific program, we give it. Our account teams know their customers' preferred programs, and we do not "hard sell" our customers any particular programs. In cases where the customer is undecided, we recommend the best solution for their project, similar to the way we offer the best technology solution for the desired outcome.	
3. Develop a marketing plan to support the AEPA contract in collaboration with respective AEPA Member Agencies. The marketing plan should include, but not be limited to, a website presence, electronic mailings, sales flyers, brochures, mailings, catalogs, etc.	X	

4. Create an AEPA-specific sell sheet with a space to add a Member Agency logo and contact information for use by the Member Agencies and the Vendor Partner's local sales representatives to market within each state.	X CDW•G would like to discuss additional marketing media options with AEPA. For example, digital methods would be more streamlined, and a landing page that is updated regularly may be preferred over static print content.	
5. On a quarterly basis, complete the sales and administrative fee report (see attached PDF example) and submit to each Member Agency along with the respective administrative fees to be paid. If there are no sales, the Vendor Partner is required to submit a \$0 report to the AEPA Member Agency.	X	
6. Have ongoing communication with the Category Oversight Chairperson, AEPA Member Agencies and the Member Agencies Participating Entities.	X	
7. Attend two (2) AEPA meetings each year (see Part A)	X Barring safety restrictions as they apply to CDW•G pandemic guidelines.	
8. Participate in national and local conference trade shows to promote the AEPA contracts including, but not limited to the Association of School Business Officials (ASBO), the National Institute of Governmental Purchasing (NIGP), and the National Association of Educational Procurement (NAEP).	X CDW•G participates in numerous trade shows throughout the year. We do not attend tradeshow in partnership with any one contract specifically, but we can promote AEPA to interested customers at these events.	
9. Increase sales over the term of the contract with all participating AEPA Member Agencies.	X CDW•G strives to increase sales over the term of the contract with all participating AEPA Member Agencies. It has been our great pleasure to have grown this contract's reach for many years. However, due to the complexity of this contract and all factors involved in growing sales, CDW•G acknowledges that factors beyond our control might prevent an increase in sales in any given period.	

Exceptions

Instructions:

1. If "no" is marked with an "X" below, complete this form by signing it at the bottom.
2. If "yes" is marked with an "X" below, insert answers into the form shown below, providing narrative explanations of exceptions. *(To insert more rows, hit the tab key from the last field in the last row and column.)*
3. If adding pages, the company name and identifying information as to which item the response refers must appear on each page.
4. Exceptions to local, state or federal laws cannot be accepted under this solicitation.

	No , this respondent does not have exceptions to the Terms and Conditions incorporated in Parts A and B of this IFB.
X	Yes , this respondent has the following exceptions to the Terms and Conditions incorporated in Parts A and/or B of this solicitation.

IFB Section and Page Number	Outline Number	Term and Condition	Exception
Part A, p. 20		Limitation of Liability	<p>CDW•G is not proposing a specific language exception at this time.</p> <p>Rather, CDW•G would request, upon award, the opportunity to negotiate a mutually agreeable limitation of liability clause - commiserate with the proposed categories of professional services CDW•G expects to provide to pursuant to the resultant contract - to be incorporated into the terms of Part A.</p> <p>CDW•G appreciates the opportunity to negotiate such a clause and is eager to work with AEPA to build a competitive and mutually beneficial contract.</p>

Deviations

Instructions:

1. If "no" is marked with an "X" below, complete this form by signing it at the bottom.
2. If "yes" is marked with an "X" below, insert answers into the form shown below, providing narrative explanations of deviations. *(To insert more rows, hit the tab key from the last field in the last row and column.)*
3. If adding pages, the company name and identifying information as to which item the response refers must appear on each page.
4. Deviations to local, state, or federal laws cannot be accepted under this solicitation.

X	No , this respondent does not have deviations (exceptions or alternates) to the specifications listed in Part B of this solicitation.
	Yes , this respondent has the following deviations to the specifications listed in Part B of this solicitation.

Outline Number Part B	Specification (describe)	Details of Deviation

Part E – Signature Forms

AEPA 022-G

Technology Catalog

Instructions

Contained herein are forms that **require a signature** from an authorized person at your company. All items found within this document are **mandatory**. Failure to sign the required areas, sections, or signature lines will allow AEPA to consider your company's proposal as **non-responsive**.

To submit the required signed forms, follow these steps:

1. Read the documents in their entirety.
2. Complete all forms and sign when required.
3. Once signed, place notary stamp in the delegated area on the Bid Affidavit.
4. Return the forms and pages in their correct order and scan one (1) single PDF format titled “Part E – Signature Forms – Name of Bidding Company” (i.e. one PDF document for all signature forms).
5. Submit Part E, along with other required documents in Public Purchase.

*Note, a bid checklist has been provided to review with your submission.

The following sections will need to be completed prior to submission as **one (1), single PDF** titled “Part E – Signature Forms – Name of Bidding Company”.

Uniform Guidance “EDGAR” Certification Form – *signature required

Bid Affidavit – *signature required

Acceptance of Bid & Contract Award – *signature required

Uniform Guidance “EDGAR” Certification Form

2 CFR Part 200

When a purchasing agency seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200, referred to as the “Uniform Guidance” or new “EDGAR”. All Respondents submitting proposals must complete this EDGAR Certification form regarding the Respondent’s willingness and ability to comply with certain requirements, which may apply to specific agency purchases using federal grant funds.

