BRING FUN, ENGAGING LEARNING TO YOUR CLASSROOM.

SQUISHY CIRCUITS STANDARD KIT

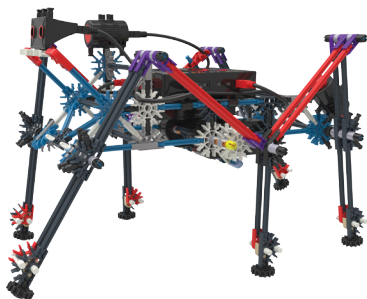

Squishy Circuits uses conductive and insulating play dough to teach the basics of electrical circuits in a fun, hands-on way. There's no need for breadboards or soldering – just add batteries and pre-made doughs (or make your own dough). For ages 8+.

STK. 866001 MFR. SQUISHSTANDARD \$30.00

HIP ROOF HOUSE FRAMING KIT

3/4" scale model house framing kit provides all necessary materials for students to learn the fundamentals of house framing. For grades 6-12.

STK. 478520 MFR. 100IC \$98.90

K'NEX EDUCATION ROBOTICS BUILDING SYSTEM

This engaging robotics set for middle and high school classrooms aims to teach students how to apply programming skills to operate various K'NEX models. Builds 9 models, 1 at a time. Supports 2-3 students, working as a team. Grades 5-9.

STK. 498736 MFR. 79100 \$366.00

Pricing guaranteed through
November 1, 2018.
