

COVID Antigen Tests, Here. Now.

School Specialty has access right now to COVID Test Kits. If your district wants to purchase now while they are available, please contact your School Specialty Representative immediately.

AccessBio CareStart™ COVID-19 Antigen Test

The CareStart Antigen Test is FDA EUA authorized for at-home testing. Made in USA, this nasal swab test delivers results in just 10 minutes that are easy to interpret using the companion mobile app, and highly accurate too: 98% NPA for negative test results, and a stellar 87% PPA for positive readings.