For each of the items below, the Respondent will certify its agreement and ability to comply, where applicable, by having the Respondent’s authorized representative check, initial the applicable boxes, and sign the acknowledgment at the end of this form. If a Respondent fails to complete any item of this form, AEPA will consider and may list the response, as the Respondents are unable to comply. A “No” response to any of the items below may influence the ability of a purchasing agency to purchase from the Respondent using federal funds.

1. Violation of Contract Terms and Conditions

Provisions regarding Respondent default are included in AEPA’s terms and conditions. Any contract award will be subject to such terms and conditions, as well as any additional terms and conditions in any purchase order, ancillary agency contract, or construction contract agreed upon by the Respondent and the purchasing agency, which must be consistent with and protect the purchasing agency at least to the same extent as AEPA’s terms and conditions. The remedies under the contract are in addition to any other remedies that may be available under law or in equity.

2. Termination for Cause of Convenience

For a participating agency purchase or contract in excess of \$10,000 made using federal funds, you agree that the following term and condition shall apply:

The participating agency may terminate or cancel any purchase order under this contract at any time, with or without cause, by providing seven (7) business days in advance written notice to the Respondent. If this agreement is terminated in accordance with this paragraph, the participating agency shall only be required to pay Respondent for goods and services delivered to the participating agency prior to the termination and not otherwise returned in accordance with the Respondent’s return policy. If the participating agency has paid the Respondent for goods and services provided as the date of termination, Respondent shall immediately refund such payment(s).

If an alternate provision for termination of a participating agency’s purchase for cause and convenience, including how it will be affected and the basis for settlement, is in the participating agency’s purchase order, ancillary agreement or construction contract agreed to by the Respondent, the participating agency’s provision shall control.

3. Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all participating agency purchases or contract that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR Part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Respondent agrees that such provision applies to any participating agency purchase or contract that meets the definition of

“federally assisted construction contract” in 41 CFR Part 60-1.3 and Respondent agrees that it shall comply with such provision.

4. Davis Bacon Act

When required by Federal program legislation, Respondent agrees that, for all participating agency contracts for the construction, alteration, or repair (including painting and decorating) of public buildings or public works, in excess of \$2,000, Respondent shall comply with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, Respondent is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specific in a wage determinate made by the Secretary of Labor. Also, Respondent shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.wdol.gov. Respondent agrees that, for any purchase to which this requirement applies, the award of the purchase to the Respondent is conditioned upon Respondent’s acceptance of wage determination.

Respondent further agrees that is shall also comply with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each construction completion, or repair of public work, to give up any part of the compensation to which he is otherwise entitled under his contract of employment, shall be defined under this titled or imprisoned not more than five (5) years, or both.

5. Contract Work Hours and Safety Standards Act

Where applicable, for all participating agency purchases in excess of \$100,000 that involve the employment of mechanics or laborers, Respondent agrees to comply with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, Respondent is required to compute the wages of every mechanic and laborer based on a standard workweek of 40 hours. Work in excess of the standard workweek is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek. The requirements of the 40 U.S.C. 3704 applies to construction work and provides that no laborer or mechanic must be required to work in surroundings or under working conditions that are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchase of supplies, materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

6. Right to Inventions Made Under a Contract or Agreement

If the participating agency’s federal award meets the definition of “funding agreement” under 37 CFR 401.2(a) and the recipient or sub-recipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experiments, developmental or research work under the “funding agreement,” the recipient or sub-recipient must comply with the requirements of 37 CFR Part 401, “Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements,” and any implementing regulations issued by the awarding agency.

7. Clean Air Act and Federal Water Pollution Control Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended, contracts and subgrants of amounts in excess of \$150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA). When required, Respondent agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

8. Debarment and Suspension

Debarment and Suspension (Executive Orders 12549 and 12689), a contract award (see 2 CFR 180.222) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM exclusions contain the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. Respondent certifies that the Respondent is not currently listed and further agrees to immediately notify AEPA and all participating agencies with pending purchases or seeking to purchase from the Respondent if Respondent is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under state statutory or regulatory authority other than Executive Order 12549.

9. Byrd Anti-Lobbying Amendment

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352), Respondents that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that take place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

10. Procurement of Recovered Materials

For participating agency purchases utilizing Federal funds, Respondent agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a participating agency may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

11. Profit as a Separate Element of Price

For purchases using federal funds in excess of \$150,000, a participating agency may be required to negotiate profit as a separate element of the price. See 2 CFR 200.323(b). When required by a participating agency, Respondent agrees to provide information and negotiate with the participating agency regarding profit as a separate element of the price for a particular purchase. However, Respondent agrees that the total price, including profit, charged by the Respondent to the participating agency shall not exceed the awarded pricing, including any applicable discount, under the Respondent's contract with AEPA.

12. General Compliance with Participating Agencies

In addition to the foregoing specific requirements, Respondent agrees, in accepting any purchase order from a participating agency, it shall make a good faith effort to work with a participating agency to provide such information and to satisfy requirements as may apply to a particular purchase or purchases including, but not limited to, applicable record keeping and record retention requirements as noted in the Federal Acquisition Regulation, FAR 4.703(a).

By initialing the table (1-12) and signing below, I certify that the information in this form is true, complete and accurate and that I am authorized by my business to make this certification and all consents and agreements contained herein.

Instructions: This form must be signed by the business's authorized representative and notarized below. If awarded, the Respondent is required to produce a copy of this document for each Member Agency with which it contracts.

1. The undersigned, is duly authorized to represent the persons, business and corporations joining and participating in the submission of the foregoing bid (such persons, business and corporations hereinafter being referred to as the Respondent), being duly sworn, on his/her oath, states that to the best of his/her belief and knowledge no person, business or corporation, nor any person duly representing the same joining and participating in the submission of the foregoing bid, has directly or indirectly entered into any agreement or arrangement with any other Respondents, or with any official of the **Member Agency**, or any employee thereof, or any person, business or corporation under contract with the **Member Agency** whereby the Respondent, in order to induce the acceptance of the foregoing bid by the **Member Agency**, has paid, or is to pay to any other Respondent, or to any of the aforementioned persons, anything of value whatever, and that the Respondent has not, directly nor indirectly entered into any arrangement, or agreement, with any other Respondent or Respondents which tends to or does lessen or destroy free competition in the letting of the contract sought for by the foregoing bid.
2. This is to certify that the Respondent, or any person on his/her behalf, has not agreed, connived, or colluded to produce a deceptive show of competition in the manner of the bidding, or award of the referenced contract.
3. This is to certify that neither I, nor to the best of my knowledge, information and belief, the Respondent, nor any officer, director, partner, member or associate of the Respondent, nor any of its employees directly involved in obtaining contracts with the **Member Agency**, or any subdivision of the state has been convicted of false pretenses, attempted false pretenses, or conspiracy to commit false pretenses, bribery, attempted bribery or conspiracy to bribe under the laws of any state or federal government for acts or omissions after January 1, 1985.
4. This is to certify that the Respondent or any person on his behalf has examined and understands the terms, conditions, the scope of work and specifications, and other documents of this solicitation and that any and all exceptions have been noted in writing and have been included with the bid submittal.
5. This is to certify that if awarded a contract, the Respondent will provide the equipment, commodities, and/or services to members and affiliate members of the Agency in accordance with the terms, conditions, the scope of work and specifications and other documents of this solicitation in the following pages of this bid.
6. This is to certify that the Respondent is authorized by the manufacturer(s) to sell all proposed products on a national basis.
7. This is to certify that we have completed, reviewed, approved, and have included all information that is required of these bid forms.

Acceptance of Solicitation & Contract

Instructions: PART I of this form is to be completed by the Respondent and signed by its Authorized Representative. PART II will be completed by the AEPA Member Agency only upon the occasion of the bid award. If approved by AEPA, the Respondent is required to produce a copy of the document for each of the AEPA Member Agency with which it contracts.

PART I: RESPONDENT

In compliance with the Published Solicitation (IFB OR RFP), the undersigned warrants that I/we have examined all Instructions to Respondents, associated documents, and being familiar with all of the conditions of the solicitation, hereby offer and agree to furnish all labor, materials, supplies, and equipment incurred in compliance with all terms, conditions, specifications, and amendments associated with this IFB OR RFP and any written exceptions to the bid. The signature also certifies understanding and compliance with the certification requirements of the AEPA Member Agency's Terms and Conditions and/or Special Terms and Conditions. The undersigned understands that their competence, ability, capacity and obligations to offer and provide the proposed tangible personal property, professional services, construction services, and other services on behalf of the Vendor Partner as well as other factors of interest to the AEPA Member Agency as stated in the evaluation section, will be a consideration in making the award.

PART II: AWARDING MEMBER AGENCY

Your bid response for the above-identified bid is hereby accepted. As a Vendor Partner, you are now bound to offer and provide the products and services identified within this solicitation, your response, and approved by AEPA, including all terms, conditions, specifications, exceptions, and amendments. As a Vendor Partner, you are hereby not to commence any billable work or provide any products or services under this contract until an executed purchase order is received from the AEPA Member Agency or Participating Entities. This contract intends to constitute the final and complete agreement between the AEPA Member Agency and Vendor Partner, and no other agreements, oral or otherwise, regarding the subject matter of this contract, shall bind any of the parties hereto. No change or modification of this contract shall be valid unless in writing and signed by both parties to this contract. If any provision of this contract is deemed invalid or illegal by any appropriate court of law, the remainder of this contract shall not be affected thereby. The initial term of this contract shall be for up to fifteen (15) months and will commence on the date indicated below and continue until February 28, 2023, unless terminated, canceled, or extended. By mutual written agreement the contract may be extended for three (3) additional 12-month periods after this initial contract term. In the event the AEPA Board does not recommend renewal of the contract, it may be extended month by month up to six (6) months by an AEPA state.

Part F.3 – Services Price Schedule

AEPA #022-G Technology Catalog

Bidding Company Name:

CDW•G

NOTE: If your company provides any of the services listed below, please complete the price schedule.

Part F.3 is an OPTIONAL FORM

Professional Services

Role	Not to Exceed Bill Rate
Associate Consulting Engineer	\$ 175.00
Consulting Engineer	\$ 215.00
Senior Consulting Engineer	\$ 225.00
Technical Lead / Principal Consulting Engineer	\$ 255.00
Enterprise Consulting Architect	\$ 255.00
Business Consulting Analyst	\$ 245.00
Project Administrator	\$ 165.00
Project Manager	\$ 210.00
Senior Project Manager	\$ 215.00
Enterprise Project Manager, PMO Lead	\$ 230.00
Program Manager	\$ 230.00
Technical Architect	\$ 350.00

*We propose a 5% Year over Year escalation rate

Services apply to both CDW•G executed professional services and services which are sub-contracted through a CDW•G authorized third-party provider. Hourly or fixed rates will be negotiated based on the customer, geography, scope of the professional service engagement, and level of engineer required to perform the service. CDW•G will create a Statement of Work (SOW) detailing the exact scoping and pricing of the Services to be provided, which will be executed by CDW•G and the AEPA member prior to the start of Services. Sample SOW is included in our proposal. Expenses (T and E) may be an additional consideration depending on project specifics.

As newer services and additional offerings come online which benefit AEPA members, CDW•G will work with AEPA on including additional labor categories. With the rise of subscription and consumption models, CDW•G can work with AEPA members to evaluate such offerings which provide benefit to meeting the mission of AEPA members.

Understanding and appreciating the pace with which technology is moving, one also comes to appreciate that CDW•G or any of its subcontractors may need to adjust their hourly rates for services to account for evolving market conditions over the contract's term, including, but not limited to: prevailing market rates, changes introduced by emerging technologies requiring a different level of expertise, or alternative cost models. CDW•G's annual escalation rates over the then-current contractual hourly rates have been provided for each solution category.

CDW Customer Service Order Form

SAMPLE

Terms:

1. **TERMS AND CONDITIONS** - Customer's obligations under this Customer Service Order Form, including its payment obligations are subject to the current Third Party Cloud Services Terms and Conditions on Seller's website at [Third Party Cloud Services Terms and Conditions](#), unless Customer has entered into a written agreement with Seller covering Customer's purchase of products and services from Seller ("Existing Customer Agreement"), in which case Customer's obligations shall be subject to the terms of such Existing Customer Agreement.
2. **SUBSCRIPTION TERM START DATE** - The subscription term will start on the date that Cloud Provider activates the applicable Cloud Service.
3. **PAYMENT** - Customer will pay all Fees (as defined herein) for the use of the Cloud Services as set forth in Seller's invoice, within 30 days after the date of the invoice, or in accordance with such other payment terms that may have been negotiated between Customer and Seller. In addition to the Service Fee for the Cloud Services, Customer will also be responsible for all additional fees for any subscription renewals and extensions, metered usage components consumed by Customer, and other subscriptions, features, products, services, or add-ons that Customer uses within the Cloud Services. Seller will invoice Customer in advance for the monthly or prepaid charges due for the Cloud Services purchased. Seller will invoice Customer in arrears for any metered usage or overage components (e.g., capacity overages, third party content, etc.). The Service Fee for the Cloud Services and all additional fees due hereunder are collectively referred to as "Fees".
4. **ADD-ON ORDERS** - Any orders submitted by Customer to Seller for Provider Cloud Services over the next twelve (12) months (the "Add-On Order(s)") will be governed by the terms and conditions of this Customer Service Order Form. All Add-On Order(s) must include the name of the applicable Provider Cloud Service, the Licensed User Quantity and the length of the initial term (e.g., 1, 2, or 3 years). The Initial Subscription Term for any Add-On Order(s) will commence on the date Seller provisions the new Provider Cloud Services on behalf of Customer.
5. **NON-CANCELLABLE/NON-REFUNDABLE** - The Cloud Services purchased under this Customer Service Order Form are non-cancellable and all Fees paid to Seller are non-refundable.
6. **SERVICE SUSPENSION** - In addition to any other rights Seller may have, Seller may suspend or terminate the Cloud Services if Customer fails to pay any Fees within ten (10) business days after the applicable due date.

BY CLICKING AGREE, Customer acknowledges and agrees that it is receiving the Cloud Services directly from Provider ("Provider Name") pursuant to Provider's standard terms and conditions or such other terms as agreed upon by Customer and Provider. Customer further acknowledges that Provider and not Seller will be responsible for performance of the Cloud Services.

Cloud SKUs in Part F—Pricing Schedule

Please see lines 124900 – 124908 of the Non-Core List for details about our proposed cloud SKUs.

No.	Product Category	Product Description	Manufacturer
124896	Cloud Software	AWS Offsite Storage for Veeam	AMAZON WEBSERVICES
124897	Cloud Software	AWS AppStream Advanced	AMAZON WEBSERVICES
124898	Cloud Software	Zoom Meetings - Pro - 1 Year Prepay; Tier 1 Qty 1-9	ZOOM
124899	Cloud Software	Zoom Meetings - Biz - 1 Year Prepay; Tier 1 Qty 10-49	ZOOM
124900	Cloud Software	Zoom Meetings Enterprise Named Host 1 Year Prepay; Tier 1 Qty 50-99	ZOOM
124901	Cloud Software	Zoom Rooms - 1 Year Prepay	ZOOM
124902	Cloud Software	Conference Room Connector - 1 Year Prepay	ZOOM
124903	Cloud Software	EDU - NH 1 Year Prepay; Tier 1 Qty 20-149; Education price plans are applicable for accredited colleges, universities and K-12 schools	ZOOM
124906	Cloud Software	Cloud Recording - 100GB - 1 Year Prepay	ZOOM

Price List / Catalog

CDW•G does not maintain a regularly updated print catalog, as we offer over 250,000 products and growing. The price list included is from July 2021 and due to the **dynamic nature** of the pricing may not be representative of actual products or pricing at the time of submission. CDW•G publishes, maintains, and provides access to Nationally Advertised Price (NAP) publicly at www.cdwg.com, as most other large national, co-operative contracts and public entities are structured in this manner. The benefit of using CDW•G's NAP is that it is available **24/7, publicly available and verifiable price schedule**, and AEPA members can feel confident that its pricing is both up-to-date and competitive.

Exhibit B—Marketing Plan

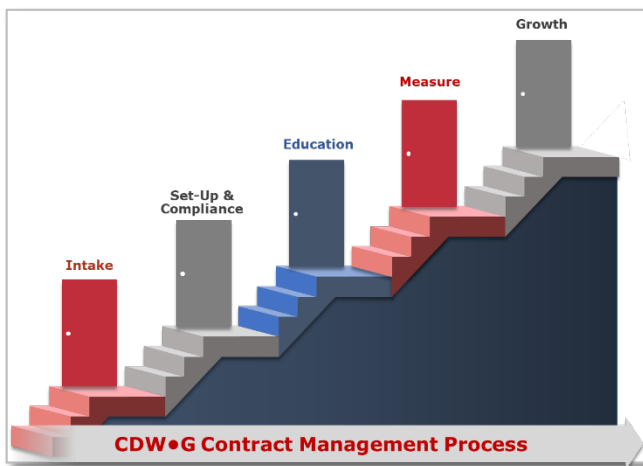

AEPA Marketing Plan

Since 2003, CDW•G has worked closely with AEPA and its members to forge deep, customer relationships that act as the foundation for our mutual success. Coupled with our marketing capabilities and committed sales force, we have driven year over year contract growth. And in this time, we've gained extensive knowledge around AEPA members' needs. We have used this knowledge to create custom solutions to achieve customers' objectives. This relentless focus on innovation and our customer intimacy provide CDW•G with unparalleled insight in preparing an effective market plan – one that promotes growth and new user adoption. If awarded, our in-depth marketing approach offers the national reach and resources of a Fortune 500 company while maintaining focused member attention to address nuanced requirements.

We look forward to continuing our partnership with AEPA. To this effect, we have outlined an integrated marketing plan that seeks to seamlessly maintain current members while simultaneously expanding contract sales without sacrificing customer support.

Ensuring Contract Vibrancy and Relevance (Our Capabilities and Resources)

Specialized Resources

Some vendors, even large suppliers, do not dedicate resources to contract management. Instead, these companies rely on the sales team to manage compliance issues and reporting. We can imagine that this results in delayed responses, unreliable support, and in worst cases, faulty reporting.

CDW•G understands the role that vendor contract management plays in the member experience and reputation of a major cooperative like AEPA. Therefore, we invest significantly in the quality and reliability of our

contract management process. We deploy a systematic yet adaptive approach that spans the contract lifecycle – ensuring contact vibrancy and longevity. The following five phases comprise this approach: Intake, Set-up & Compliance, Education, Measure, and Growth.

To support this process, we maintain an ecosystem of dedicated coworkers, CDW•G's program management department. This team is singularly devoted to managing contract, distinct from those responsibilities of our sales force. Members of the program management department work full-time to maintain contract compliance and administer contract procedures, including contract launch. Keeping our contract management within one group makes oversight and structured processes easy to implement, allowing CDW•G to standardize our contract management processes and share best practices – in turn reducing risks and improving efficiencies.

**Program Management at CDW•G**

- **100+** coworkers devoted to contract management
- Average **tenure > 10 years** industry experience
- Active participation in **National Contract Management Association**

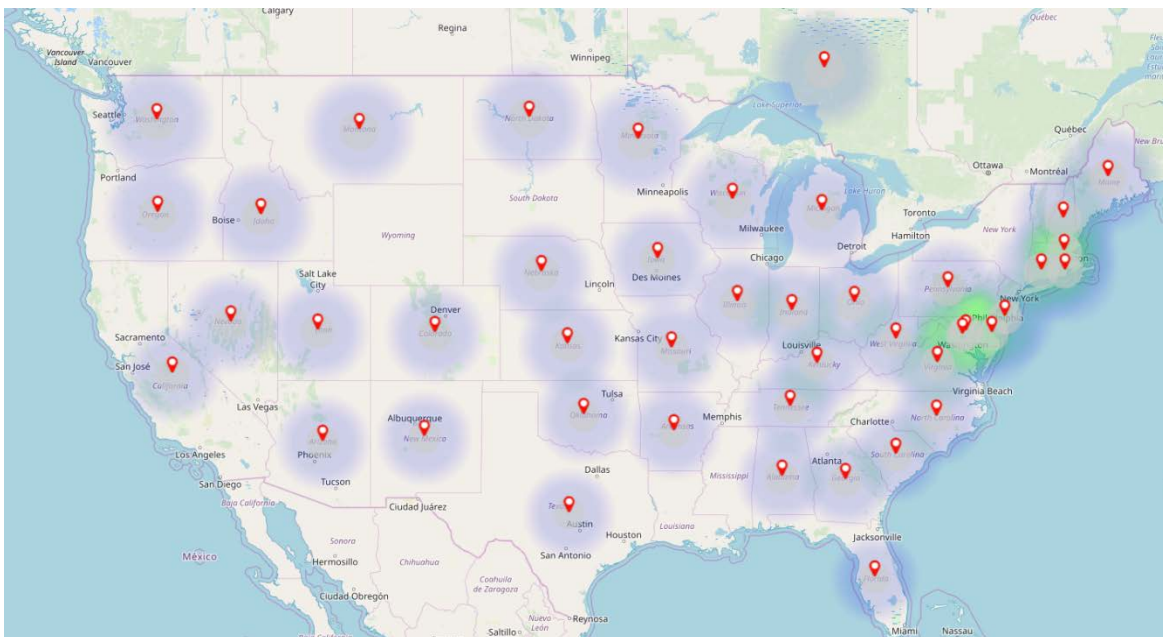

To the extent allowable, all information and documents hereby submitted in response to the Request for Proposal ("RFP") furnished by AEPA are the Proprietary and Confidential property of CDW Government LLC ("CDW•G").

CDW•G's Program Manager, **Jeff Hagen**, has an in-depth working knowledge of AEPA's Technology Contract structure and member landscape. If awarded, he will collaborate with CDW•G's marketing department to create awareness and training campaigns to enable our national sales force.

Established, Tenured Sales Force

AEPA agreements offer their users the simplicity, efficiency, and value of a national cooperative while accommodating the nuanced, region-specific members. Likewise, at CDW•G we structure our sales organization to address the unique needs of our customers based on their segment and region.

- First, our inside account managers and our field sellers are trained to **become experts within the public sector segment they support** – K-12, Higher Education, State & Local government, Federal government and Healthcare.
- To further support their customers, we have **divided the salesforce into distinct geographic regions** to ensure that sellers are prepared to support the local landscape.
- There are **over 1,000 sales coworkers and over 1,600 total coworkers** serving State, Local, and Education customers.

Map depicts geographic coverage of all coworkers supporting CDW•G.

We create an optimal customer experience by fostering collaboration and genuine investment in our customer's goals. While we may have a national presence, we operate at the local level – dedicated to creating true impact for each customer. Many larger organizations may see this

expanded sales force and their expertise as an unnecessary expense but, at CDW•G, we believe collaboration with our customers is the foundation to our mutual success.

Our Marketing Solutions

Recognized industry-wide for their technology solutions campaigns, our marketing team was recently named a finalist for Content Marketing Project of the Year by the Content Marketing Institute, the largest and longest-running international content marketing awards program in the world.

Our marketing team offers several solutions to support our AEPA marketing strategy. These include:

- **Advertising & Cobranded Materials.** CDW•G can work with AEPA and member agencies to develop customer facing collateral (digital and print) and email campaigns.
- **Customer Webinars and Events.** Topical webinars and events allow AEPA members to see, hear and participate in discussion events on topics ranging from security to classroom transformation.
- **Publications.** CDW•G partners with industry experts to publish sector-specific online and hardcopy magazines for State (StateTech), K-12 (EdTech Focus on K-12) and Higher Education (EdTech Focus on Higher Education) customers.
- **Corporate Communications** CDW•G can generate aspotlight media piece detailing the CDW•G AEPA Agreement. These can be shared with coworkers and select media publications.
- **Omnichannel Marketing.** Engaging across multiple platforms such as social media, applications, email, and blogs connects us with current and potential customers on more touchpoints. Done well, omnichannel marketing creates an enhanced user experience and cohesive brand message that drives people to action.
- **Artificial Intelligence and Smart Messaging.** CDW•G's Strategic Initiatives practice leads our AI and smart messaging efforts with the aid of Kronologic. Using AI and scripted messaging strategy, Kronologic syncs AEPA members and their dedicated account manager to help distribute contract, product and services updates while taking the next step to schedule one-on-one conversations at the convenience of the customer. Using integrated management and reporting tools, Kronologic assists with booking meetings – including scheduling, rescheduling and proposing new times.
- **Influencer Marketing and Social Messaging Apps.** CDW•G leverages a coworker advocacy tool that spans social media. Known as the CDW Social Squad, it engages coworkers across the company and provides access to curated social media content that is ready to share across their personal social media networks, including LinkedIn, Twitter, and Facebook. With just over 11,000 members, our Social Squad members shared 16,355 times in May 2021 generating 35,000 clicks and 28 million impressions.
- **Video Marketing.** Video marketing is one of, if not the most important trend today. In a survey done by Impactbnc.com, 68% of respondents replied that they most preferred to

learn about a new product or service via short video. CDW•G has the ability to facilitate video marketing campaigns to promote contract awareness and adoption

Aligned with our contract management process, we have developed a prescriptive go-to-market to position the AEPA and CDW•G value-add to customers, current and new, across our State and Local, and Education segments. Our messaging will include the following themes:

- Increased value in the form of savings
- Extensive, quality, product and services catalog
- A proven, successful partnership between AEPA and CDW•G
- Streamlined contract maintenance – reduce burden on administrative resources
- Consultative, holistic approach to achieve the goals of our customers and their communities
- Enhanced user experience and customer service
- IT Procurement Solution with National Reach yet Local Focus

Seamless Agreement Transition (Contract Launch Process)

Internal Contract Set-Up and Compliance

Seamless transition from the previous agreement to the new agreement is critical to success, as it secures the foundation necessary for continued success. Upon award, CDW•G will efficiently transition AEPA member agencies from the current contract to the new contract, as we have the framework in place to ensure seamless transition. Contract stand-up also includes creation of internal and external resources to aid our customers and sales teams in transitioning to the new agreements. Our sellers will be fully equipped to aid members with the transition and Jeff Hagen will also be accessible to address questions from AEPA members. We have already created a sample contract landing page that is ready to go live on Day 1. Please access it at: cdwg.com/AEPA022

Seller Awareness, Training, and Enablement

The first step in our awareness and transition plan is to train our salesforce on the new agreement. Sales enablement training will cover contract scope, membership and new contract requirements so that they can not only inform their customers, but also help them to navigate the new landscape. Our sellers will then be equipped with relevant collateral to inform members.

Such collateral includes digital emails, as well as digital and printed documents. Collateral will communicate the details of the new agreement, reiterate the benefits of the contract vehicles, and showcase products, services, and solutions available to members. Once trained, our account team will drive awareness through call and email campaigns to aid current members transition seamlessly to the new agreement.

Existing Member Awareness and Transition

Often in times of change, customers become concerned about the impending contract expiration and its implications for their business. As a current AEPA technology provider with a direct line to current members, CDW•G can prevent this estrangement. Our account managers

act as expert resources for members for recommendations on technology as well as which contracts to purchase them on. The size of our salesforce coupled with their customer intimacy will allow us to quickly and efficiently manage the agreement transition while positioning members for growth. Additionally, our reporting capabilities ensure that we have the necessary customer information to successfully implement member-focused awareness campaigns. Our sales force, program management practice, familiarity with the contract, and detailed launch plan act to eliminate any potential transition pains.

Contract Acceleration Process (Growth)

AEPA benefits its members through innovative sourcing which provides members access to a wide range of brands at competitive discounts while also eliminating the time and cost associated with bid creation and solicitations. AEPA assumes the administrative workload which frees up its members to focus on strategic initiatives. At CDW•G, we help to amplify these benefits through our sales, program management, and marketing capabilities.

Building on AEPA's innovation, CDW•G will help to recruit new members through enablement and engagement activities that showcase the benefits of the AEPA and CDW•G partnership. Aiding customers in consolidating their contract portfolio into a few, or even one contract, removes complexity and positions the AEPA Technology Catalog contract as a single source for members' technology needs. CDW•G can aid this effort through its extensive sales presence, reporting capabilities, focused account planning, and strategic, segment-oriented resources.

Target Identification

Accurate customer identification is at the core of an effective recruitment campaign. It allows us to align resources and marketing initiatives around those customers whose needs align with the benefits of the AEPA contract. We have automated many aspects of the reporting process so that data informs the way we do business, especially in contract promotion. We will use our capabilities to identify those existing members and eligible customers who can benefit from the AEPA Technology Catalog contract (e.g., those consistently releasing individual bids, those managing diverse and complicated contract portfolios). Equipped with this information, we can ensure that we optimize our potential to grow the contract.

Account Development

Our business development teams work with customers to define opportunities, better understand the needs and challenges of today and tomorrow and bring resources and expertise from across CDW•G to help customers visualize and create solutions that meet the needs of their mission. Our business development team will work in conjunction with our account teams to pinpoint those accounts with the most potential for growth. For each target customer, we will develop a business plan that addresses their needs while leveraging the AEPA contract. Tactical areas of consideration will include eProcurement and web preferences, supplier diversity requirements, current and future IT projects, piggyback agreements with custom terms, co-branded marketing campaigns, and topical webinars.

Specialized Resources

To aid our business development and account teams, CDW•G maintains coworkers dedicated to specific solution areas. As accounts mature and expand, our business development and accounts teams will integrate these coworkers into their account development plans to foster further growth. These coworkers specialize in the following solution areas:

- eSports
- Classroom Transformation
- Connected Campus
- Cybersecurity
- Public Safety

Conclusion

We are continually working to expand the AEPA footprint among eligible customers, opening up new avenues for adoption. Our marketing efforts are fully committed to generating organic growth for the next contract iteration while maintaining the positive brand image AEPA has established. We appreciate the collaboration and look forward to the opportunity to continue our partnership.

Exhibit C—Warranties, Additional Services

Since CDW•G is not the manufacturer of the products purchased by AEPA members, we do not directly provide warranties for any products. Products sold by CDW•G come with the manufacturer's standard warranty. The level of service provided by these warranties varies by product and manufacturer. For issues regarding a standard warranty, AEPA members should contact your CDW•G account manager or the manufacturer for guidance.

For our complete catalog of services, please visit our [website](#).

Services apply to both CDW•G executed professional services and services which are sub-contracted through a CDW•G authorized third-party provider. Hourly or fixed rates will be negotiated based on the customer, geography, scope of the professional service engagement, and level of engineer required to perform the service. CDW•G will create a Statement of Work (SOW) detailing the exact scoping and pricing of the Services to be provided, which will be executed by CDW•G and the AEPA member prior to the start of Services. A sample SOW is included in the following pages. Expenses (T and E) may be an additional consideration depending on project specifics.

As newer services and additional offerings come online which benefit AEPA members, CDW•G will work with AEPA on including additional labor categories. With the rise of subscription and consumption models, CDW•G can work with AEPA members to evaluate such offerings which provide benefit to meeting the mission of AEPA members.

Understanding and appreciating the pace with which technology is moving, one also comes to appreciate that CDW•G or any of its subcontractors may need to adjust their hourly rates for services to account for evolving market conditions over the contract's term, including, but not limited to: prevailing market rates, changes introduced by emerging technologies requiring a different level of expertise, or alternative cost models. CDW•G's annual escalation rates over the then-current contractual hourly rates have been provided for each solution category.

PROJECT SCOPE

PROJECT OVERVIEW

Provider will provide professional installation and engineering services to install and configure 4 doors of Brivo access control. Doors include: main entrance, Gym lobby, stairwell 2, and stairwell 3. Customer will rough-in Honeywell Genesis Series 18 AWG Unshielded Untwisted Multi-Conductor Cable between MDF and each door. Provider will install a card reader, rex and door sensors at each door. Provider will provide all misc. installation materials.

PROVIDER RESPONSIBILITIES

- Install access control enclosure with power supply in predetermined IDF
- Install a card reader, rex and door sensors at each door.
- Install Brivo cloud based software on customer provided computer
- Configure 4 doors of access control.
- Provide all misc. installation materials.

CUSTOMER RESPONSIBILITIES

- Rough-in Honeywell Genesis Series 18 AWG Unshielded Untwisted Multi-Conductor Cable between MDF and each door.
- Provide access to the work area during normal business hours.
- Provide 1 open ports on network switch and internet connectivity
- Provide on-site access to customer network.

ASSUMPTIONS

- Available patch panel and switch ports to support the installation
- Existing cable paths

OUT OF SCOPE

- Temporary and/or permanent power, including power strips
- Grounding and/or Bonding
- Hidden conditions
- Hazardous material abatement
- Existing code violation corrections

Services not specified in this SOW are considered out of scope and will be addressed with a separate SOW or Change Order.

ITEM(S) PROVIDED TO CUSTOMER

Table 1 – Item(s) Provided to Customer

Item	Description	Format
Report	Test Results	Excel

PROJECT SCHEDULING

Customer and Seller, who will jointly manage this project, will together develop timelines for an anticipated schedule (“**Anticipated Schedule**”) based on Seller’s project management methodology. Any dates, deadlines, timelines or schedules contained in the Anticipated Schedule, in this SOW or otherwise, are estimates only, and the Parties will not rely on them for purposes other than initial planning.

TOTAL FEES

The total fees due and payable under this SOW (“**Total Fees**”) include both fees for Seller’s performance of work (“**Services Fees**”) and any other related costs and fees specified in the Expenses section (“**Expenses**”). Unless otherwise specified, taxes will be invoiced but are not included in any numbers or calculations provided herein.

Seller will invoice for the Total Fees.

SERVICES FEES

Services Fees will be calculated on a TIME AND MATERIALS basis.

The invoiced amount of Services Fees will equal the rate applicable for a unit of a service or resource (“**Unit Rate**”) multiplied by the number of units being provided (“**Billable Units**”) for each unit type provided by Seller (see Table 2).

The Total Estimated Services Fees of \$5,064.00 is merely an *estimate* and does not represent a *fixed fee*. Neither the Total Estimated Billable Units of 24 nor the Total Estimated Services Fees are intended to limit the bounds of what may be requested or required for performance of the Services.

Table 2 – Services Fees

Unit Type	Unit Rate	Billable Units	Subtotal
Engineer – Per Hour	\$211.00	24	\$5,064.00
Choose a unit. – Choose a rate type.	\$Rate	Units	\$ 0.00
Choose a unit. – Choose a rate type.	\$Rate	Units	\$ 0.00
Choose a unit. – Choose a rate type.	\$Rate	Units	\$ 0.00
Choose a unit. – Choose a rate type.	\$Rate	Units	\$ 0.00
Estimated Totals		24	\$5,064.00

The rates presented in Table 2 apply to *scheduled* Services that are performed during Standard Business Hours (meaning 8:00 a.m. to 5:00 p.m. local time, Monday through Friday, excluding holidays). When Seller invoices for scheduled Services that are not performed during Standard Business Hours, Services Fees will be calculated at 150% of the Unit Rates. For any unscheduled (i.e., emergency) Services performed at any time of the day, Services Fees will be calculated at 200% of the Unit Rates.

Any non-Hourly Units will be measured in one (1) unit increments when Services are performed remotely or at any Customer-Designated Location(s) (as defined below).

Any Hourly Units will be measured in one (1) hour increments with a minimum of one (1) hour billed each day. Services are performed remotely and four (4) hours billed each day. Services are performed at any Customer-Designated Location(s). When Hourly Seller personnel must travel more than two (2) hours a day to work at any Customer-Designated Location(s), there will be a minimum of eight (8) hours billed for each day (less travel time that is invoiced pursuant to the "Expenses" section below).

Upon notice, Seller may adjust the rates above, provided that the rates will remain fixed for at least six (6) months after the SOW Effective Date and then again for at least six (6) months after any subsequent adjustment.

The rates above only apply to Services specified in this SOW as it may be amended by one or more Change Order(s).

EXPENSES

All services under this SOW will be performed remotely; therefore, neither travel time nor direct expenses will be billed for this project.

The parties agree that there will be no travel required for this project.

If an additional exhibit is necessary, insert it here, either by customizing the sample building block provided through this dropdown or selecting this orange swath and pasting in the content. If no additional exhibit is necessary, delete this section.
